RELAX4LIFE YC54403IT-200x180

RELAX4LIFE Children's Playpen Instruction Manual

Model: YC54403IT-200x180

INTRODUCTION

This manual provides detailed instructions for the assembly, operation, and maintenance of your RELAX4LIFE Children's Playpen. Please read all instructions carefully before use and retain this manual for future reference. The playpen is designed to provide a safe and spacious activity area for children aged 0-3 years.

Key features include a sturdy wrought iron pipe structure, durable and scratch-resistant Oxford fabric, transparent and breathable mesh sides for visibility, and an external zipper door for easy access. The playpen also comes with 4 rings and 50 play balls to enhance the child's play experience.

SAFETY INFORMATION

- Always supervise children when they are inside the playpen.
- Ensure all parts are correctly assembled and securely fastened before placing a child inside.
- Do not leave children unattended.
- Keep small objects that could pose a choking hazard out of the playpen.
- Do not modify the playpen or use accessories not approved by the manufacturer.
- Place the playpen on a flat, stable surface away from stairs, heat sources, and electrical outlets.
- The corner design is wrapped with soft Velcro to cushion impacts and prevent injuries.

PARTS LIST

Please ensure all components are present before beginning assembly:

- 1 x Playpen Cloth (with mesh sides and zipper door)
- Smooth Pipes (87cm length)
- Smooth Pipes (71cm length)
- Foam Pipes (62cm length)
- Corner Tees (for connecting top frame)
- T-Joints (for connecting top frame)
- Suction Cup Tees (for connecting bottom frame)
- T-Joints (for connecting bottom frame)
- 50 x Play Balls
- 4 x Rings

Dimensioni del Prodotto

ASSEMBLY INSTRUCTIONS

Follow these steps to assemble your playpen:

- 1. Prepare the Base:** Spread the playpen cloth flat on the ground, ensuring the bottom fabric is fully extended.
- 2. Assemble the Bottom Frame:** Insert the smooth pipes (87cm and 71cm lengths) into the corresponding sleeves around the bottom perimeter of the playpen cloth. Use the 4 suction cup tees and 4 T-Joints to connect these pipes, forming the rectangular base frame. Ensure all connections are secure.
- 3. Install Vertical Supports:** Insert the foam pipes (62cm length) vertically into the designated positions around the playpen cloth. These pipes will form the vertical supports for the playpen walls.
- 4. Assemble the Top Frame:** Install the remaining foam tubes of the corresponding size on top of the fence fabric. Connect these tubes using the corner tees and T-Joints to form the upper rectangular frame. Ensure all connections are firm and the fabric is taut.
- 5. Secure the Fabric:** Ensure the double-layer Oxford cloth and mesh panels are properly aligned and secured around the frame. The pasted design (Velcro) should be used to fasten the fabric securely to the frame at the corners and along the top edges.

OPERATING INSTRUCTIONS

Using the Zipper Door

The playpen features an external zipper door for convenient access. To open, simply unzip the door from the outside. This allows for easy interaction with your child and prevents accidental opening from the inside. Always ensure the zipper is fully closed when the child is inside to maintain a secure play area.

Using the Rings

The four included rings can be attached to the top rail of the playpen. These rings provide support for children learning to stand and walk, encouraging their motor skill development and independent play.

4 anelli per le mani per aiutare i bambini a stare in piedi e a camminare

MAINTENANCE AND CARE

Cleaning

The playpen's Oxford fabric and mesh can be cleaned with a damp cloth and mild soap. Avoid using harsh chemicals or abrasive cleaners, as these may damage the material. Allow all parts to air dry completely before reassembly or storage.

Storage

When not in use, the playpen can be easily disassembled and stored in a dry, cool place. Ensure all components are clean and dry before storage to prevent mold or mildew.

TROUBLESHOOTING

- Playpen feels unstable:** Ensure all pipes are fully inserted into their connectors and that the fabric is taut. Check that the suction cup tees are firmly pressed against the floor.
- Difficulty with assembly:** Refer to the 'Assembly Instructions' section and ensure you are using the correct pipe lengths for each section. If issues persist, contact customer support.

- **Zipper not working smoothly:** Check for any fabric caught in the zipper. Apply a small amount of zipper lubricant if necessary.

SPECIFICATIONS

Brand	RELAX4LIFE
Model Number	YC54403IT-200x180
