3. SETUP AND ASSEMBLY

The Kadablk Suzhou Garden Micro Building Block Set (Center of Courtyard) consists of 3888 pieces. Assembly requires patience and careful attention to detail due to the small size of the blocks.

3.1. Preparation

1. **Unpack Carefully:** Open the package and lay out all the bags containing the building blocks.
2. **Sort Pieces:** It is highly recommended to sort the blocks by color, shape, or size before beginning. This will significantly ease the building process. Some bags may intentionally contain similar bricks to aid in identification.
3. **Review Instructions:** Familiarize yourself with the pictorial instruction manual provided. All instructions are visual, with numerical counts for pieces needed at each step.
4. **Tools (Optional):** A small tool like tweezers or a butter knife can be helpful for handling very small pieces or separating incorrectly placed blocks.

3.2. Assembly Process

Follow the step-by-step pictorial instructions provided in the manual. Each step will show the required pieces and their placement. Ensure each block is firmly connected to create a stable structure.
