ZINUS ZU-MFMA1ZZI-10F

ZINUS 10 Inch Green Tea Memory Foam Mattress User Manual

Brand: ZINUS | Model: ZU-MFMA1ZZI-10F

Introduction

This manual provides essential information for the setup, operation, maintenance, and troubleshooting of your ZINUS 10 Inch Green Tea Memory Foam Mattress. Designed to conform to your body's curves, this mattress offers restful sleep by reducing sinking, sagging, and discomfort. It features natural infusions of green tea and charcoal for lasting freshness and is constructed with CertiPUR-US® certified foams and an OEKO-TEX® certified cover, ensuring durability, quality, and comfort.

Safety Information

Important: Do not unzip or remove the mattress cover. Doing so may expose fire barrier materials and void your warranty. Use this mattress only on a proper foundation. Discontinue use if irritation or unusual odors persist after the initial expansion period.

Setup Instructions

Your ZINUS mattress is conveniently shipped in a compact box, designed to reduce carbon footprint. Follow these steps for proper setup:

1. **Unpack the Mattress:** Carefully remove the mattress from its shipping box. Place the rolled and compressed mattress on a clean, flat surface, such as your bed frame or foundation.
2. **Unroll and Expand:** Gently unroll the mattress. It will begin to expand immediately upon exposure to air.
3. **Allow Full Expansion:** For optimal comfort and performance, allow the mattress to expand for 24 to 72 hours. During this time, the mattress will reach its full dimensions and firmness.

Operating Principles

The ZINUS Green Tea Memory Foam Mattress is engineered for optimal sleep experience through its unique composition and features:

- **Pressure Relief:** The memory foam conforms to your body's shape, distributing weight evenly and reducing pressure points, which can alleviate aches and pains.
- **All-Night Freshness:** Infusions of green tea and natural charcoal work to maintain mattress freshness over time.
- **Motion Isolation:** The memory foam construction minimizes motion transfer, ensuring undisturbed sleep even with partner movement.

Maintenance

To ensure the longevity and continued comfort of your ZINUS mattress, follow these maintenance guidelines:

- **Mattress Cover:** The mattress cover is not removable. Do not attempt to unzip or wash it.
- **Spot Cleaning:** For spills or stains, spot clean immediately with a mild detergent and a damp cloth. Blot the area gently; do not saturate the mattress. Allow to air dry completely before covering with bedding.
- **Protective Cover:** Consider using a mattress protector to shield against spills, stains, and allergens, extending the life of your mattress.
- **Rotation:** Rotate your mattress every 3-6 months to promote even wear and prolong its lifespan.

Troubleshooting

If you encounter any issues with your ZINUS mattress, refer to the following common solutions:

Problem	Possible Cause	Solution
Initial Odor	"New mattress" smell from packaging and materials.	This is normal and will dissipate. Allow the mattress to air out in a well-ventilated room for 24-72 hours. Using a fan or opening windows can help.
Mattress feels too firm/soft	Personal preference; mattress may need more time to fully expand and adapt.	Allow the full 72 hours for expansion. If still too firm, a mattress topper can add softness. If too soft, ensure it's on a proper, supportive foundation.
Mattress not fully expanding	Insufficient time for expansion; cold environment.	Ensure the mattress has had at least 72 hours to expand. A warmer room temperature can aid expansion. Verify it's placed on a flat surface.
Mattress sliding on frame	Smooth surface of bed frame or foundation.	Place a non-slip mat or rug gripper between the mattress and the bed frame/foundation to prevent movement.

Specifications

Feature	Detail
Item Weight	44.8 pounds
Product Dimensions	75 x 54 x 10 inches (Length x Width x Thickness)
Item Model Number	ZU-MFMA1ZZI-10F
Brand	ZINUS
Size	Full
Top Style	Tight Top
Cover Material	Polyester
Number of Layers	3
Fill Material	High Density Foam, Memory Foam
Weight Limit	500 Pounds (Twin supports 250 lbs)
Special Feature	Breathable, Pressure Relief
Date First Available	October 13, 2023
