PRODUCT OVERVIEW

The Blackview Airbuds 8 feature a semi-in-ear design for comfortable wear and are equipped with advanced audio technology.

Crystal Clear Sound

13mm Speaker drivers create premium sound with strong bass and clear treble

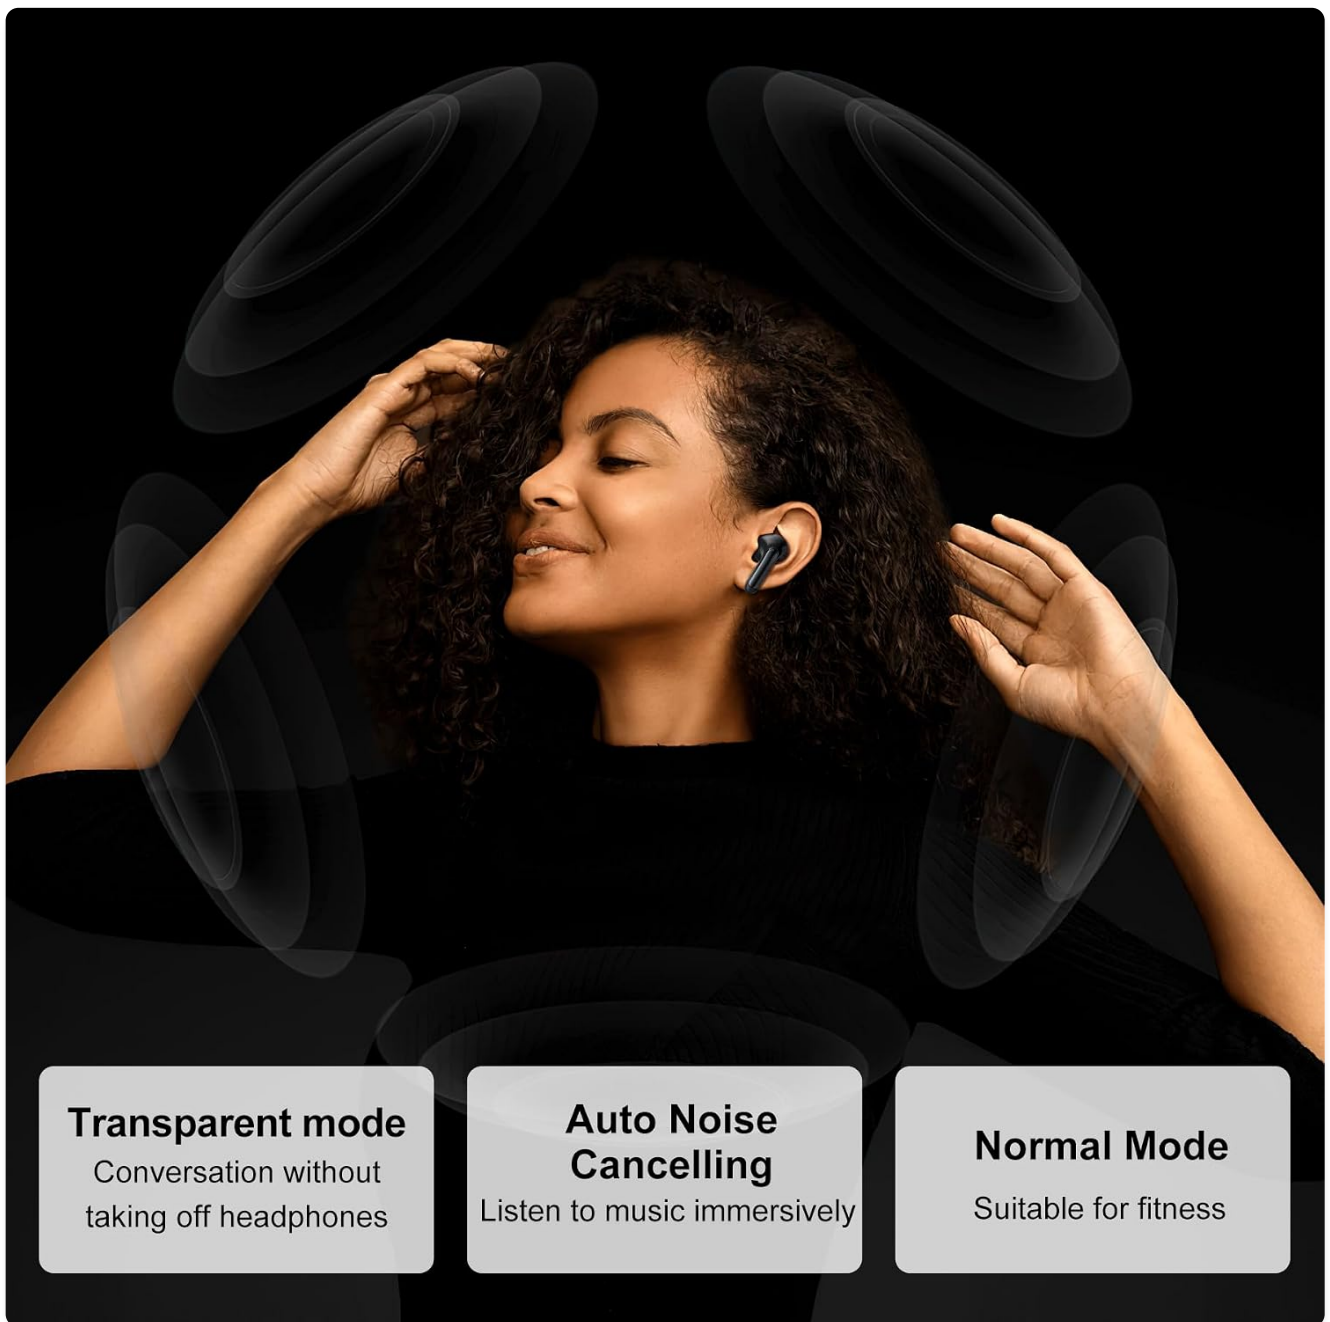

Image: An exploded view diagram illustrating the 13mm dynamic composite drivers responsible for the earbuds' premium sound quality, emphasizing strong bass and clear treble.

Dual Noise Reduction Function

Dual noise reduction function makes music and calls clearer

SETUP AND PAIRING

The Blackview Airbuds 8 are designed for quick and seamless pairing with your devices.

Initial Pairing:

1. Ensure both earbuds are in the charging case and the case has sufficient charge.
2. Open the charging case lid. The earbuds will automatically enter pairing mode.
3. On your device (smartphone, tablet, laptop), enable Bluetooth and search for available devices.
4. Select "Airbuds 8" from the list of discovered devices to connect.
5. Once connected, a voice prompt will confirm successful pairing.

The earbuds utilize Bluetooth 5.3 for stable connections up to 15 meters (49 feet), ensuring low-latency audio without stutter or drop.

OPERATING INSTRUCTIONS

The Airbuds 8 feature seamless touch controls for easy management of your audio and calls.

Touch Controls:

Action	Control
Play/Pause Music	Single tap on either earbud
Next Track	Double tap on the right earbud
Previous Track	Double tap on the left earbud
Answer/End Call	Single tap on either earbud
Reject Call	Press and hold either earbud for 2 seconds
Activate Voice Assistant (Siri/Alexa)	Triple tap on either earbud
Adjust Volume	Volume +: Tap right earbud 3 times. Volume -: Tap left earbud 3 times.

Smart Touch Control

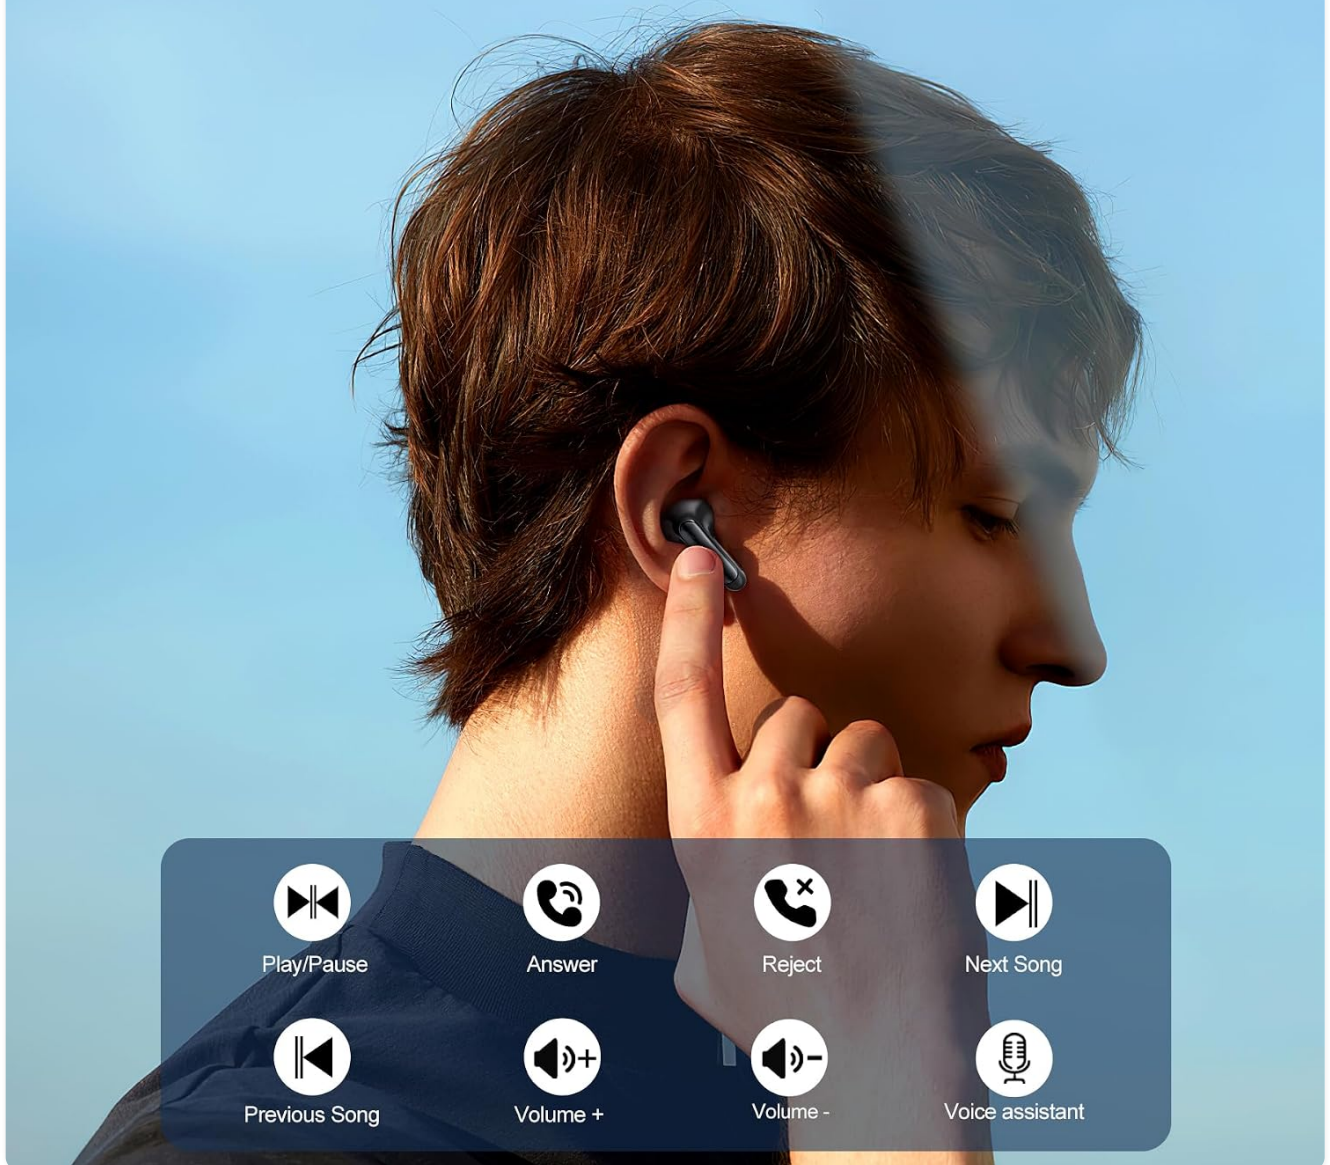

Image: A detailed diagram illustrating the smart touch controls on the earbuds, including functions for play/pause, answering/rejecting calls, skipping tracks, adjusting volume, and activating voice assistant.

Noise Control Modes:

The Airbuds 8 offer versatile noise control options to suit your environment:

- **Active Noise Cancellation (ANC):** Blocks steady background noise for immersive listening.
- **Transparency Mode:** Allows you to hear your surroundings while still enjoying your audio, ideal for conversations or awareness.
- **Normal Mode:** Standard audio experience without active noise cancellation or transparency.

To switch between modes, press and hold the left earbud for 2 seconds. A voice prompt will confirm the mode change.

CHARGING AND BATTERY LIFE

The Blackview Airbuds 8 provide extended listening time with their efficient battery system.

- **Earbud Playtime:** Up to 8 hours on a single charge.

- **Total Playtime with Charging Case:** Up to 56 hours.
- **Quick Charge:** A 10-minute charge via Type-C provides an additional 3 hours of playtime.
- **Charging Case Capacity:** 400 mAh.
- **Charging Case Charging Time:** Approximately 2 hours.

The charging case features a digital display to show the remaining battery percentage of the case and the individual charge status of each earbud.

Image: Visual representation of the impressive 56-hour total battery life, with breakdowns for single-use music time (6-8 hours) and quick charging (1.5 hours for full case charge).

MAINTENANCE AND CARE

To ensure the longevity and optimal performance of your Blackview Airbuds 8, follow these care guidelines:

- **Cleaning:** Regularly wipe the earbuds and charging case with a soft, dry, lint-free cloth. For ear tips, remove them and clean with mild soap and water, then dry thoroughly before reattaching.
- **Waterproofing (IPX7):** The earbuds are IPX7 waterproof, meaning they can withstand submersion in up to 1

meter of water for 30 minutes. This protects against sweat and rain. However, they are not designed for swimming or prolonged water immersion. Ensure the charging port is dry before charging.

- **Storage:** Store the earbuds in their charging case when not in use to protect them and keep them charged. Avoid extreme temperatures.
- **Avoid Impact:** Do not drop or expose the earbuds to strong impacts, as this may damage internal components.

TROUBLESHOOTING

If you encounter any issues with your Blackview Airbuds 8, try the following solutions:

Common Issues & Solutions:

- **Earbuds not pairing:**
 - Ensure both earbuds are in the charging case and the lid is open.
 - Turn off and on Bluetooth on your device.
 - Forget "Airbuds 8" from your device's Bluetooth list and re-pair.
 - Ensure earbuds and case are charged.
- **No sound or low volume:**

- Check device volume and earbud volume.
- Ensure earbuds are properly seated in your ears.
- Clean any debris from the earbud speakers.
- **Charging issues:**
 - Ensure the Type-C cable is securely connected to both the case and power source.
 - Verify the power source is working.
 - Clean the charging contacts on both the earbuds and inside the case.
- **Touch controls unresponsive:**
 - Ensure your fingers are clean and dry.
 - Try resetting the earbuds by placing them in the case and closing the lid for a few seconds, then reopening.

WARRANTY AND SUPPORT

Blackview products typically come with a standard manufacturer's warranty. For detailed warranty information, product support, or to inquire about repairs, please refer to the warranty card included in your packaging or visit the official Blackview website. You can also contact Blackview customer service directly for assistance.
