Kary KX02

Kary Dual-Head LED Desk Lamp User Manual

Model: KX02 | Brand: Kary

Introduction

Thank you for choosing the Kary Dual-Head LED Desk Lamp. This 24W ultra-bright lamp is designed to provide comfortable, glare-free, and flicker-free illumination for various tasks, including work, reading, drawing, and designing. It features a dual-head design, adjustable color temperature and brightness, a convenient USB charging port, and a wireless remote control for ease of use. This manual provides detailed instructions for setup, operation, and maintenance to ensure optimal performance and longevity of your lamp.

Important Safety Instructions

- Read all instructions carefully before using the lamp.
- Do not disassemble or modify the lamp. This may cause damage or injury and will void the warranty.
- Keep the lamp away from water or other liquids. Do not operate in wet environments.
- Ensure the power adapter is compatible with your local voltage before plugging in.
- Unplug the lamp from the power outlet before cleaning or when not in use for extended periods.
- Avoid direct eye exposure to the LED light source for prolonged periods.
- Do not use the lamp if the power cord or plug is damaged.
- Keep out of reach of children.

Package Contents

Please check the package contents upon opening to ensure all items are present and undamaged:

- Kary Dual-Head LED Desk Lamp x 1

- Power Adapter x 1
- Wireless Remote Control x 1
- Remote Control Holder x 1
- User Manual x 1

Setup and Installation

Follow these steps to set up your Kary Dual-Head LED Desk Lamp:

1. **Attach the Clamp:** Securely attach the lamp's clamp base to the edge of your desk or table. Ensure the surface thickness is less than 5.5 cm (2.1 inches) for a stable fit. Tighten the screw until the clamp is firm.
2. **Position the Lamp:** Insert the lamp's main pole into the clamp. The flexible grossneck allows you to adjust the height and angle of the light bar. The light bar itself can rotate 0-90 degrees to direct illumination as needed.
3. **Connect Power:** Plug the power adapter into the lamp's power input port, then plug the adapter into a standard wall outlet.
4. **Remote Control Setup:** The remote control comes pre-paired. If needed, ensure the battery is correctly inserted. You can attach the remote to the included holder for convenient storage.

Operating Instructions

Power On/Off

Press the **Power button** (*symbol: circle with vertical line*) on the remote control or the lamp's control panel to turn the lamp on or off.

Adjusting Brightness

The lamp offers 5 brightness levels (20%-100%). Use the **Brightness Up** (*symbol: sun with plus*) and **Brightness Down** (*symbol: sun with minus*) buttons on the remote or control panel to cycle through the brightness settings.

Adjusting Color Temperature

Choose from 5 color temperatures, ranging from warm white (3000K) to cool white (6500K). Press the **Color Temperature** (*symbol: light bulb with waves*) button on the remote or control panel to switch between modes.

Image: This graphic illustrates the Kary desk lamp's adjustable lighting features, showing five distinct color temperatures ranging from 3000K (warm) to 6500K (cool) and five brightness levels from 10% to 100%.

Eye-Care Direction Design

The lamp's design minimizes direct glare and flicker, providing comfortable illumination that reduces eye strain. The light is distributed evenly through a PVC cover.

USB Charging Port

A USB port is located at the base of the lamp, allowing you to conveniently charge your mobile phone or tablet while working.

Image: The Kary 24W Ultra Brightness LED Desk Lamp is shown on a desk next to a laptop, highlighting its bright illumination. A smartphone is visibly charging via the lamp's integrated USB port.

Adjustable Lamp Head and Neck

The lamp features a flexible grossneck and a light bar that can rotate 0-90 degrees, allowing you to precisely adjust the illumination angle and height to suit your needs.

Maintenance

- **Cleaning:** Before cleaning, ensure the lamp is unplugged from the power outlet. Use a soft, dry cloth to wipe the lamp's surface. Do not use abrasive cleaners, solvents, or harsh chemicals, as these may damage the finish.
- **Storage:** If storing the lamp for an extended period, unplug it and store it in a cool, dry place away from direct sunlight and moisture.

- **LEDs:** The LED light source is designed for long-term use (over 10,000 hours) and is not user-replaceable.

Troubleshooting

Problem	Possible Cause	Solution
Lamp does not turn on.	◦ Power adapter not properly connected. ◦ No power from the outlet. ◦ Remote control battery is dead or incorrectly inserted.	◦ Ensure the power adapter is securely plugged into both the lamp and the wall outlet. ◦ Test the outlet with another device. ◦ Replace the remote control battery or ensure it's inserted correctly.
Remote control is not responding.	◦ Remote control battery is low or dead. ◦ Obstruction between remote and lamp.	◦ Replace the remote control battery. ◦ Ensure there is a clear line of sight or no major obstructions.
Light flickers or is unstable.	◦ Loose power connection. ◦ Power supply issue.	◦ Check all power connections. ◦ Try plugging the lamp into a different power outlet.
