TRESemmé Keratin Smooth Blowout Hair Care System Instruction Manual

Model: B0CKY14LHC

1. PRODUCT OVERVIEW

The TRESemmé Keratin Smooth Blowout Hair Care System is designed to provide professional-quality results, offering heat protection, frizz control, and enhanced smoothness and shine. This 3-piece set includes:

- **Keratin Smooth Blowout Spray:** Formulated to protect hair from heat damage up to 450°F, control frizz, and detangle.
- **Protecting Heat Spray:** Provides heat protection up to 450°F, tames frizz, and reduces breakage.
- **Keratin Smooth Silk Serum:** A lightweight serum infused with hydrolyzed keratin to add lasting sleekness and shine.

Figure 1: The TRESemmé Keratin Smooth Blowout Hair Care System, featuring the Keratin Smooth Blowout Spray, Protecting Heat Spray, and Silk Serum.

2. PREPARATION FOR USE

Ensure hair is clean and damp before applying the sprays. For optimal results, use after washing and conditioning your hair. The Silk Serum can be applied to damp or dry hair.

3. OPERATING INSTRUCTIONS

3.1. Using the Heat Protection Sprays (Keratin Smooth Blowout Spray & Protecting Heat Spray)

1. **Prepare Hair:** After washing, gently towel-dry your hair to remove excess water, leaving it damp.
2. **Apply Spray:** Spray liberally 6-8 inches away from mid-shaft to ends. Ensure even coverage.
3. **Detangle:** Gently comb through your hair to distribute the product evenly and detangle any knots.
4. **Blow Dry:** For extra smoothness, blow dry with a hair dryer pointing downwards. Style as usual.

PROTECTS

UP TO 450° F

3.2. Using the Keratin Smooth Silk Serum

1. **Dispense:** Pump a small amount of serum into your palm.
2. **Apply:** Distribute evenly through damp or dry hair, focusing on mid-lengths and ends. Avoid applying directly to the roots if you have oily hair.
3. **Style:** Style your hair as desired. The serum adds lasting sleekness and shine.

4. MAINTENANCE AND STORAGE

Store all products in a cool, dry place away from direct sunlight. Ensure caps and spray nozzles are securely closed after each use to prevent leakage and maintain product efficacy.

5. TROUBLESHOOTING

Issue	Possible Cause	Solution
Hair feels heavy or greasy	Too much product applied, especially near roots.	Reduce the amount of product used. Apply sprays from mid-shaft to ends. Avoid applying serum directly to roots.
Frizz persists after styling	Insufficient product coverage or improper application technique.	Ensure even distribution of heat protection sprays. Use a downward motion when blow-drying. Consider applying a small amount of serum to dry hair for extra frizz control.
Hair still feels dry or damaged	High heat settings on styling tools or infrequent use of heat protectant.	Always use heat protectant before applying heat. Ensure styling tools are not set to excessively high temperatures. Consider reducing frequency of heat styling.

6. PRODUCT SPECIFICATIONS

Feature	Detail
Brand	TRESemmé
Model Number (ASIN)	B0CKY14LHC
Product Dimensions	4.4 x 3 x 8.8 inches; 1.52 Pounds

Feature	Detail
