

HAUOMS 155

HAUOMS LED Full Bed Frame with Charging Station and Storage Headboard User Manual

Model: 155

INTRODUCTION

Thank you for purchasing the HAUOMS LED Full Bed Frame. This manual provides essential information for safe assembly, operation, and maintenance of your new bed frame. Please read all instructions carefully before beginning assembly and retain this manual for future reference.

SAFETY INFORMATION

- Always assemble on a flat, stable surface.
- Ensure all screws and fasteners are securely tightened before use.
- Do not overtighten screws to avoid damaging components.
- Keep small parts away from children during assembly.
- It is recommended that two people assemble this bed frame.
- Do not exceed the maximum weight recommendation of 800 pounds.
- Disconnect power to the charging station and LED lights before cleaning or maintenance.

PACKAGE CONTENTS

Please verify that all components are present before beginning assembly:

- Platform Bed Frame (x1)
- Storage Headboard (x1)
- Solid Wood Slats (x12)
- LED Lights (x3 strips)
- Installation Accessories (screws, bolts, etc.)
- Tools (Allen wrench, etc.)
- Remote Control for LED Lights (x1)

- User Manual (this document)

SETUP AND ASSEMBLY

Follow these steps for proper assembly. It is recommended to have two people for this process.

Step 1: Prepare Components

Unpack all components and lay them out on a clean, soft surface to prevent scratches. Identify all parts using the provided parts list.

Practical Headboard

- ❶ Open Shelves ❷ Hidden Storage

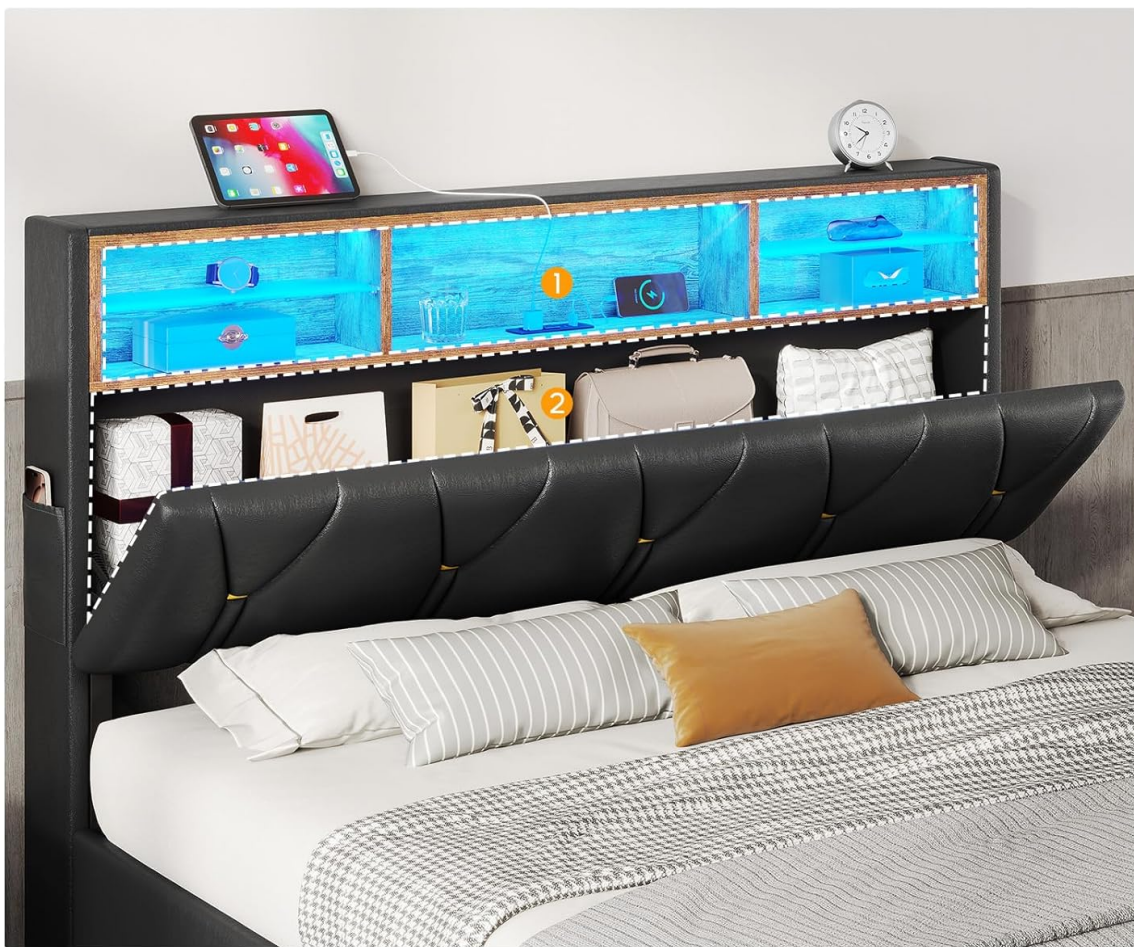

Image: Overview of the HAUOMS Full Bed Frame, illustrating its dimensions (79.5"L x 56.1"W x 45.8"H) and key components like the headboard, frame, and slats. The image also indicates a weight capacity of 880 lbs.

Step 2: Assemble the Bed Frame Base

Connect the side rails to the footboard and headboard supports using the provided hardware. Ensure all connections are firm but do not fully tighten screws until the entire frame is assembled.

Image: Detailed view of the bed frame's stable support structure, highlighting the combination of wood and steel components. It also shows the "Easy Assembly" feature with Velcro slats design for quick and secure installation.

Step 3: Install the Slats

Roll out the wooden slats across the bed frame. The slats are designed with Velcro for easy and secure attachment to the frame, ensuring a noise-free foundation. Press firmly to secure the Velcro.

Step 4: Attach the Headboard

Secure the storage headboard to the main bed frame. Ensure the headboard is properly aligned and all fasteners are tightened. The headboard features open shelves and a hidden storage compartment.

Versatile RGB LED Lights

Over 60000 Colors

Dynamic Mode

Music Mode

Mic Mode

Timing Function

Image: The practical headboard design, showcasing both the open shelves (labeled 1) for easy access to items like phones and books, and a hidden storage compartment (labeled 2) accessible by lifting the upholstered section.

Step 5: Connect LED Lights and Charging Station

Connect the LED light strips to the designated ports on the bed frame. Ensure the power cord for the charging station is plugged into a wall outlet. The LED lights can be placed under the bed and within the headboard shelves.

OPERATING INSTRUCTIONS

Using the LED Lights

The RGB LED lights can be controlled via the included remote control or a smartphone application. The lights offer over 60,000 colors, dynamic modes, music sync mode, and a timing function.

- **Power On/Off:** Press the "On" or "Off" button on the remote.
- **Change Colors:** Select desired color from the color palette buttons (R, G, B, W, etc.) or use the app.
- **Adjust Brightness/Speed:** Use the brightness/speed control buttons.
- **Modes:** Cycle through dynamic, music, or mic modes using the "MODE+" or "MODE-" buttons.

Under-bed storage space

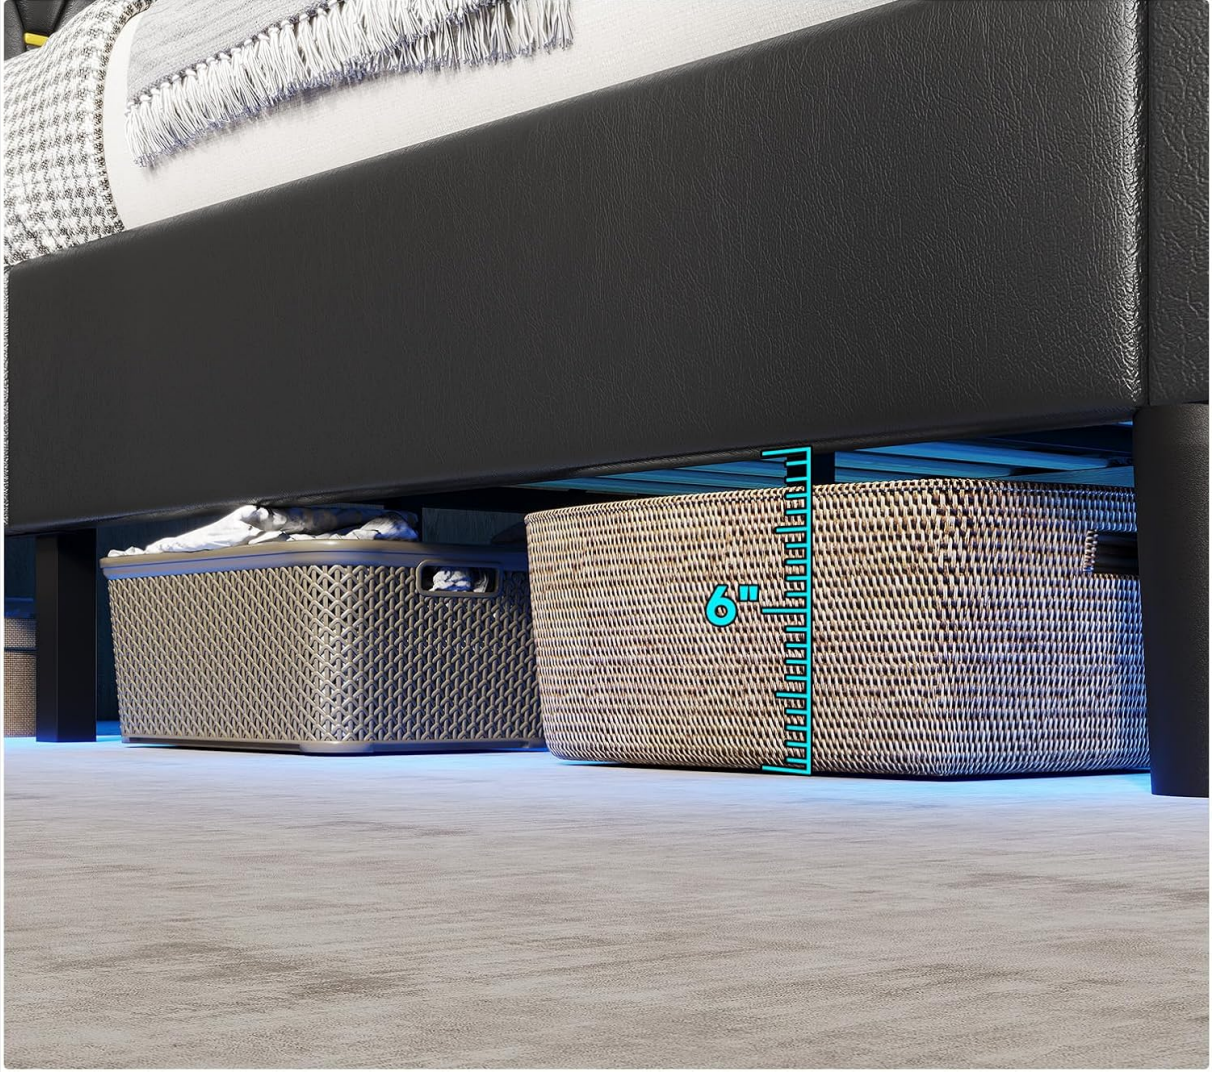

Image: The HAUOMS LED Full Bed Frame showcasing its versatile RGB LED lights, illuminating the headboard shelves and under-bed area in a vibrant blue. The image highlights features like over 60,000 colors, dynamic mode, music mode, mic mode, and timing function, controllable via phone app and remote.

Using the Charging Station

The headboard features a built-in power strip with 2 standard AC outlets, 1 USB port (5V/2A), and 1 Type-C port (5V/3A). Use these to conveniently charge your electronic devices.

Built-in Charging Station

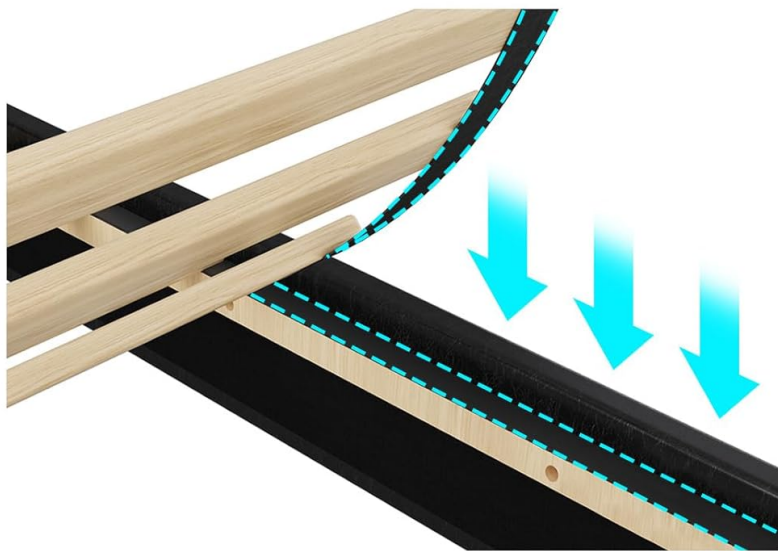

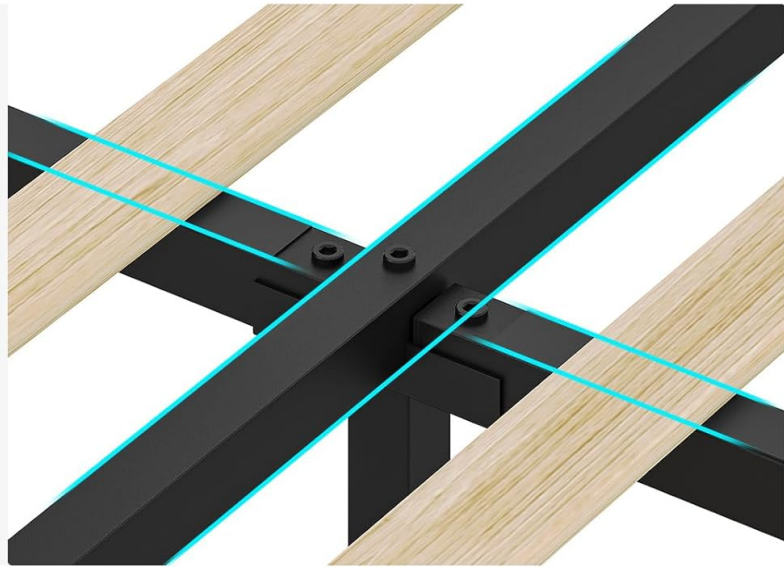

Image: A close-up of the built-in charging station integrated into the headboard, showing a Type-C port (5V/3A), a USB port (5V/2A), and two AC outlets (125V/12A) in use, charging a smartphone and other devices.

Utilizing Storage Features

The headboard includes open shelves for displaying items and a hidden compartment for discreet storage. The bed frame also provides 6 inches of under-bed clearance for additional storage solutions like boxes or suitcases.

Stable Support Structure

Wood And Steel Mixed

Easy Assembly

Velcro Slats Design

MAINTENANCE

- **Cleaning the Frame:** Wipe the faux leather and wooden surfaces with a soft, damp cloth. Avoid harsh chemicals.
- **LED Lights:** Ensure LED strips are free from dust. Do not immerse in water.
- **Fasteners:** Periodically check all screws and bolts to ensure they remain tight. Retighten if necessary.
- **Under-bed Area:** The 6-inch clearance allows for easy cleaning with a vacuum or robotic sweeper.

TROUBLESHOOTING

Problem	Possible Cause	Solution
LED lights not working	Power connection loose; remote battery dead; app not connected.	Check power connections. Replace remote battery. Reconnect app.

Problem	Possible Cause	Solution
Charging station not working	Power cord unplugged; device not compatible.	Ensure power cord is securely plugged into a working outlet. Verify device compatibility.
Bed frame is noisy/wobbly	Loose fasteners; uneven assembly.	Tighten all screws and bolts. Ensure bed is on a level surface. Check slat placement.
