SCHMIDT SH-BSN-03

SCHMIDT Black Sticky Notes & Gel Pens User Manual

Model: SH-BSN-03

1. Product Overview

The SCHMIDT Black Sticky Notes with White Gel Pens set is designed for various note-taking and organizational needs. This product includes black self-stick pads and specialized white gel pens, allowing for clear and visible writing on dark surfaces.

Key Features:

- **Black Sticky Notes:** 3x3 inches, 100 sheets per pad, self-stick adhesive.
- **White Gel Pens:** Two pens included, specifically designed for writing on dark paper.
- **High-Quality Paper:** 110g card paper for durability and clean removal.
- **Versatile Use:** Suitable for home, school, and office environments.

2. Package Contents

Upon opening the package, please verify that all components are present and undamaged:

- 1 x Pad of SCHMIDT Black Sticky Notes (3x3 inches, 100 sheets)
- 2 x SCHMIDT White Gel Pens

Image 1: Contents of the SCHMIDT Black Sticky Notes and Gel Pens package, showing one pad of black sticky notes and two white gel pens.

3. Setup

The SCHMIDT Black Sticky Notes and Gel Pens require minimal setup. They are ready for immediate use upon unboxing.

1. **Unpack:** Carefully remove the sticky notes and gel pens from their packaging.
2. **Prepare Pens:** Remove the cap from the white gel pens. If the pen does not write immediately, gently shake it or make a few test strokes on a scrap piece of paper to get the ink flowing.

4. Operating Instructions

Follow these steps to effectively use your black sticky notes and white gel pens:

1. **Select a Note:** Gently peel off a single black sticky note from the pad.
2. **Write Your Message:** Use one of the provided white gel pens to write your message, reminder, or drawing on the black surface of the sticky note. The white ink is designed to stand out clearly.

Image 2: A hand writing on a black sticky note using a white gel pen, demonstrating the contrast and readability.

3. **Apply the Note:** Once your message is complete, press the adhesive strip of the sticky note firmly onto your desired surface. Suitable surfaces include walls, computer monitors, desktops, refrigerators, and other smooth areas.

Image 3: A black sticky note with a written message adhered to a calendar, illustrating its use for reminders.

4. **Repositioning:** The adhesive allows for repositioning without leaving residue, provided the surface is clean and dry.

5. Maintenance

To ensure the longevity and optimal performance of your SCHMIDT Black Sticky Notes and Gel Pens, follow these simple maintenance guidelines:

- **Sticky Notes:** Keep the sticky notes in their original packaging or a clean, dry environment to prevent dust and debris from accumulating on the adhesive side, which can reduce stickiness.
- **Gel Pens:** Always replace the cap on the white gel pens immediately after use. This prevents the ink from drying out and ensures a smooth writing experience for future use. Store pens horizontally if possible to maintain even ink flow.

6. Troubleshooting

Here are some common issues and their solutions:

Problem	Possible Cause	Solution
Gel pen not writing smoothly or ink skipping.	Ink has dried at the tip, or air bubble in the ink.	Gently shake the pen. Try scribbling on a scrap piece of paper until ink flows. Ensure the cap is always replaced after use.
Sticky notes not adhering well.	Surface is dusty, oily, or wet. Adhesive strip has lost stickiness due to repeated handling or exposure.	Ensure the surface is clean and dry before applying. Avoid touching the adhesive strip excessively. Use a fresh sticky note if the current one has lost its tack.
White ink not visible enough on black notes.	Pen tip is clogged or ink flow is insufficient.	Ensure the pen is writing properly (see first troubleshooting point). Apply slight, even pressure when writing.

7. Specifications

Brand	SCHMIDT
Model Number	SH-BSN-03
Sticky Note Dimensions	3 x 3 inches
Sheets per Pad	100 sheets
Paper Material	110g high-quality card paper
Note Color	Black
Pen Type	White Gel Pen
Country of Origin	China
Item Weight	20 g

8. Storage and Disposal

- **Storage:** Store the sticky notes and pens in a cool, dry place away from direct sunlight and extreme temperatures to preserve adhesive quality and ink longevity.
- **Disposal:** Dispose of used sticky notes and empty gel pens according to local recycling guidelines for paper and plastic products.

9. Warranty and Support

For any questions, concerns, or support regarding your SCHMIDT Black Sticky Notes and Gel Pens, please contact your retailer or the manufacturer directly. Please refer to your purchase receipt for specific warranty information, as warranty terms may vary by region and retailer.
For general inquiries, you may visit the official SCHMIDT brand website or contact their customer service department. Contact details are typically found on the product packaging or the retailer's website.
