ZINUS 8 Inch Foam and Spring Hybrid Mattress User Manual

Model: ZU-MSSA2BZI-08T

Introduction

Welcome to the user manual for your new ZINUS 8 Inch Foam and Spring Hybrid Mattress. This mattress is designed to provide even, perfectly cushioned support for consistently good sleep and well-rested mornings. It combines top-quality foam layers with reliable springs to create a comfortable surface with a strong, supportive base. Made with Certi-PUR US® certified foams and an OEKO-TEX® certified cover, this mattress ensures high quality and safety. This manual will guide you through the setup, care, and features of your mattress to ensure optimal performance and longevity.

Setup and Unboxing

Your ZINUS mattress is expertly compressed, packed, and shipped in one convenient box for easy delivery. Follow these steps to set up your new mattress:

1. Carefully remove the mattress from its shipping box. It will be tightly rolled and vacuum-sealed in plastic.
2. Place the rolled mattress onto your bed frame or foundation. Ensure it is positioned correctly before removing the plastic.
3. Carefully cut and remove the outer plastic wrapping. The mattress will begin to decompress immediately.
4. Unroll the mattress and remove the inner plastic layer. Allow the mattress to fully expand for 48-72 hours. While it may appear fully expanded sooner, allowing the full time ensures optimal comfort and shape.
5. A slight "new mattress" scent, also known as off-gassing, may be present upon unboxing. This is normal and harmless, and will dissipate within a few hours to a few days in a well-ventilated room.

Product Features and Components

The ZINUS 8 Inch Foam and Spring Hybrid Mattress is engineered for balanced comfort and support, featuring multiple layers of high-quality materials:

- **Breathable Knitted Cover:** The mattress is wrapped with an ultra-soft, breathable knitted cover designed to promote airflow and enhance comfort.
- **Zinus Comfort Foam®:** A top layer of adaptive foam that conforms to your body for personalized comfort and pressure relief.
- **Zinus Transition Foam:** Supports and conforms to your shape, providing a smooth transition to the coil layer.
- **Reliable Coil Support:** Heavy-gauge steel coils are interconnected to deliver consistent, durable support from head to toe, ensuring stability and longevity.
- **CertiPUR-US® Certified Foams:** All foams used are certified by CertiPUR-US®, meaning they are made without harmful chemicals

like ozone depleters, PBDE flame retardants, mercury, lead, and other heavy metals, formaldehyde, and phthalates. They also have low VOC (Volatile Organic Compound) emissions for indoor air quality.

- **OEKO-TEX® Certified Cover:** The mattress cover is OEKO-TEX® certified, ensuring it is free from harmful substances and safe for human ecological requirements.

Usage and Operating

The ZINUS 8 Inch Foam and Spring Hybrid Mattress offers a medium firmness level, providing a balanced feel that is neither too soft nor too firm. This makes it suitable for a variety of sleeping preferences and positions, offering optimal spinal alignment and pressure relief.

- **Balanced Support:** The hybrid design ensures consistent support across the entire mattress surface, adapting to your body's contours while preventing excessive sinking.
- **Pressure Relief:** The foam layers work to alleviate pressure points, promoting comfortable sleep and reducing tossing and turning.
- **Motion Isolation:** While offering spring support, the hybrid construction helps minimize motion transfer, allowing for undisturbed sleep even with a partner.

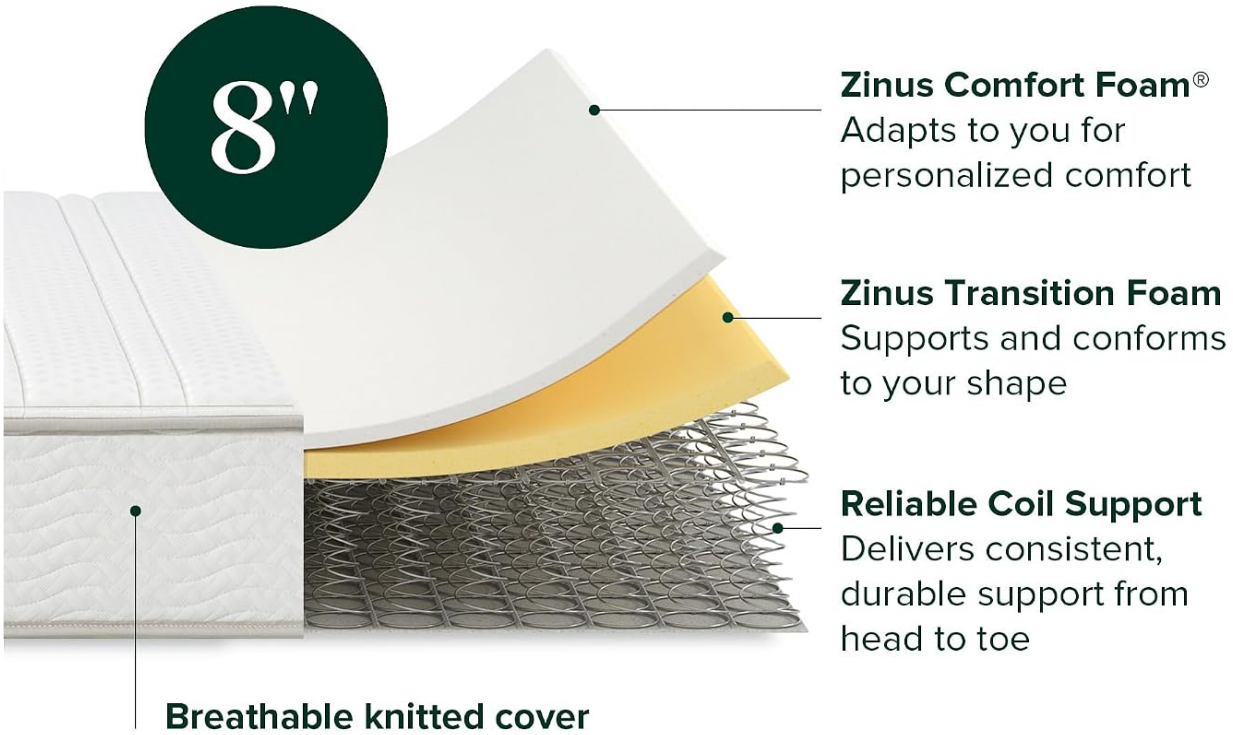

ZINUS®

Original vs. New Box

Original big box	Innovative, smaller box
Conveniently packed & delivered to your doorstep	Same quick & easy delivery with a smaller carbon footprint
Incredible comfort, dependable value	Incredible comfort, even more dependable value

Care and Maintenance

Proper care will extend the life and comfort of your ZINUS mattress:

- **Rotation:** Rotate your mattress 180 degrees every 3-6 months to ensure even wear and prolong its lifespan. This helps distribute body weight more uniformly.
- **Protection:** Use a mattress protector to guard against spills, stains, and allergens. This is especially important as the mattress cover is not removable for washing.
- **Cleaning:** Spot clean any spills immediately using a mild detergent and a damp cloth. Blot the area gently and allow it to air dry completely. Avoid saturating the mattress with water.
- **Ventilation:** Ensure good airflow around your mattress by regularly airing out your bedroom. This helps prevent moisture buildup and maintains freshness.
- **Support:** Place your mattress on a sturdy, supportive bed frame or foundation. A slatted base should have slats no more than 3 inches apart to provide adequate support and prevent sagging.
- **Fiberglass-Free:** This mattress is designed to be fiberglass-free, offering a safer sleep environment.

Troubleshooting

While your ZINUS mattress is designed for durability and comfort, here are some common inquiries and their solutions:

- **New Mattress Odor (Off-Gassing):** A faint odor may be present upon unboxing. This is normal and due to the fresh foam being released from its sealed packaging.
    - **Solution:** Allow the mattress to air out in a well-ventilated room for 24-72 hours. The scent will dissipate naturally.
- **Incomplete Expansion:** If the mattress does not seem to fully expand to its advertised height.
    - **Solution:** Ensure the mattress has had the full 48-72 hours to expand. Temperature can affect expansion; a warmer room may help. Walking gently on the mattress can also encourage airflow and expansion.
- **Perceived Firmness:** The mattress is designed for medium firmness. Individual perception may vary.
    - **Solution:** Allow your body 2-4 weeks to adjust to the new mattress. If still too firm, a mattress topper can add a layer of softness. If too soft, ensure your bed frame provides adequate, even support.

Specifications

Brand	ZINUS
Model Number	ZU-MSSA2BZI-08T
Size	Twin
Product Dimensions	75"L x 39"W x 8"Th
Item Weight	35.4 pounds
Firmness	Medium
Material	Foam, Steel Coils, Polyester Cover
Weight Limit (Twin)	250 Pounds
Special Feature	Breathable, Fiberglass-Free
Country of Origin	Indonesia
