# ZINUS 12 Inch Green Tea Memory Foam Mattress User Manual

**Brand:** ZINUS | **Model:** ZU-MFMA1ZZI-12F

## 1. Introduction and Overview

This ZINUS 12 Inch Green Tea Memory Foam Mattress is designed to provide restful sleep by conforming to your body's curves, reducing uncomfortable sinking or sagging. It features premium natural infusions of green tea and natural charcoal to maintain freshness over time. Constructed with CertiPUR-US® certified foams and an OEKO-TEX® certified mattress cover, this mattress prioritizes durability, quality, and comfort.
Key features include zoned pressure relief technology, a medium-firm feel, and a breathable knitted cover for enhanced comfort and support.

## 2. Setup Instructions

Your ZINUS mattress is compressed and rolled for convenient shipping. Follow these steps for proper setup:

1. **Unpack the Mattress:** Carefully remove the mattress from its shipping box. Place the rolled mattress on a clean, flat surface, such as your bed frame or foundation.
2. **Unroll and Unseal:** Unroll the compressed mattress. Carefully cut and remove the plastic packaging. The mattress will begin to expand immediately upon exposure to air.
3. **Allow for Full Expansion:** For optimal performance and comfort, allow the mattress to expand in a well-ventilated room for **24 to 72 hours**. While it may appear fully expanded within a few hours, the full expansion time ensures the foam fully decompresses and any initial odors dissipate.

## 3. Operating and Comfort

The ZINUS Green Tea Memory Foam Mattress is designed for comfortable and supportive sleep. Its pressure-relieving memory foam adapts to your body's shape, enhancing circulation and reducing stress on joints. The medium-firm feel provides a balanced blend of softness and support.

- **Pressure Relief:** The memory foam layers conform to your body, distributing weight evenly and alleviating pressure points.
- **Breathability:** The mattress features a breathable knitted cover and specialized foam layers to promote airflow, helping to regulate temperature and prevent overheating during sleep.
- **Freshness:** Infusions of green tea and purified charcoal contribute to a fresh sleeping environment.

## 4. Maintenance

Proper maintenance helps extend the life and performance of your ZINUS mattress:

- **Protection:** Use a mattress protector to guard against spills, stains, and allergens.
- **Rotation:** Rotate your mattress every 3-6 months to ensure even wear and prolong its lifespan. This mattress does not require flipping.
- **Cleaning:** For minor spills, spot clean with a mild detergent and water. Avoid saturating the mattress. Allow it to air dry completely before covering with bedding. Do not remove the mattress cover.
- **Ventilation:** Periodically air out your mattress by removing bedding to allow for better air circulation.
- **Safety:** Keep the mattress away from open flames and high-heat sources to prevent fire hazards.

## 5. Troubleshooting

Here are some common questions and tips for your ZINUS mattress:

- **Initial Odor:** A new mattress may have a slight "new foam" odor upon unpacking. This is normal and harmless. Ensure the room is well-ventilated during the expansion period (24-72 hours) to help dissipate the smell. You can also use natural odor absorbers like baking soda or activated charcoal in the room.
- **Incomplete Expansion:** If the mattress does not seem to fully expand after 72 hours, ensure it is placed on a flat surface and has ample space. Temperature can affect expansion; a warmer room may aid the process. If issues persist, contact customer support.
- **Firmness Adjustment:** The mattress has a medium-firm feel. If you prefer a softer sleep surface, consider adding a mattress topper after the mattress has fully expanded.

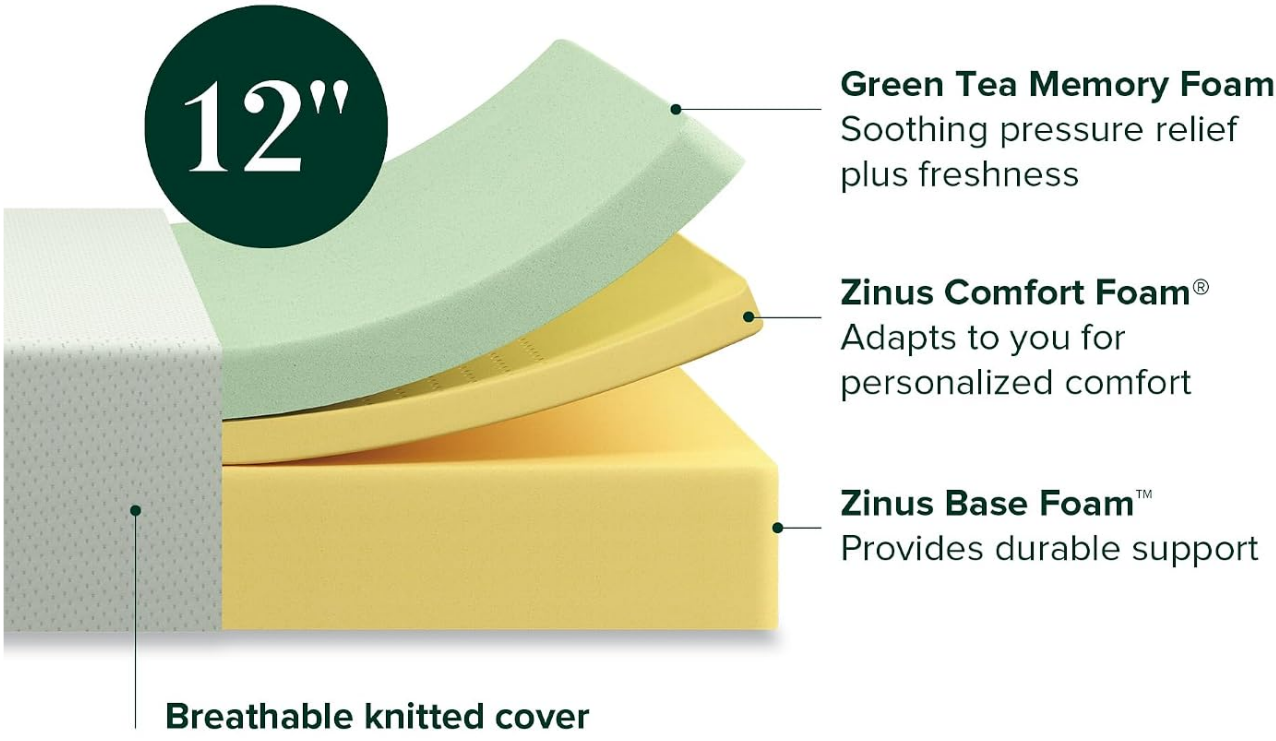

## 6. Specifications

| Feature | Detail |
|---|---|
| **Brand** | ZINUS |
| **Model Number** | ZU-MFMA1ZZI-12F |
| **Size** | Full (75"L x 54"W x 12"Th) |
