

BUGANI M99-TWS

BUGANI M99 Bluetooth Speakers User Manual

Model: M99-TWS

1. INTRODUCTION

Thank you for choosing the BUGANI M99 Portable Bluetooth Speakers. These speakers are designed to provide a high-quality audio experience with the convenience of True Wireless Stereo (TWS) pairing, long battery life, and a durable, waterproof design. This manual will guide you through the setup, operation, and maintenance of your new speakers.

2. PACKAGE CONTENTS

Please check the package to ensure all items are present:

- 2 x BUGANI 40W Bluetooth Speakers (M99-TWS)
- 2 x USB Type-C Charging Cables
- 2 x AUX Cables
- 1 x User Manual

3. SETUP AND CHARGING

3.1 Charging the Speakers

Before first use, fully charge both speakers. The M99 speakers are designed for extended use, offering up to 24 hours of playtime on a full charge.

1. Connect the provided USB Type-C charging cable to the charging port on the speaker.
2. Connect the other end of the cable to a compatible USB power adapter (not included).
3. The charging indicator light will illuminate during charging and turn off when fully charged.

3.2 Initial Power On

Press and hold the power button on each speaker to turn them on. A white indicator light will begin to flash, indicating they are ready for pairing.

4. OPERATING INSTRUCTIONS

4.1 True Wireless Stereo (TWS) Pairing

To achieve a synchronized audio experience with two speakers, follow these steps for TWS pairing:

1. Ensure both BUGANI M99 speakers are powered on. The white indicator lights on both speakers will be flashing.
2. Rapidly press the Play/Pause button twice on **one** of the M99 speakers. This speaker will become the primary speaker.
3. Wait for the speakers to connect. Once successfully paired, the white indicator light on the primary speaker will remain steady, while the indicator light on the secondary speaker will continue to flash.
4. Proceed to Bluetooth connection with your device (Section 4.2).

4.2 Bluetooth Connection

After TWS pairing (if applicable) or for single speaker use, connect your device via Bluetooth:

1. On your smartphone, tablet, or computer, open the Bluetooth settings.
2. Locate and select "BUGANI M99" from the list of available devices.
3. Once connected, the indicator light on the speaker (or primary speaker in TWS mode) will turn solid white, and you will hear a confirmation tone.

4.3 Controls

The BUGANI M99 speakers feature intuitive controls for easy operation:

Image: Control button layout and functions on the BUGANI M99 speaker.

- **Power Button:** Press and hold to turn on/off.
- **Volume +:** Short press to increase volume.
- **Volume -:** Short press to decrease volume.
- **Play/Pause Button:** Short press to play or pause music. Double press for TWS pairing.
- **Previous Track Button:** Short press to go to the previous song.
- **Next Track Button:** Short press to go to the next song.

4.4 Hands-Free Calling

The M99 speakers include a built-in microphone for hands-free calling when connected to your smartphone.

- **Answer Call:** Short press the Play/Pause button.
- **End Call:** Short press the Play/Pause button.
- **Reject Call:** Press and hold the Play/Pause button.

5. MAINTENANCE

To ensure the longevity and optimal performance of your BUGANI M99 speakers, follow these maintenance guidelines:

- **Cleaning:** Use a soft, dry cloth to clean the speaker's surface. Do not use abrasive cleaners or solvents.
- **Water Resistance:** The speakers feature an IPX5 waterproof rating, meaning they are protected against low-pressure water jets from any direction. They are suitable for use in environments like poolside or during light rain. Do not submerge the speakers in water.
- **Storage:** Store the speakers in a cool, dry place away from direct sunlight and extreme temperatures when not in use for extended periods.
- **Battery Care:** To preserve battery life, avoid fully discharging the speakers frequently. Charge them regularly, even if not in constant use.

6. TROUBLESHOOTING

If you encounter issues with your BUGANI M99 speakers, refer to the following common problems and solutions:

Problem	Possible Cause	Solution
Speakers do not turn on.	Low battery.	Charge the speakers fully using the provided Type-C cable.
Cannot pair speakers in TWS mode.	Incorrect pairing procedure or speakers too far apart.	Ensure both speakers are on and close to each other. Rapidly double-press the Play/Pause button on only one speaker. Refer to Section 4.1.

Problem	Possible Cause	Solution
No sound or low volume.	Volume too low on speaker or device; device not connected.	Increase volume on both the speaker and your connected device. Ensure Bluetooth is connected (solid white light).
Bluetooth connection unstable or drops.	Device too far from speakers; interference.	Move your device closer to the speakers (within 100 feet). Avoid obstacles or other strong wireless signals.
Sound only comes from one speaker in TWS mode.	TWS pairing not successful or device connected to only one speaker.	Repeat the TWS pairing steps (Section 4.1). Ensure your device is connected to the primary speaker (the one with the solid white light after TWS pairing).

7. SPECIFICATIONS
