ZINUS 6 Inch Green Tea Memory Foam Mattress Instruction Manual

Brand: ZINUS

Model: ZU-MFMA1ZZI-06T

Product Overview

This ZINUS 6 Inch Green Tea Memory Foam Mattress is designed to provide comfortable support and lasting freshness. It features pressure-relieving memory foam that conforms to your body, enhancing circulation and reducing stress on joints. Infused with natural green tea and charcoal, it helps keep the mattress fresh. Crafted with CertiPUR-US® certified foams and an OEKO-TEX® certified cover, it ensures a safe and healthy sleep environment.

Setup Instructions

Your ZINUS mattress is conveniently compressed and rolled for easy shipping and setup. Follow these steps for optimal expansion:

1. **Unpack the Mattress:** Carefully remove the mattress from its packaging. It will be tightly rolled and vacuum-sealed.
2. **Place on a Flat Surface:** Unroll the compressed mattress onto a clean, flat surface, such as your bed frame or foundation.
3. **Allow to Expand:** The mattress will begin to expand immediately upon unrolling. For full expansion and to allow any potential new mattress odor to dissipate, please allow 24 to 72 hours.
4. **Ventilation:** Ensure the room is well-ventilated during the expansion period.

Care and Maintenance

Proper care will extend the life and comfort of your ZINUS mattress:

- **Spot Cleaning:** For spills or stains, gently spot clean with mild soap and water. Avoid saturating the mattress.
- **Protective Cover:** Consider using a mattress protector to shield against spills, dust mites, and allergens.
- **Rotation:** Rotate your mattress every 3-6 months to promote even wear and extend its lifespan.
- **Avoid Excessive Moisture:** Do not get the mattress excessively wet, as this can damage the foam.
- **Do Not Flip:** This mattress is designed with specific layers for optimal comfort and support; it should not be flipped.

Troubleshooting

If you encounter any issues with your ZINUS mattress, please refer to the following common solutions:

- **Incomplete Expansion:** If the mattress has not fully expanded after 72 hours, ensure it is on a flat surface and the room temperature is moderate. Sometimes, cooler temperatures can slow expansion.
- **New Mattress Odor:** A faint odor, often referred to as "off-gassing," is normal and harmless. It typically dissipates within 24-72 hours in a well-ventilated room.
- **Sinking/Sagging:** Ensure your bed frame or foundation provides adequate and even support. Uneven support can lead to premature sagging. Refer to the warranty section for details on covered sagging.
