

HAUOMS 155

HAUOMS Queen Bed Frame Instruction Manual

Model: 155 | Brand: HAUOMS

1. IMPORTANT SAFETY INFORMATION

Please read and understand all instructions before assembly and use. Keep this manual for future reference.

- Do not exceed the maximum weight recommendation of 880 pounds.
- Be cautious of sharp edges and potential pinch points during assembly and use.
- Open the storage headboard carefully to avoid injury.
- Ensure all connections for electrical components (LED lights, charging station) are secure before use.

2. PRODUCT OVERVIEW

The HAUOMS Queen Bed Frame (Model 155) is designed for comfort and functionality, featuring a storage headboard, integrated RGB LED lighting, and a convenient charging station. This platform bed frame eliminates the need for a box spring.

Figure 2.1: Overall view of the HAUOMS Queen Bed Frame.

Key Features:

- **Practical Storage Headboard:** Includes open shelves and a hidden storage compartment.
- **Smart RGB LED Lights:** Integrated into the headboard and under the bed, controllable via phone app or remote.
- **Charging Station:** Built-in 2 AC outlets, 1 USB port, and 1 Type-C port.
- **Sturdy Construction:** Features durable wooden slats, metal brackets, and nine support legs for stability.
- **No Box Spring Needed:** Designed for direct mattress placement.

Assembly Tips:

- Lay out all components and hardware before beginning.
- Follow the numerical order of steps in the provided assembly manual.
- Do not overtighten screws until all parts are loosely assembled.
- For noise reduction, apply the exclusive sponge patch to the main beam as instructed.

4. OPERATING INSTRUCTIONS

4.1 Storage Headboard

The headboard offers both open shelving and a hidden storage compartment. The open shelves, made of glass, are ideal for displaying small items or keeping frequently used objects accessible. The main section of the headboard can be opened to reveal a larger, hidden storage space.

Versatile RGB LED Lights

Over 60000 Colors

5. MAINTENANCE

5.1 Cleaning the Frame

- For the faux leather upholstery, wipe with a soft, damp cloth. Avoid abrasive cleaners or harsh chemicals.
- For wooden surfaces, use a dry or slightly damp cloth.
- Regularly dust the headboard shelves and under-bed area.

5.2 Electrical Components

- Ensure the power cord is unplugged before cleaning the charging station or LED lights.
- Wipe the charging ports and LED strips with a dry, soft cloth.
- Avoid liquid contact with electrical components.

5.3 Structural Maintenance

- Periodically check all bolts and screws to ensure they are tight. Retighten if necessary.
- Inspect wooden slats for any signs of damage or wear.

6. TROUBLESHOOTING

6.1 LED Lights Not Working

- **Check Power Connection:** Ensure the LED light power adapter is securely plugged into a working outlet and the bed frame.
- **Remote Control Battery:** Replace the battery in the remote control if the lights are unresponsive.
- **App Connection:** If using the phone app, ensure Bluetooth is enabled and the app is correctly paired with the bed frame.
- **Light Strip Damage:** Inspect the LED strips for any visible damage or disconnections.

6.2 Charging Station Not Functioning

- **Check Power Connection:** Verify the bed frame's main power cord is securely plugged into a functional wall outlet.
- **Device Compatibility:** Ensure your device and charging cable are compatible with the USB/Type-C ports and AC outlets.
- **Overload Protection:** If multiple high-power devices are connected, the charging station may temporarily shut off due to overload protection. Unplug some devices and try again.

6.3 Squeaking or Instability

- **Tighten Fasteners:** Re-tighten all bolts and screws on the bed frame, especially those connecting the side rails and support legs.
- **Check Slats:** Ensure all wooden slats are properly seated and secured in their positions.
- **Level Surface:** Make sure the bed frame is on a flat, level surface.
