Conair B0CKY64617

Conair Pro Metal Multi Trimmer Instruction Manual

Model: B0CKY64617

INTRODUCTION

The Conair Pro Metal Multi Trimmer is a professional-grade, all-in-one grooming tool designed for superior hair trimming, body grooming, and beard maintenance. Featuring a robust metal handle and exceptional lithium-ion technology, it provides up to 5 hours of consistent cordless use. This manual provides essential information for the safe and effective operation and maintenance of your trimmer.

Key Features:

- Robust professional grade metal handle
- Digital display: indicates charging progress / battery time
- Foil shaver to finish edges and hairline with a close shave
- Nose/ear trimmer with a beveled blade
- Waterproof for flexible wet and dry use

PACKAGE CONTENTS

Your Conair Pro Metal Multi Trimmer package includes the following items:

- Conair Pro Metal Multi Trimmer unit
- Interchangeable Trimmer Head
- Interchangeable Foil Shaver Head
- Interchangeable Nose/Ear Trimmer Head
- Multiple comb attachments for various hair lengths
- Charging stand and power adapter

SETUP

Initial Charging:

1. Before first use, fully charge the trimmer for optimal performance.
2. Place the trimmer on its charging stand and connect the power adapter to an electrical outlet.
3. The digital display will indicate charging progress and battery time.

Attaching/Detaching Heads:

1. Ensure the trimmer is turned off before changing heads.
2. To remove a head, gently pull it upwards from the trimmer body.
3. To attach a head, align it with the trimmer body and push down until it clicks securely into place.

OPERATING INSTRUCTIONS

General Trimming:

1. Select the desired comb attachment for your preferred hair length.
2. Turn on the trimmer.
3. Hold the trimmer with the blades flat against the skin and move it against the direction of hair growth.
4. For best results, use slow, controlled strokes.

Foil Shaver Attachment:

Use the foil shaver head for a close shave on edges and hairlines.

MAINTENANCE

Cleaning:

The Conair Pro Metal Multi Trimmer is waterproof, allowing for easy cleaning under running water.

1. After each use, turn off the trimmer and remove the attachment head.
2. Rinse the blades and attachment head under warm running water to remove hair clippings.
3. Allow all parts to air dry completely before reattaching or storing.
4. Periodically apply a small drop of lubricating oil (if provided) to the blades to maintain optimal performance.

TROUBLESHOOTING

Trimmer not turning on:

- Ensure the trimmer is fully charged. The digital display will show battery level.
- Check that the power button is pressed firmly.

Poor trimming performance:

- Clean the blades and attachment head thoroughly to remove any trapped hair.
- Ensure the correct attachment head and comb are securely in place.
- Lubricate the blades if they appear dull or are pulling hair.
