Trust Gaming Chair GXT 714 Ruya/White User Manual

Model: GXT 714

INTRODUCTION

This manual provides comprehensive instructions for the assembly, operation, maintenance, and troubleshooting of your Trust Gaming Chair GXT 714 Ruya/White. Please read this manual carefully before use to ensure proper function and safety.

Important Safety Information: This product requires assembly. Ensure all parts are securely fastened before use. Do not exceed the maximum weight limit of 136 kg (300 lbs).

SETUP AND ASSEMBLY

The Trust Gaming Chair GXT 714 Ruya/White requires assembly. Follow these steps carefully to ensure correct and safe setup.

Package Contents

Before starting, verify that all components are present. Standard chair components such as the seat, backrest, armrests, base, wheels, gas lift, and assembly hardware (screws, tools) should be expected.

Assembly Instructions

- 1. Attach Wheels to Base:** Insert the five caster wheels into the holes on the star-shaped chair base until they click securely into place.
- 2. Insert Gas Lift:** Place the gas lift cylinder into the central hole of the assembled base. Ensure it sits firmly.
- 3. Attach Mechanism to Seat:** Secure the chair's control mechanism to the underside of the seat using the provided screws. Pay attention to the "FRONT" indicator on the mechanism.
- 4. Connect Backrest to Seat:** Attach the backrest to the seat using the side brackets and screws. Do not overtighten initially.
- 5. Attach Armrests:** Secure the armrests to the seat and backrest assembly. Ensure they are aligned correctly.
- 6. Mount Seat Assembly onto Gas Lift:** Carefully place the assembled seat and backrest onto the gas lift cylinder, ensuring it is centered.

7. **Final Tightening:** Once all parts are in place and aligned, securely tighten all screws.

OPERATING INSTRUCTIONS

Your Trust Gaming Chair GXT 714 Ruya/White offers several adjustable features for optimal comfort.

Height Adjustment

To adjust the chair's height, locate the lever typically found on the right side beneath the seat. Pull the lever upwards while seated to lower the chair, or pull it upwards while standing to raise the chair. Release the lever at your desired height.

Backrest Recline

The chair features a reclining backrest. Locate the recline lever, usually on the right side of the seat, near the backrest. Pull the lever to unlock the backrest, lean back to your desired angle, and release the lever to lock it in place. The chair offers multiple recline angles for personalized comfort.

Image 2: The Trust Gaming Chair GXT 714 Ruya/White demonstrating its multi-angle reclining backrest feature.

Lumbar and Headrest Support

The chair includes adjustable lumbar and headrest cushions. Position these cushions to provide optimal support for your lower back and neck, enhancing ergonomic comfort during extended use.

MAINTENANCE AND CARE

Proper maintenance ensures the longevity and performance of your Trust Gaming Chair GXT 714 Ruya/White.

Cleaning Instructions

- **General Cleaning:** Wipe clean with a damp cloth. Avoid abrasive cleaners or harsh chemicals that may damage the chair's materials.
- **Spot Cleaning:** For spills, blot immediately with a clean, dry cloth. For stubborn stains, use a mild soap solution and a soft cloth, then wipe with a clean, damp cloth and allow to air dry.

Regular Checks

- Periodically check all screws and bolts to ensure they are tight. Retighten if necessary to prevent wobbling or instability.
- Inspect caster wheels for any debris or hair that might impede smooth movement. Clean as needed.
- Ensure the gas lift operates smoothly. If it becomes stiff or loses its ability to hold height, it may require replacement.

TROUBLESHOOTING

This section addresses common issues you might encounter with your gaming chair.

- **Chair Wobbles:**
Ensure all assembly screws are securely tightened. Check that the gas lift is properly seated in the base and the seat mechanism.
- **Height Adjustment Not Working:**
Verify that the height adjustment lever is fully engaged. If the gas lift is faulty, it may need replacement. Contact support for assistance.
- **Backrest Does Not Recline/Lock:**
Check if the recline lever is functioning correctly and not obstructed. Ensure no foreign objects are preventing the mechanism from engaging.
- **Squeaking Noises:**
Apply a small amount of silicone lubricant to moving parts, such as the recline mechanism or where the gas lift meets the base. Avoid oil-based lubricants on plastic components.
