AMERLIFE FT126A68C

AMERLIFE FT126A68C Floating Fireplace TV Stand Instruction Manual

Model: FT126A68C

1. INTRODUCTION

Thank you for purchasing the AMERLIFE Floating Fireplace TV Stand. This manual provides essential information for the safe assembly, installation, operation, and maintenance of your new entertainment center. Please read these instructions thoroughly before beginning assembly or operation and retain for future reference.

2. IMPORTANT SAFETY INFORMATION

To reduce the risk of fire, electric shock, or injury, please observe the following:

- Do not attempt to move or assemble the product without assistance.
- Ensure the wall mounting is secure and can support the weight of the product.
- Keep children and flammable materials away from the fireplace.
- Do not exceed the maximum load capacity of 200 LBS.
- Be cautious of sharp edges and small parts during assembly.
- Ensure all electrical connections are properly grounded and meet local codes.
- Do not cover the heater vent of the electric fireplace.

3. PACKAGE CONTENTS

Your AMERLIFE Floating Fireplace TV Stand is shipped in two packages (Box A and Box B), which may arrive at different times. Please verify all components are present before beginning assembly.

TV Size

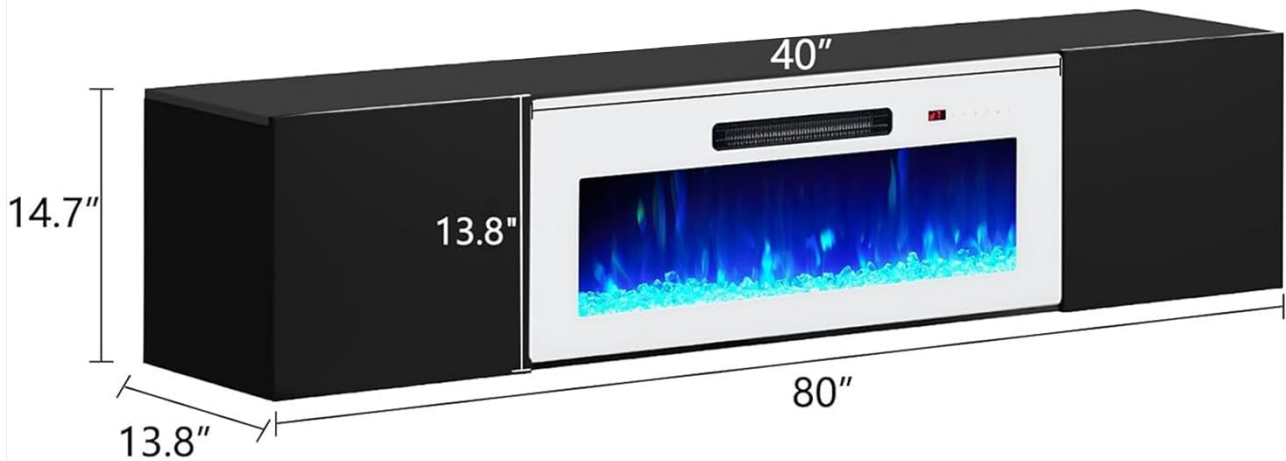

90 Inches

Dimension

TV Stand-80"W×13.8"D×14.7"H
Fireplace-40"W×13.8"H

Capacity

Countertop: 220LBS

Come with TWO packages
(May not arrive at the same time)

Image: Packaging diagram showing two boxes, Box A and Box B, with a note that they may arrive separately.

Included Components:

- Floating TV Stand components (panels, shelves, doors)
- 40" Electric Fireplace unit
- Assembly hardware (screws, dowels, hinges, wall mounting brackets)
- Remote control for fireplace and LED lights
- Detailed instruction manual

5. ASSEMBLY INSTRUCTIONS

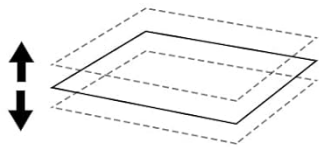

Assembly is required. All parts are labeled for easy identification. Follow the detailed instructions and diagrams provided in the separate assembly booklet. It is recommended to have two people for assembly and installation.

General Assembly Steps:

1. Unpack all components and verify against the parts list.
2. Assemble the main cabinet structure using the provided hardware.
3. Install the adjustable shelves in the side compartments.
4. Integrate the 40-inch electric fireplace unit into the central opening.
5. Attach the cabinet doors using the provided hinges.
6. Connect the LED lights (if not pre-installed) and route wiring as instructed.

Note: The LED lights are typically found in the box with the electric fireplace.

Storage Space with Adjustable Shelf & LED Lights

Adjustable Shelf

8 Colors LED Lights

Large Capacity Storage

6. INSTALLATION

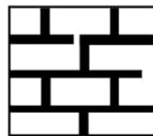

This TV stand is designed for wall mounting. Proper installation is crucial for safety and stability.

Wall Type Compatibility:

- **Suitable for:** Concrete walls, Brick walls.
- **Not suitable for:** Wooden walls, Hollow walls (e.g., drywall without stud reinforcement).

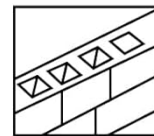

Concrete Wall

Brick Wall

Wooden Wall

Hollow Wall

Image: A visual guide indicating that the floating TV stand is suitable for mounting on concrete and brick walls, but not recommended for wooden or hollow walls without additional reinforcement.

Mounting Procedure:

1. Use the provided template to mark drilling locations on the wall.
2. Drill pilot holes and install the wall mounting brackets securely. Ensure these are anchored into solid wall material (concrete, brick) or reinforced studs.
3. With assistance, lift the assembled TV stand and carefully align it with the wall brackets.
4. Secure the TV stand to the brackets as per the assembly instructions.
5. For optimal viewing and comfort, position the cabinet around 17 to 20 inches high from the floor.

Important: If mounting to drywall, additional reinforcement (e.g., wood lumber secured to studs) may be necessary to ensure adequate support for the unit's weight and any items placed on it.

7. OPERATING INSTRUCTIONS

Your floating TV stand features an integrated electric fireplace and LED lighting. Both can be controlled via the intelligent touchscreen panel or the included remote control.

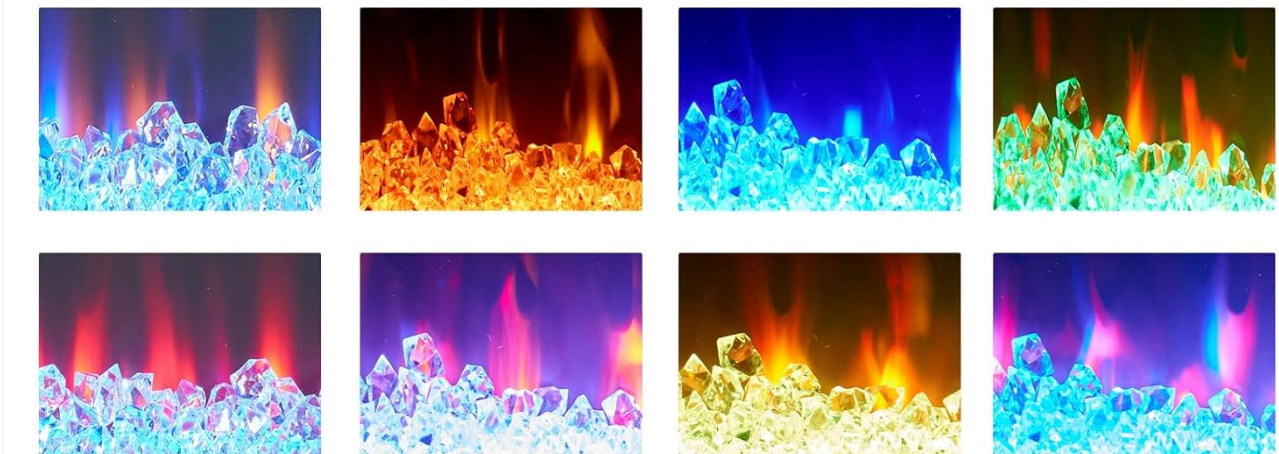

Image: The control panel and remote for the 40-inch electric fireplace, illustrating options for power, flame color, heat, timer, ember bed, and brightness adjustment. Multiple flame color examples are shown below.

7.1 Electric Fireplace Operation:

- **Power On/Off:** Press the power button on the touchscreen or remote.
- **Flame Color:** Cycle through various flame colors (e.g., red, blue, purple, green, orange) using the flame color button.
- **Heat Settings:** Adjust the thermostat to your desired temperature. The fireplace offers adjustable temperature settings and 5 levels of dimmers for flame intensity.
- **Timer:** Set an on/off timer for automatic operation.
- **Brightness:** Adjust the brightness of the flame effect.

- **Ember Bed:** Select from various ember bed colors.

7.2 LED Lights Operation:

- The integrated LED lights in the side compartments can be controlled independently.
- Use the remote control or dedicated buttons (if available) to change colors and turn them on/off.

8. MAINTENANCE

- **Cleaning:** Wipe surfaces with a dry, soft cloth. Avoid abrasive cleaners or harsh chemicals that may damage the high-gloss finish.
- **Fireplace:** Ensure the fireplace vents are clear of obstructions. Periodically check the power cord for damage.
- **General:** Regularly check all screws and connections to ensure they remain tight.

9. TROUBLESHOOTING

Problem	Possible Cause	Solution
Fireplace not turning on.	No power, remote battery low, unit off.	Check power outlet, replace remote batteries, ensure unit is switched on.
No heat output.	Heat function off, thermostat set too low, vents blocked.	Activate heat function, increase thermostat setting, clear any obstructions from vents.
LED lights not working.	Power issue, loose connection.	Check power supply to LED lights, ensure connections are secure.
Unit feels unstable after mounting.	Improper wall anchoring, loose brackets.	Re-check wall type compatibility. Ensure brackets are securely fastened into studs or appropriate anchors. Tighten all connections. Seek professional assistance if unsure.

10. WARRANTY AND SUPPORT

For warranty information or technical support, please refer to the contact details provided with your purchase documentation or visit the official AMERLIFE website. Keep your purchase receipt for warranty claims.
