PURPLE LEAF 8.2' X 11.5' Left-right Tilt

PURPLE LEAF 8.2' X 11.5' Left-right Tilting Patio Umbrella Instruction Manual

Model: 8.2' X 11.5' Left-right Tilt

Brand: PURPLE LEAF

INTRODUCTION

Thank you for choosing the PURPLE LEAF 8.2' X 11.5' Left-right Tilting Patio Umbrella. This manual provides essential information for the safe and efficient assembly, operation, and maintenance of your new outdoor umbrella. Please read all instructions carefully before use to ensure proper functionality and to prolong the life of your product.

SAFETY GUIDELINES

- Always ensure the umbrella base is adequately weighted or bolted down to prevent tipping, especially in windy conditions. The cross base is included, but a weighted base (e.g., model ZY04BSSBL-150) is recommended and sold separately.
- Close the umbrella during strong winds, heavy rain, or when not in use to prevent damage and ensure safety.
- Do not attempt to operate the umbrella if any parts are damaged or missing. Contact customer support for assistance.
- Keep children and pets away from the umbrella during operation to avoid injury.
- Avoid placing the umbrella near open flames or heat sources.

Geometric Wind-resistant Structure

PACKAGE CONTENTS

Before assembly, ensure all parts are present and undamaged. Refer to the diagram below for identification.

- Umbrella Canopy (Beige, 240/gsm yarn dyed polyester fabric)
- Aluminum Pole sections
- 8 Heavy-duty ribs
- Crank System Handle
- Foot Pedal for rotation
- Cross Base (weighted base sold separately)
- Assembly Hardware and Tools

8 Heavy Duty Ribs

Balance umbrella surface to reduce shaking

SETUP & ASSEMBLY

Follow these steps to assemble your patio umbrella. It is recommended to have two people for easier assembly.

1. **Assemble the Cross Base:** Connect the cross base sections as per the included hardware.
2. **Secure the Umbrella Pole:** Attach the main umbrella pole to the assembled cross base using the provided bolts and tools. Ensure all connections are tight and secure.
3. **Attach the Canopy:** Carefully attach the umbrella canopy to the pole and rib structure.
4. **Fill the Weighted Base (if applicable):** If using a separate weighted base (recommended for stability), fill it with water or sand according to its instructions. Place the assembled umbrella onto the weighted base.

OPERATING INSTRUCTIONS

Opening and Closing the Umbrella

The umbrella features a smooth one-handed crank operation for easy opening and closing.

- To **open**, turn the crank handle clockwise until the canopy is fully extended.
- To **close**, turn the crank handle counter-clockwise until the canopy is fully retracted.

Cast Aluminum Handle

Smooth one-handed crank operation,
easy to open and close

Tilting the Canopy (Left-right Tilt)

The easy-tilt system allows you to adjust the canopy angle up to 50° to the left or right, providing optimal shade as the sun moves.

- Locate the swivel handle on the main pole.
- Push or pull the handle to tilt the canopy to your desired left or right angle.
- Release the handle to lock the canopy in place.

360-degree Rotation

The foot pedal allows for complete 360-degree rotation of the umbrella, enabling you to easily reposition the shade without moving the entire base.

- Step on the foot pedal located at the base of the pole.

- Rotate the umbrella canopy to your desired position.
- Release the foot pedal to lock the umbrella in place.

360° Rotation System

Step on the pedal to lock your ideal shade angle

MAINTENANCE

- **Cleaning:** Clean the polyester canopy fabric with mild soap and water. Rinse thoroughly and allow to air dry completely before closing or storing.
- **Storage:** When not in use for extended periods, especially during off-seasons or severe weather, close the umbrella and cover it with a protective cover (sold separately). Store in a dry, sheltered area.
- **Frame Care:** The aluminum frame is powder-coated for anti-oxidation. Periodically check all bolts and connections to ensure they remain tight.

TROUBLESHOOTING

- **Umbrella swaying excessively in wind:** Ensure the base is properly weighted with sand or water. Always close the umbrella in strong winds.
- **Difficulty opening/closing the canopy:** Check for any obstructions in the crank mechanism or canopy ribs. Ensure the fabric is not caught.
- **Difficulty tilting or rotating:** Ensure the locking mechanisms (swivel handle, foot pedal) are fully disengaged before attempting to adjust.
