Dolonm King Size Classic Buckle Backrest Platform Bed Frame Instruction Manual

Model: W142868608

1. INTRODUCTION

Thank you for choosing the Dolonm King Size Classic Buckle Backrest Platform Bed Frame. This manual provides essential information for the safe assembly, proper use, and effective maintenance of your new bed frame. Please read all instructions carefully before beginning assembly and retain this manual for future reference.

This King Size Upholstered Bed features a modern design with a beige linen backrest and classic button style. It is constructed with a sturdy metal frame and wooden slats, designed for both comfort and durability.

2. IMPORTANT SAFETY INFORMATION

To ensure safe operation and prevent injury or damage, please adhere to the following safety guidelines:

- **Weight Capacity:** Do not exceed the maximum weight capacity of 850 pounds. Exceeding this limit can compromise the structural integrity of the bed frame.
- **Assembly:** Follow all assembly instructions carefully. Improper assembly can lead to instability and potential hazards.
- **Pinch Points:** Be aware of potential pinch points during assembly and when moving the bed frame.
- **Sharp Edges:** Avoid contact with any sharp edges during handling and assembly.
- **Cleaning:** For cleaning, dry clean only. Do not use liquid cleaners or abrasive materials.
- **Children:** Keep small parts and packaging materials away from children during assembly.

3. PACKAGE CONTENTS

Before beginning assembly, verify that all components are present and undamaged. If any parts are missing or damaged, please contact customer support.

- Headboard (Upholstered with buckle design)
- Footboard
- Side Rails (2)
- Metal Frame Support System
- Wooden Slats (11 thickened solid wood strips)
- Hardware Pack (bolts, washers, nuts, Allen wrench, etc.)
- Installation Manual (this document)

4. SETUP AND ASSEMBLY

Assembly typically requires two individuals and takes approximately 40 minutes. All necessary parts, tools, and instructions are included in the package. Please follow the steps below carefully.

Figure 2: Detail of the metal frame and wooden slat support system.

1. **Unpack Components:** Carefully unpack all components and lay them out on a clean, soft surface (e.g., a rug or blanket) to prevent scratching. Verify all parts against the package contents list.
2. **Attach Side Rails to Headboard:** Connect the side rails to the headboard using the provided hardware. Ensure all bolts are finger-tightened initially.
3. **Attach Side Rails to Footboard:** Connect the other end of the side rails to the footboard, again finger-tightening all bolts.
4. **Install Center Support:** Assemble and install any central support beams or legs as indicated in the detailed

diagram.

5. **Secure Wooden Slats:** Place the wooden slats onto the designated support areas. The slats are equipped with Velcro and EVA sound bars to reduce friction and noise. Ensure they are evenly spaced and securely fastened.
6. **Final Tightening:** Once all components are in place and aligned, fully tighten all bolts using the provided Allen wrench. Do not overtighten.
7. **Inspect:** Double-check all connections to ensure they are secure and the frame is stable before placing a mattress on it.

Figure 3: The bed frame fully assembled, ready for a mattress.

5. OPERATING AND USAGE

The Dolonm King Size Classic Buckle Backrest Platform Bed Frame is designed for optimal comfort and support. Follow these guidelines for proper usage:

- **Mattress Placement:** Place your King Size mattress directly onto the wooden slats. A box spring is not required.
- **Recommended Mattress Thickness:** For optimal aesthetics and support, a mattress thickness of 8 to 12 inches is recommended.
- **Weight Distribution:** Ensure weight is distributed evenly across the bed frame. Avoid concentrating heavy loads in one small area.
- **Noise Reduction:** The integrated Velcro and EVA sound bars on the slats are designed to minimize noise from friction between the wooden slats and the metal frame.

Figure 4: Front view of the bed frame with mattress and bedding.

6. MAINTENANCE

Proper care will extend the life and appearance of your bed frame:

- **Cleaning:** The upholstered fabric should be dry cleaned only. Do not use water or liquid cleaning agents, as this may damage the fabric or internal components.
- **Regular Inspection:** Periodically check all bolts and connections to ensure they remain tight. Retighten if necessary.
- **Avoid Harsh Chemicals:** Do not use abrasive cleaners, solvents, or polishes on any part of the bed frame.
- **Protect from Moisture:** Keep the bed frame in a dry environment to prevent damage to the wood and metal components.

7. TROUBLESHOOTING

If you encounter any issues with your bed frame, refer to the following common solutions:

- **Squeaking Noises:** If the bed frame makes squeaking noises, check all bolts and connections to ensure they are securely tightened. The slats are designed with noise-reducing features, but loose connections can still cause sound.
- **Instability/Wobbling:** Ensure all assembly steps were followed correctly and all hardware is fully tightened. Verify that the bed frame is placed on a level surface.
- **Slats Shifting:** The wooden slats are designed to be secured. If they are shifting, ensure they are properly seated in their supports and that any Velcro attachments are engaged.
- **Damaged Parts:** If any part is damaged during assembly or use, discontinue use and contact customer support for replacement parts.

8. SPECIFICATIONS

Detailed specifications for the Dolonm King Size Classic Buckle Backrest Platform Bed Frame:

Feature	Detail
Model Number	W142868608
Size	King
Product Dimensions	82.28"L x 79.09"W x 43.31"H
