IDSIGN 2138

IDSIGN Orchid Flowers Bonsai Building Set

Model: 2138

Introduction

This instruction manual provides detailed guidance for assembling and maintaining your IDSIGN Orchid Flowers Bonsai Building Set, Model 2138. This set allows you to construct a beautiful, artificial orchid plant display using interlocking building blocks. Please read all instructions carefully before beginning assembly.

Safety Information

- **Small Parts Warning:** This set contains small parts and is not suitable for children under 3 years due to choking hazards.
- **Adult Supervision:** Adult supervision is recommended during assembly, especially for younger builders.
- **Material:** The building blocks are made from ABS plastic. Avoid placing parts in the mouth.
- **Disposal:** Dispose of packaging materials responsibly.

Package Contents

Before starting, ensure all components are present. The package should contain:

- 616 pieces of building blocks for the orchid plant and pot.
- One instruction manual (this document).

Setup and Assembly

Follow these steps to assemble your Orchid Flowers Bonsai Building Set. Take your time and refer to the detailed diagrams in the included paper instruction booklet for specific piece placement.

1. **Unpack and Sort:** Carefully open the packaging and empty all building blocks onto a clean, flat surface. It is recommended to sort the pieces by color, size, or type to facilitate easier assembly.
2. **Review Instructions:** Familiarize yourself with the provided paper instruction booklet. Pay attention to the sequence of steps and the identification of different block types.
3. **Assemble the Pot Base:** Begin by constructing the base of the plant pot according to the instructions. This typically involves interlocking larger base pieces.
4. **Build the Pot Walls:** Continue by adding layers to form the walls of the pot, ensuring each piece is securely connected.

5. **Construct the Stems:** Assemble the green stem pieces. These will form the main structure for the orchid flowers.
6. **Attach Leaves:** Connect the green leaf pieces to the base of the stems or directly into the pot structure as indicated.
7. **Assemble Flowers:** Build the individual orchid flowers, including petals, centers, and any small decorative elements.
8. **Integrate Flowers onto Stems:** Carefully attach the assembled flowers to the stems, following the suggested arrangement in the instructions or customizing to your preference.
9. **Add Details:** Incorporate any remaining small decorative pieces, such as buds or roots, to complete the botanical display.
10. **Final Check:** Once all pieces are assembled, gently check all connections to ensure the model is stable and secure.

Operating and Display

Once assembled, your IDSIGN Orchid Flowers Bonsai is ready for display. The design allows for some customization:

- **Adjusting Arrangement:** You can gently rotate the stems, flowers, roots, and leaves to create different arrangements and personalize the look of your orchid.
- **Placement:** Place the finished model on a stable, flat surface in your home or office. Avoid areas with direct sunlight for prolonged periods to prevent potential material degradation over many years.

Maintenance

Maintaining your artificial orchid is simple:

- **Cleaning:** To remove dust, gently wipe the model with a soft, dry cloth. For more stubborn dirt, a slightly damp cloth can be used, followed by immediate drying. Do not use harsh chemicals or abrasive cleaners.
- **Storage:** If disassembling for storage, keep all pieces in a sealed container to prevent loss and protect them from

dust.

Troubleshooting

Missing Pieces:

If you find any pieces missing, first double-check all packaging materials and the assembly area. If pieces are still missing, please contact customer support as detailed in the "Support" section.

Difficulty Connecting Pieces:

Ensure pieces are correctly oriented according to the instructions. Apply gentle, even pressure. Avoid forcing pieces, as this can cause damage.

Model Instability:

Review the assembly steps to ensure all connections are secure and all pieces are correctly placed. Pay particular attention to the base and main stem connections.

Specifications

Attribute	Detail
Brand	IDSIGN
Model Number	2138
Model Name	Orchid Flower Bonsai Building Block Set
Number of Pieces	616
Material Type	Plastic (ABS)
Product Dimensions (L x W x H)	12.7 x 18.5 x 32 cm (approximately 5.0 x 7.3 x 12.6 inches)
