SAFETY INFORMATION

Please read and understand all safety instructions before assembly and use. Keep this manual for future reference.

- **Sharp Edges:** Be cautious of sharp edges during assembly and handling. Wear protective gloves if necessary.
- Ensure all screws and fasteners are securely tightened before use.
- Do not overload drawers or shelves to prevent tipping or damage.
- Keep electrical components (power outlet, lights) away from water or excessive moisture.
- For added stability, consider using the included anti-tipping device to secure the vanity to a wall.

PARTS LIST

Verify all parts are present before beginning assembly. If any parts are missing or damaged, please contact customer support.

Refer to the assembly video for visual identification of parts and hardware.

Perform any final adjustments to ensure all components are aligned and secure. Test all lights and power outlets.

OPERATING INSTRUCTIONS

Adjusting Lights

The vanity mirror lights offer three color modes (Cool White, Warm White, Warm Yellow) and adjustable brightness. Use the inline controller on the power cord to cycle through modes and adjust intensity. Press the power button to turn the lights on/off. Hold the power button to dim or brighten the lights.

Using Power Outlets

The built-in power strip provides two 125V/12A AC outlets and two 5V/2A USB ports. Simply plug in your devices (e.g., phone, hair dryer, curling iron) into the appropriate port for power or charging.

MAINTENANCE

Cleaning

To clean the vanity desk, simply wipe surfaces with a dry cloth. For tougher spots, a slightly damp cloth can be used, followed by immediate drying. Avoid abrasive cleaners or harsh chemicals that may damage the finish.

Regularly check and tighten any loose screws or fasteners to maintain stability.

TROUBLESHOOTING

- **Lights not working:**
 - Ensure the power cord is securely plugged into a working wall outlet.
 - Check the connection between the lights and the power strip.
 - Verify the inline controller is not damaged and is set to an "on" position.
- **Drawers not sliding smoothly:**
 - Check if the drawer slides are properly aligned and free of obstructions.
 - Ensure all screws on the drawer slides are tightened.
- **Vanity feels wobbly:**
 - Re-tighten all assembly screws throughout the vanity structure.
 - Ensure the vanity is placed on a flat, level surface.
