

SBUS15

UDISTAR-150 TAB (PACK OF 3) Instruction Manual

Model: SBUS15 | Brand: Generic

1. INTRODUCTION

This manual provides essential information for the proper use and understanding of UDISTAR-150 TAB. UDISTAR-150 TAB is formulated to support and optimize liver function. It contains natural ingredients designed to aid in liver detoxification and overall liver health.

Please read this manual carefully before using the product to ensure safe and effective application.

2. PRODUCT OVERVIEW

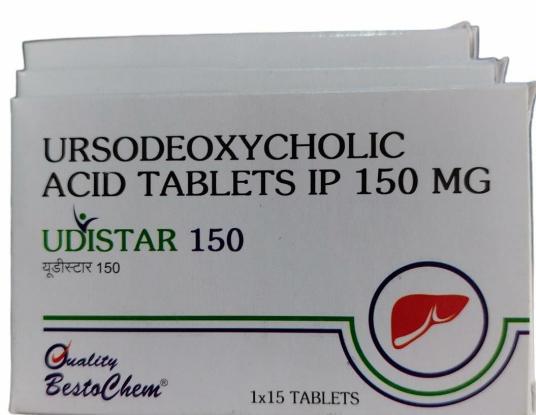

Figure 2.1: Front view of the UDISTAR-150 TAB packaging.

The box clearly displays "URSODEOXYCHOLIC ACID TABLETS IP 150 MG" and "UDISTAR 150", along with the "Quality BestoChem" logo and an illustration of a liver.

Figure 2.2: UDISTAR-150 TAB packaging with one blister

pack partially removed, revealing the individual brown tablets. The blister pack contains 15 tablets.

3. USAGE INSTRUCTIONS

3.1. Preparation

- Ensure the product packaging is sealed and undamaged upon receipt.
- Check the expiry date printed on the packaging. Do not use if expired.
- Store the tablets in a cool, dry place, away from direct sunlight and moisture.

3.2. Dosage and Administration

The dosage of UDISTAR-150 TAB should be determined by a healthcare professional based on individual needs and medical condition. Always follow the specific instructions provided by your doctor or pharmacist.

- Typically, tablets are taken orally with water.
- Do not crush or chew the tablets unless specifically instructed by a healthcare provider.
- Maintain a consistent schedule for taking the medication as advised.

4. IMPORTANT CONSIDERATIONS

4.1. Precautions

- Inform your doctor about all your current medications, supplements, and any pre-existing medical conditions before starting UDISTAR-150 TAB.
- Pregnant or breastfeeding individuals should consult a healthcare professional before use.
- Keep out of reach of children.

4.2. Potential Side Effects

While generally well-tolerated, some individuals may experience mild side effects. If you experience any severe or persistent side effects, discontinue use and consult your healthcare provider immediately.

Note: This product is intended to supplement a healthy lifestyle and should not replace prescribed medical treatments.

5. STORAGE AND HANDLING

- Store UDISTAR-150 TAB in its original packaging to protect it from light and moisture.
- Maintain storage temperature as indicated on the product label, typically below 30°C (86°F).
- Do not use if the blister pack is broken or if tablets appear damaged.
- Dispose of expired or unused medication responsibly according to local regulations. Do not flush down the toilet or pour into a drain.

6. TROUBLESHOOTING AND FAQs

6.1. Common Questions

Q: What should I do if I miss a dose?

A: If you miss a dose, take it as soon as you remember, unless it is almost time for your next scheduled dose. In that case, skip the missed dose and continue with your regular dosing schedule. Do not double the dose to catch up.

Q: Can I take UDISTAR-150 TAB with other medications?

A: It is crucial to consult your healthcare provider before combining UDISTAR-150 TAB with any other medications, including over-the-counter drugs and herbal supplements, to avoid potential interactions.

Q: How long does it take to see results?

A: The time frame for observing results can vary depending on individual health conditions and adherence to the prescribed regimen. Consistent use as directed by a healthcare professional is recommended.
