PayLessHere PayLessHere Big and Tall Office Chair 400lbs Adjustable

PayLessHere Big and Tall Office Chair User Manual

Model: PayLessHere Big and Tall Office Chair 400lbs Adjustable (B0CKXH3952)

IMPORTANT SAFETY INFORMATION

Please read all instructions carefully before assembly and use. Keep this manual for future reference.

- **WARNING:** Do not exceed the maximum weight limit of 400 pounds.
- Always follow the assembly instructions carefully to prevent injury.
- Be cautious when adjusting the flip-up armrests and butterfly mechanism to avoid pinching or injury.
- Ensure all bolts and screws are securely tightened before using the chair. Periodically check and re-tighten fasteners as needed.

PRODUCT OVERVIEW

The PayLessHere Big and Tall Office Chair is designed for comfort and durability, featuring an ergonomic design, premium PU leather, and a sturdy construction. This chair is suitable for various office environments.

SETUP AND ASSEMBLY

Assembly of this office chair is designed to be straightforward. All necessary tools and user-friendly instructions are included in the package.

Assembly Steps:

1. Unpack all components and verify against the parts list provided in the instruction manual.
2. Attach the casters to the chair base.
3. Insert the gas lift cylinder into the center hole of the base.
4. Attach the seat plate mechanism to the underside of the seat cushion using the provided screws.
5. Connect the backrest to the seat cushion using the designated screws.
6. Attach the armrests to both the seat and backrest. Ensure they are securely fastened.
7. Place the assembled seat and backrest onto the gas lift cylinder.
8. Test all functions and ensure all connections are stable before use.

Note: The chair comes with its own tools, eliminating the need for additional equipment like a drill gun or screwdriver.

OPERATING INSTRUCTIONS

This chair offers several adjustable features to enhance your comfort and adapt to your working style.

Height Adjustment:

- To raise the chair, lift the lever located under the seat while taking your weight off the chair.
- To lower the chair, lift the lever while seated.

Flip-Up Armrests:

The padded armrests can be flipped up to allow the chair to be pushed further under a desk, saving space, or for a more relaxed posture.

Image: A diagram showing the armrests of the chair being lifted upwards, indicating their flip-up functionality for space-saving.

Rocking Function and Tilt Tension Adjustment:

The chair features a rocking mode (90°-120°) for relaxation. The tilt tension can be adjusted to control the ease of rocking.

- To engage/disengage the rocking function, pull the lever outwards/inwards.
- To adjust tilt tension, rotate the knob located under the seat. Turn clockwise to increase tension (harder to

rock) and counter-clockwise to decrease tension (easier to rock).

ERGONOMIC DESIGN

Fit your body and better comfort sitting experiece

Image: A diagram illustrating the chair's rocking motion between 90 and 120 degrees, along with close-ups of the lever for rocking function and the knob for tilt tension adjustment.

Ergonomic Support:

The chair's design includes a contoured headrest and backrest to provide optimal lumbar support and comfort, adapting to your movements.

MAINTENANCE

Proper care will ensure the longevity and appearance of your office chair.

- **Cleaning:** The premium PU leather material is waterproof and stain-resistant. Wipe clean with a damp cloth. Avoid harsh chemicals or abrasive cleaners that may damage the finish.
- **Inspection:** Periodically check all screws and bolts to ensure they are tight. Re-tighten if necessary to maintain stability and safety.
- **Casters:** Keep casters free of debris (hair, dust) to ensure smooth rolling.

TROUBLESHOOTING

If you encounter any issues with your chair, refer to the following common problems and solutions:

Problem	Possible Cause	Solution
Chair feels unstable or wobbly	Loose screws or bolts.	Check and tighten all assembly screws and bolts, especially those connecting the seat, backrest, and armrests.
Difficulty assembling certain parts (e.g., armrests)	Misaligned screw holes or stripped threads.	Ensure components are correctly aligned before inserting screws. Do not overtighten. If threads are stripped, contact customer support for replacement parts.
Chair does not recline or rock properly	Rocking function disengaged or tilt tension too high.	Ensure the rocking function lever is pulled outwards. Adjust the tilt tension knob counter-clockwise to reduce tension. If the issue persists, the mechanism may be faulty; contact support.
Casters do not roll smoothly	Debris caught in casters.	Turn the chair over and remove any hair, dust, or other debris from the caster wheels.
