AILKIN CWD-V06

AILKIN 15W Fast Wireless Charger Stand User Manual

Model: CWD-V06

INTRODUCTION

Thank you for purchasing the AILKIN 15W Fast Wireless Charger Stand. This Qi-certified wireless charging station is designed to provide efficient and convenient charging for a wide range of compatible smartphones, including Pixel, Samsung Galaxy, and iPhone models. Its dual-coil design allows for flexible charging orientations, and built-in safety features ensure reliable operation. Please read this manual thoroughly before use to ensure proper setup and optimal performance.

SAFETY INFORMATION

- Do not disassemble or modify the device.
- Keep the charger away from water, moisture, and extreme temperatures.
- Avoid dropping or subjecting the charger to strong impacts.
- Use only a compatible power adapter (QC2.0/3.0 adapter recommended, not included) to ensure optimal charging performance and safety.
- Do not place metal objects, magnetic accessories, credit cards, or cases containing metal on the charging pad, as this may interfere with charging or damage the device.
- Ensure proper ventilation around the charger during use.
- If the device overheats, disconnect it from the power source immediately.

PACKAGE CONTENTS

Please check the package for the following items:

- 1 x AILKIN Wireless Charger Stand
- 1 x 3ft USB Type-C Cable
- 1 x User Manual

Note: A USB wall charger (QC2.0/3.0 adapter) is required and not included in the package.

PRODUCT OVERVIEW

Figure 1: AILKIN 15W Fast Wireless Charger Stand. The image shows the black charger stand with two charging coils indicated by lightning bolt icons, and a smartphone being placed on it for charging, displaying an 89% charge level.

The AILKIN Wireless Charger Stand features a sleek, upright design with two built-in charging coils, allowing for a wider charging area and flexible phone placement. It includes an LED indicator light to show charging status and is equipped with NTC temperature guard for safe operation.

SETUP INSTRUCTIONS

1. Connect the provided USB Type-C cable to the charging port on the back of the AILKIN Wireless Charger Stand.
2. Plug the other end of the USB Type-C cable into a compatible USB wall charger (QC2.0/3.0 adapter recommended).
3. Plug the USB wall charger into a power outlet. The charger stand is now ready for use.

OPERATING INSTRUCTIONS

Placing Your Device for Charging

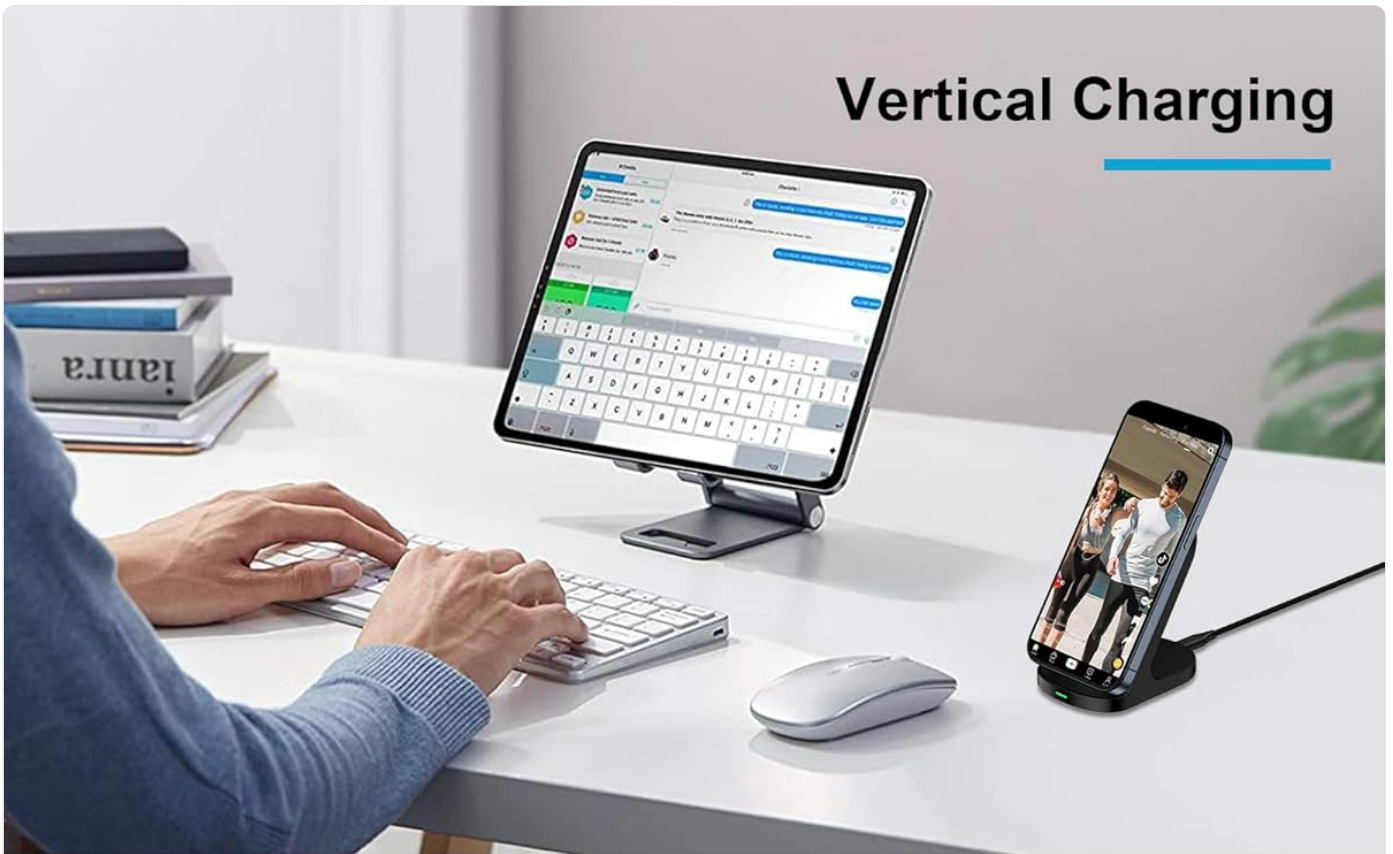

Put Phone Down and Charge

Figure 2: Placing a smartphone on the charger. The image shows a person's hand gently placing a smartphone onto the wireless charging stand, which is positioned on a desk next to a laptop.

To begin charging, simply place your Qi-enabled smartphone onto the charging stand. The dual-coil design allows for both vertical and horizontal charging orientations, enabling you to watch videos, listen to music, or make calls without interruption during the charging process.

Vertical Charging

Horizontal Charging

Figure 3: Vertical and Horizontal Charging. The top image shows a tablet and a smartphone charging vertically on the stand on a desk. The bottom image shows a smartphone charging horizontally on the stand, ideal for media consumption.

Charging Indicator Light

When your phone is correctly placed on the charger and recognized, the green LED light on the front of the stand will illuminate. This light will turn off automatically after approximately 16 seconds, entering a sleep-friendly charging mode to avoid disturbing your rest.

Figure 4: Case-Friendly Design. This image shows a smartphone charging with a thin case, indicating compatibility for cases up to 5mm thick. It also illustrates incompatible case types such as metal cases, cases with metal rings, magnetic pads, credit card cases, and OtterBox cases.

The charger is designed to transmit power directly through most protective cases. It works with rubber, plastic, and TPU cases up to 5mm in thickness. However, cases made of metal, cases with metal rings, magnets, or credit cards will interfere with charging and should be removed before placing your phone on the stand.

Fast Charging Capabilities

Save up to 45Minutes

Stable and fast wireless charging

Figure 5: Fast Charging Efficiency. This infographic highlights the 15W fast charging capability of the AILKIN charger, showing it can fully charge a phone in 3.7 hours compared to 4.5 hours for other chargers, saving up to 45 minutes.

The AILKIN charger supports various fast charging modes depending on your device:

- **15W Fast Charge Mode:** For Pixel 9/9Pro/9Pro XL/8/8Pro/7a/7/7 Pro/6/6 Pro/5.
- **10W Fast Charge Mode:** Compatible with Samsung Galaxy S24 Ultra/S24/S23 Ultra/S23/S23 FE/S22 Ultra/S22+ 5G/ S21 Ultra 5G/S21 Plus 5G/S20 Ultra/S20 Plus/S20 FE; Samsung Galaxy Note 20 Ultra 5G/Note 10/ Note 9/Note 8/Note FE/Note 7, Z Fold5/4, Z Flip5/4.

- **7.5W Fast Charge Mode:** For iPhone 15/ Pro/14/14 Pro Max/13/12/12 mini/12 Pro Max/11/11 Pro/11 Pro Max/XS Max/XS/XR/X/8.
- **5W Fast Charge Mode:** For Pixel 3 / 3XL/ 4 / 4X; and other wireless-charging-enabled smartphones.

COMPATIBILITY

Universal Compatibility

Google 15W

Other Qi- enabled
phones

Figure 6: Universal Compatibility. This image displays various smartphone models from Google Pixel, Samsung Galaxy, and Apple iPhone,

indicating their compatibility with the AILKIN wireless charger and the respective charging speeds (15W, 10W, 7.5W).

The AILKIN Wireless Charger Stand is broadly compatible with Qi-enabled devices. Refer to the detailed list below for specific models and their supported charging speeds:

Charging Mode	Compatible Devices
15W Fast Charge	Pixel 9/9Pro/9Pro XL/8/8Pro/7a/7/7 Pro/6/6 Pro/5
10W Fast Charge	Samsung Galaxy S24 Ultra/S24/S23 Ultra/S23/S23 FE/S22 Ultra/S22+ 5G/ S21 Ultra 5G/S21 Plus 5G/S20 Ultra/S20 Plus/S20 FE; Samsung Galaxy Note 20 Ultra 5G/Note 10/ Note 9/Note 8/Note FE/Note 7, Z Fold5/4, Z Flip5/4
7.5W Fast Charge	iPhone 15/ Pro/14/14 Pro Max/13/12/12 mini/12 Pro Max/11/11 Pro/11 Pro Max/XS Max/XS/XR/X/8
5W Fast Charge	Pixel 3 / 3XL/ 4 / 4X; Other wireless-charging-enabled smartphones

Please Note: Not supported for Pixel A-Series (e.g., 6a, 5a, 4a) or Samsung Galaxy A-Series (e.g., A03s, A13, A53).

MAINTENANCE

- To clean the charger, disconnect it from the power source and wipe it with a soft, dry cloth.
- Do not use abrasive cleaners or solvents.
- Store the charger in a cool, dry place when not in use.

TROUBLESHOOTING

Problem	Possible Cause	Solution
Device not charging.	Phone not Qi-enabled. Phone not properly aligned on the charging pad. Phone case is too thick or contains metal/magnets. Incompatible or insufficient power adapter. Foreign object detected on the charging pad.	Verify your phone supports Qi wireless charging. Adjust phone position to ensure it's centered on the charging coils. Remove phone case or use a compatible case (under 5mm, no metal/magnets). Use a QC2.0/3.0 power adapter. Remove any foreign objects from the charging pad.
Slow charging.	Using a standard 5V/1A adapter instead of a fast charging adapter. Phone not supporting fast wireless charging. Background apps consuming power.	Ensure you are using a QC2.0/3.0 adapter. Confirm your phone model supports the desired fast wireless charging speed. Close unnecessary background applications.

Problem	Possible Cause	Solution
LED indicator flashes or does not light up.	Foreign object detected. Improper phone placement. Power connection issue.	Remove any foreign objects. Re-position the phone. Check cable connections and power adapter.

Exceptional NTC Temp°Guard

Protect your phone battery against overheating and damage

Figure 7: Exceptional NTC Temp°Guard. This diagram illustrates the internal temperature protection mechanism of the charger, designed to

prevent overheating and damage to the phone battery.

The charger is equipped with an exceptional NTC temperature guard to protect your phone battery against overheating and damage, ensuring a safer charging experience.

SPECIFICATIONS

Feature	Detail
Model	CWD-V06
Color	Black
Input	DC 5V=2A, 9V=2A, 12V=1.5A
Output	5W/7.5W/10W/15W
Connector Type	USB to USB C
Item Weight	0.176 ounces (5 Grams)
Package Dimensions	4.21 x 3.9 x 2.99 inches

WARRANTY AND SUPPORT

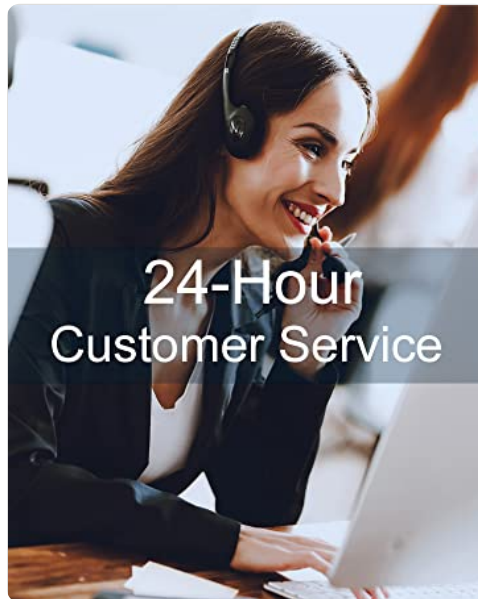

Figure 8: 24-Hour Customer Service. This image depicts a smiling customer service representative wearing a headset, symbolizing readily available support.

AILKIN provides a worry-free 1-year warranty for this product. If you encounter any issues or have questions regarding your AILKIN Wireless Charger Stand, please do not hesitate to contact our customer service team. We offer 7x24 hours friendly customer service to assist you.
