Brand: ODK

1. PRODUCT OVERVIEW

The ODK L-Shaped Corner Desk is designed to provide a functional and organized workspace. It features a reversible design, allowing it to be configured for either left or right-hand orientation to best suit your room layout. The desk includes integrated storage solutions and convenient power options.

Key Features:

- **Ample Storage:** Includes 2 file drawers, a printer cabinet, a 2-tier lower shelf, and a computer tower stand for efficient organization.
- **LED Lighting:** Features a cool LED lighting system with 10 colors, 10 modes, 8 adjustable brightness levels, and 9 flicker frequencies. It also has a memory function to recall the last used setting.
- **Integrated Power:** Equipped with 2 standard power outlets and 2 USB ports for convenient charging of your devices.
- **Extra-Large Workspace:** The main desktop length is 100 cm, providing more space compared to standard corner desks.
- **Reversible Design:** Can be assembled as a left or right-angled desk to fit various room configurations.
- **Sturdy Construction:** Built with a robust metal frame and high-quality MDF panels for enhanced durability and stability.

2. SAFETY INFORMATION

Please read and adhere to the following safety guidelines to ensure safe use and longevity of your ODK L-Shaped Corner Desk:

- Assemble the desk with care, following all instructions precisely.
- Do not overload the desk or its storage compartments beyond their intended capacity to maintain stability.
- Ensure the desk is placed on a flat, stable surface.
- Do not use the L-desk inverted or in any configuration other than its intended upright, L-shaped setup, as this may lead to instability and risk of tipping.
- Keep all electrical components (LEDs, power strip) away from liquids.
- Regularly check all screws and connections to ensure they remain tight.

3. SETUP AND ASSEMBLY

Your ODK L-Shaped Corner Desk requires assembly. Please follow the detailed assembly instructions provided in the packaging. It is recommended to have two people for assembly to ensure ease and safety.

Assembly Tips:

- Lay out all components and hardware before beginning assembly. Verify that all parts are present according to the parts list.
- Pay close attention to the diagrams in the assembly manual, especially when determining the left or right orientation for the reversible design.
- **Important Screw Note:** There are screws of different lengths (e.g., 20mm and 23mm). Ensure you use the correct screw for each step as indicated in the instructions. Incorrect screw usage, particularly on the desktop panels, can damage the veneer.
- Do not overtighten screws during initial assembly; tighten them fully once the entire structure is aligned.

4. OPERATING INSTRUCTIONS

LED Lighting System:

The desk is equipped with an integrated LED lighting strip located under the monitor stand. This system offers various customization options:

- **Colors:** Choose from 10 different colors to set the ambiance.
- **Modes:** Select from 10 lighting modes, including static colors, fades, and flashes.
- **Brightness:** Adjust the brightness across 8 levels to suit your preference.
- **Flicker Frequencies:** There are 9 different flicker frequencies available.
- **Memory Function:** The system remembers your last selected color and mode when powered off and on.

To operate the LED lights, use the control panel or remote (if included) to cycle through colors, modes, and adjust brightness. Ensure the LED strip is properly connected to a power source via the USB port.

Storage Features:

The desk is designed with multiple storage options to help keep your workspace tidy:

- **File Drawers:** Two spacious drawers are provided for organizing letter and A4 size files, as well as other office supplies.
- **Printer Cabinet:** A dedicated space for your printer, keeping it off the main desktop.
- **Lower Shelf:** A 2-tier shelf offers additional space for books, decor, or other items.
- **Computer Tower Stand:** A designated area to place your computer tower, promoting better airflow and saving desktop space.

5. MAINTENANCE

To ensure the longevity and appearance of your ODK L-Shaped Corner Desk, follow these maintenance guidelines:

- **Cleaning:** Wipe surfaces with a soft, damp cloth. Avoid using harsh chemicals, abrasive cleaners, or polishes that may damage the finish.
- **Spills:** Immediately wipe up any spills to prevent staining or damage to the wood and metal components.
- **Heat and Moisture:** Avoid placing hot items directly on the desk surface. Use coasters for drinks to prevent moisture rings.
- **Sunlight:** Prolonged exposure to direct sunlight may cause fading or discoloration.
- **Hardware:** Periodically check all screws and fasteners to ensure they are tight. Retighten if necessary to maintain stability.

6. TROUBLESHOOTING

If you encounter any issues with your ODK L-Shaped Corner Desk, refer to the following common troubleshooting steps:

Desk Instability/Wobbling:

- **Check Assembly:** Ensure all screws and fasteners are securely tightened. Refer back to the assembly instructions to confirm all steps were followed correctly.
- **Level Surface:** Verify that the desk is placed on a flat and even floor. Adjust the leveling feet (if present) on the bottom of the desk legs to compensate for uneven surfaces.
- **Overload:** Ensure the desk is not overloaded with excessive weight, which can affect stability.

LED Lights Not Working:

- **Power Connection:** Check if the LED strip's USB cable is securely plugged into a functioning USB port on the desk's power strip or another power source.
- **Desk Power:** Ensure the desk's main power cord is plugged into a live wall outlet.
- **Control Unit:** Verify that the LED control unit is properly connected and not damaged. Try pressing the power button on the control unit.

Power Outlets/USB Ports Not Functioning:

- **Main Power:** Confirm the desk's main power cord is firmly plugged into a working wall outlet.
- **Overload:** Avoid plugging in too many high-power devices simultaneously, which could trip a circuit breaker (if applicable) or overload the strip.
- **Device Check:** Test the outlets/USB ports with a different device to rule out an issue with your device.

If these steps do not resolve the issue, please contact customer support for further assistance.
