Instruction Manual

CNCEST 20Pcs Carpet Squares

Model: JZ277WL5WDZFP

1. PRODUCT OVERVIEW

The CNCEST 20Pcs Carpet Squares are designed for versatile flooring solutions. These 20x20 inch commercial carpet tiles are washable, reusable, and feature a peel-and-stick application with padding, making them suitable for various indoor environments.

They are ideal for living rooms, bedrooms, dining rooms, attics, stairs, balconies, studies, office buildings, hotels, warehouses, walkways, basements, playrooms, gyms, exhibition halls, meeting rooms, rest areas, educational and medical institutions. They can be laid on flat surfaces such as cement, wood, ceramic tiles, and existing flooring.

2. KEY FEATURES

- **Premium Material:** Made of polypropylene fiber and asphalt, these carpets are lightweight, wear-resistant, and designed for durability, ensuring long-term use.
- **Free DIY:** The carpet tiles can be freely cut without leaving side seams, allowing for easy customization around wall corners or for creative splicing and assembly.
- **Large Paving Area:** A set includes 20 carpet squares, with each covering an area of approximately 2.69 sq ft (0.25 m²), providing a total paving area of 53.82 sq ft (5 m²).
- **Easy to Install:** Installation does not require glue on the ground. The included adhesive patches simplify the process, making it quick and straightforward.
- **Effortless Cleaning:** The simple structure and flat surface allow for easy dust removal with a dust collector or vacuum cleaner.

3. PACKAGE CONTENTS

Each package of CNCEST Carpet Squares includes the following items:

- 20 x Square Carpets (50x50cm / 19.69x19.69in each)
- 20 x Adhesive Patches

4. INSTALLATION GUIDE

Follow these steps for proper installation of your carpet squares:

1. **Prepare the Surface:** Ensure the floor is clean, dry, and smooth before beginning installation.
2. **Apply Adhesive Patch:** Remove one adhesive patch from its backing. Apply 1/4 of the torn patch to one corner on the back of a carpet tile.
3. **Secure Corners:** Fix the four corners of the carpet tile in sequence using the adhesive patches.

Press the interface tightly to ensure a secure bond.

4. **Continue Laying:** After assembling the first 4 pieces, continue to assemble the remaining tiles in sequence, ensuring proper alignment and compaction.

Important Note: Only one adhesive patch needs to be applied between every four floor mats to secure them together.

5. USAGE GUIDELINES AND IMPORTANT NOTES

- **Surface Compatibility:** Ensure the mat is placed on a clean, dry, and smooth surface for optimal adhesion and performance.
- **Temperature Sensitivity:** These carpet tiles are not suggested for use in high-temperature areas such as direct sunlight rooms or outdoors, as this may affect their material integrity and longevity.
- **Customization:** The carpet tiles can be freely cut to fit specific areas or shapes without fraying, allowing for flexible design and installation.

6. MAINTENANCE AND CARE

Proper maintenance will extend the life and appearance of your carpet squares:

- **Daily Care:** Use a brush to clean up hair and other loose debris from the carpets.
- **Regular Cleaning:** Perform a full cleaning with a vacuum cleaner 2-3 times per week.
- **Deep Cleaning:** Conduct a thorough cleaning after one year of use to maintain freshness and

appearance.

- **Avoid Sun Exposure:** Do not expose the carpet tiles to direct sunlight for prolonged periods.

7. SPECIFICATIONS

Attribute	Detail
Shape	Square
Pattern	Grain
Installation Type	Interlocking, Peel and Stick
Material	Polypropylene Fiber, Asphalt
Product Thickness	Approx. 5.5mm / 0.2in
Each Carpet Laying Area	0.25m ² / 2.69ft ²
Total Laying Area (20Pcs)	5m ² / 53.82ft ²
Each Product Size	50 x 50cm / 19.69 x 19.69in
Gross Weight	11kg / 24.25lbs
Net Weight	10kg / 22.05lbs
Model Number	JZ277WL5WDZFP
Manufacturer	DETAIKENA
Country of Origin	China

$$1\text{PCS}=0.25\text{m}^2=2.69\text{ft}^2$$

$$20\text{PCS}=5\text{m}^2=53.82\text{ft}^2$$
