## SHA CERLIN SC-U0114-4-BK

# SHA CERLIN King Size Metal Bed Frame Instruction Manual (Model: SC-U0114-4-BK)

Comprehensive guide for assembly, use, and maintenance.

## 1. INTRODUCTION

This instruction manual provides detailed guidance for the assembly, safe operation, and proper maintenance of your SHA CERLIN King Size Metal Bed Frame. This bed frame features a vintage circular design headboard and footboard, designed for durability, stability, and a noise-free sleeping environment. Please read all instructions carefully before beginning assembly and retain this manual for future reference.

## 2. SAFETY INFORMATION

Please observe the following safety precautions to prevent injury or damage to the product:

- **Careful around sharp edges:** Some metal components may have sharp edges. Handle all parts with care during unpacking and assembly to avoid cuts. Wearing gloves is recommended.
- Ensure all bolts and screws are securely tightened before use. Periodically check and re-tighten fasteners as needed.
- Do not exceed the maximum weight capacity of 800 lbs.
- Keep small parts away from children during assembly to prevent choking hazards.
- Assemble the bed frame on a soft, clean surface (e.g., a carpet or blanket) to prevent scratching the floor or the product.

## 3. PACKAGE CONTENTS

Verify that all components listed below are present before beginning assembly. If any parts are missing or damaged, please contact customer support.

- Bed Frame Components (Headboard, Footboard, Side Rails, Support Legs)
- Metal Slats
- Assembly Hardware (Bolts, Screws, Washers, Allen Wrench)
- Installation Manual

Figure 3.1: Product Information and Dimensions. This diagram illustrates the various parts of the bed frame and their respective dimensions for the King size model.

## 4. ASSEMBLY INSTRUCTIONS

---

Assembly is designed to be straightforward and can typically be completed by one person in approximately 30 minutes. Follow these steps carefully:

- 1. Unpack and Identify Parts:** Lay out all components on a soft, clean surface. Refer to the parts list in Section 3 to identify each piece.
- 2. Attach Side Rails to Headboard:** Connect the side rails to the headboard using the provided bolts and the Allen wrench. Do not fully tighten bolts until all major components are connected.
- 3. Attach Side Rails to Footboard:** Connect the other end of the side rails to the footboard. Ensure the circular design elements on the headboard and footboard are facing outwards.
- 4. Install Center Support Legs:** Attach any center support legs to the main frame as indicated in the included diagram. These provide additional stability.
- 5. Place Slats:** Position the metal slats across the bed frame. The slats are designed for easy installation and provide sturdy support for your mattress. Ensure they are evenly spaced and secured.

6. **Final Tightening:** Once all components are in place and aligned, fully tighten all bolts and screws.

Figure 4.1: Assembly Features. This image highlights the easy assembly design, the noise-free foam pads on the slats, and the robust slat support system.

## 5. OPERATING INSTRUCTIONS

Once assembled, the SHA CERLIN bed frame is ready for use. No box spring is required, as the metal slats provide sufficient support for your mattress.

- **Mattress Placement:** Place your King size mattress directly onto the assembled metal slats. The frame is designed to accommodate mattresses with a recommended height of 8 to 14 inches.
- **Weight Capacity:** The bed frame is designed to support a maximum weight of 800 lbs, including the mattress and occupants.
- **Under-bed Storage:** The frame provides approximately 13.98 inches of clearance underneath, offering ample space for storage containers to help keep your room tidy.

## LARGE UNDER-BED STORAGE

Keep your room tidy and clean at any time.

Figure 5.1: Under-bed Storage. This image demonstrates the generous 12.4-inch clearance beneath the bed frame, suitable for storing various items in baskets.

Figure 5.2: Mattress Recommendation and Design. This diagram shows the recommended mattress height (8"~14") and highlights the frame's design intended to prevent mattress sliding.

## 6. MAINTENANCE AND CARE

---

To ensure the longevity and appearance of your bed frame, follow these simple care instructions:

- **Cleaning:** Wipe the metal surfaces with a dry cloth to remove dust and debris. Avoid using harsh chemicals or abrasive cleaners, which can damage the finish.
- **Regular Inspection:** Periodically check all bolts and connections to ensure they remain tight. Re-tighten if necessary to maintain stability and prevent noise.
- **Floor Protection:** The bed frame is equipped with plastic pads on the legs to prevent scratches to your floor. Ensure these pads are intact and in place.

## 7. TROUBLESHOOTING

---

If you encounter any issues with your bed frame, refer to the following common solutions:

- **Noise/Squeaking:**

- Ensure all bolts and screws are fully tightened. Loose connections are a common cause of noise.
- Verify that the noise-free foam pads are correctly installed on the metal slats.
- Check if the bed frame is level on your floor. Uneven surfaces can cause stress on the frame and lead to noise.

- **Mattress Sliding:**

- The bed frame is designed with an "embedded design" to minimize mattress movement. Ensure your mattress is properly centered on the slats.
- If sliding persists, consider using a non-slip mattress pad between the mattress and the slats.

- **Instability/Wobbling:**

- Re-check all connections and ensure they are securely fastened.
- Confirm that all support legs are making firm contact with the floor.

## 8. SPECIFICATIONS

---

<b>Model Number:</b>	SC-U0114-4-BK
<b>Brand:</b>	SHA CERLIN
<b>Size:</b>	King
<b>Product Dimensions (L x W x H):</b>	81.55" L x 76.77" W x 44.09" H
<b>Material:</b>	Metal (Iron)
<b>Color:</b>	Black
<b>Weight Capacity:</b>	Up to 800 lbs
<b>Under-bed Clearance:</b>	Approximately 13.98 inches
<b>Assembly Required:</b>	Yes (Estimated 30 minutes for one person)
<b>Box Spring Required:</b>	No
<b>Special Features:</b>	Squeak Resistant, Underbed Storage, Circular Headboard and Footboard
<b>Product Care:</b>	Wipe with Dry Cloth
