SMOOL SMOOL-223

SMOOL Vanity with Lighted Mirror

INSTRUCTION MANUAL

1. Introduction

Thank you for choosing the SMOOL Vanity with Lighted Mirror. This makeup vanity desk is designed to enhance your daily beauty routine with its integrated lighting, ample storage, and convenient power features. This manual provides essential information for assembly, operation, maintenance, and troubleshooting to ensure you get the most out of your new vanity.

2. Safety Information

Please read and understand all safety warnings before assembly and use. Failure to follow these instructions may result in injury or damage to the product.

- **Electrical Safety:** Be cautious while handling electrical components. Ensure they are not left unattended or within reach of children and pets. Always unplug the vanity from the power outlet before cleaning or performing any maintenance.
- **Stability:** The vanity is designed to withstand normal use without collapsing or causing injury due to instability. For added safety, especially in households with children or pets, consider securing the vanity to the wall using anti-tip hardware (not included, but recommended).
- **Weight Capacity:** Do not overload drawers or the desktop. Distribute weight evenly.
- **Placement:** Place the vanity on a flat, stable surface. Avoid placing it in areas with high humidity or direct sunlight, which can damage the material.

- **Cleaning:** Use a dry cloth for cleaning. Avoid harsh chemicals or abrasive cleaners.

3. Package Contents

Before beginning assembly, verify that all parts listed below are present and undamaged. If any parts are missing or damaged, please contact customer support.

- Vanity Desk Components (various panels and hardware)
- Lighted Mirror with LED Bulbs
- Cushioned Stool
- Power Outlet and USB Port Unit
- Assembly Hardware (screws, dowels, cam locks, etc.)
- Instruction Manual (this document)

4. Setup and Assembly

Assembly of the SMOOL Vanity Desk requires patience and attention to detail. It is recommended to have at least two people for assembly. Please follow the included step-by-step assembly guide carefully. A power drill with screwdriver bits can significantly reduce assembly time.

1. **Prepare Workspace:** Clear a spacious area for assembly. Lay out all components and hardware, organizing them by type or step as indicated in the separate assembly guide.
2. **Assemble Base Units:** Begin by assembling the two side drawer units and the central desk section according to the detailed diagrams.
3. **Install Drawers:** Once the main frame is complete, install the drawer slides and assemble the seven drawers. Ensure smooth operation.
4. **Attach Mirror:** Securely attach the lighted mirror to the top of the vanity desk. Follow instructions for proper alignment and stability.
5. **Connect Electrical Components:** Plug in the LED mirror lights and the integrated power strip. Ensure all connections are secure and routed safely.
6. **Assemble Stool:** Assemble the cushioned stool.
7. **Final Check:** Verify all screws are tightened and the vanity is stable before use.

Note: The assembly process can be time-consuming due to the number of parts. Refer to the separate detailed assembly instructions provided in your package for specific diagrams and hardware identification.

5. Operating Instructions

5.1 Lighted Mirror Operation

The vanity mirror features 14 premium built-in LED bulbs with adjustable lighting modes and brightness levels.

- **Power On/Off:** Locate the control switch on the power cord. Press the power button to turn the lights on or off.
- **Change Lighting Modes:** The mirror offers 3 color lighting modes: Warm Yellow, Warm White (Natural White), and Cold White. Press the mode button (often indicated by 'M' or a lightbulb icon) to cycle through these options.
- **Adjust Brightness:** Use the '+' and '-' buttons on the control switch to increase or decrease the brightness of the lights to your desired level.

3 Color Lighting Modes, Adjustable Brightness

5.2 Power Outlet and USB Ports

The vanity includes a convenient charging station with 2 standard plug sockets and 2 USB ports.

- **Usage:** Plug in your hair dryer, curling iron, beauty devices, or charge your phone directly from the vanity.
- **Safety:** Ensure devices are compatible with the power output. Do not overload the outlets.

Image: A detailed view of the integrated power strip on the side of the vanity, showing two electrical outlets and two USB charging ports.

5.3 Storage Drawers

The vanity features 7 spacious drawers for organized storage of cosmetics, jewelry, and other items.

- **Drawer Sizes:** One large middle drawer (21.5" W x 4.7" H) and six deep side drawers (10.6" W x 9" H).
- **Organization:** Utilize the partitioned storage design to keep your beauty essentials neat and easily accessible.

Image: An aerial perspective of the vanity desk with all seven drawers pulled open, showcasing the large desktop area and the crystal ball knobs on the drawers, filled with various beauty products.

6. Maintenance

Proper care will extend the life and appearance of your SMOOL Vanity Desk.

- **Cleaning Surfaces:** Wipe all surfaces with a soft, dry cloth. For stubborn marks, a slightly damp cloth can be used, followed immediately by a dry cloth. Avoid using abrasive cleaners, harsh chemicals, or polishes that may damage the finish.
- **Mirror Care:** Clean the mirror with a glass cleaner and a lint-free cloth. Spray cleaner onto the cloth, not directly onto the mirror, to prevent liquid from seeping into the edges.
- **Drawer Maintenance:** Periodically check drawer slides for smooth operation. If drawers become stiff, a small amount of silicone lubricant can be applied to the slides.
- **Electrical Components:** Keep the power outlet and USB ports clean and free of dust. Do not attempt to repair or modify electrical components yourself.

- **Bulb Replacement:** If an LED bulb needs replacement, contact customer support for compatible replacement bulbs. Do not use non-specified bulbs.

7. Troubleshooting

This section addresses common issues you might encounter with your vanity desk.

Problem	Possible Cause	Solution
Lights not turning on.	Power cord not plugged in; loose connection; faulty bulb.	Ensure power cord is securely plugged into a working outlet. Check all connections. If a bulb is out, contact customer support for replacement.
Lights are too dim or too bright.	Brightness setting is incorrect.	Use the '+' and '-' buttons on the control switch to adjust brightness.
Drawers are sticking or difficult to open/close.	Drawer slides are misaligned or need lubrication; drawer is overloaded.	Check alignment of drawer slides and re-adjust if necessary. Apply silicone lubricant to slides. Reduce contents of the drawer.
Power outlets/USB ports not working.	Vanity not plugged in; circuit breaker tripped; faulty unit.	Ensure the vanity's main power cord is plugged in. Check your home's circuit breaker. If issue persists, contact customer support.

8. Specifications

- **Brand:** SMOOL
- **Model Number:** SMOOL-223
- **Color:** Marble (as per current product variant)
- **Frame Material:** Engineered Wood
- **Product Dimensions:** 44" W x 16" D x 58" H (16 x 44 x 58 inches)
