SONGMICS 2-Tier Metal Shoe Organizer Instruction Manual

Model: 2b6cc85d-927a-40d3-9d7a-752d78eaeb8a

Brand: SONGMICS

PRODUCT OVERVIEW

The SONGMICS 2-Tier Metal Shoe Organizer is designed for efficient shoe storage in various home environments. This unit features a customizable shelving design, robust construction, and practical side storage options.

- **Customizable Shelving Design:** Features extra holes on the frame, allowing for height adjustment of each shelf or removal of shelves to accommodate different shoe types.
- **Spacious Storage:** Each level is designed to comfortably house 4-5 pairs of shoes, providing easy access and tidy organization.
- **Reliable Strength:** Constructed from 2.4 mm thick steel wire, ensuring stability and a load capacity of up to 22 lb (10 kg) per tier. The overall weight limit is 53.4 lb (24 kg).
- **Practical Side Storage:** Includes 4 hooks for brushes and small accessories, along with 2 support rails specifically for hanging high heels.
- **Easy Assembly:** Designed with a simple structure and clear instructions for quick setup.

SETUP AND ASSEMBLY

The SONGMICS 2-Tier Metal Shoe Organizer is designed for straightforward assembly. Follow the included instructions and refer to the video guide for visual assistance.

Assembly Steps:

1. Unpack all components and verify against the parts list in the instruction manual.
2. Slide out the telescopic shelves from the Expandable Shelves until the holes for the Cap Screws are visible in the grooves.

3. Attach the Cap Screws to the bottom of the Expandable Shelves as illustrated, but do not tighten them fully at this stage.
4. Thread the Adjustable Foot Pads into the built-in nuts at the bottom of the Brackets.
5. Secure both Expandable Shelves to one Bracket using Washers and Screws.
6. Secure the other Bracket to the other side using Washers and Screws.
7. Adjust the shoe rack to the desired width.
8. Fasten the Cap Screws to secure the shelves.
9. If the shoe rack wobbles on the ground, adjust the feet to make it stable.

OPERATING AND USAGE

The shoe organizer offers flexible usage options to suit your storage needs.

- **Adjustable Shelves:** The height of each shelf can be adjusted to accommodate various shoe types, from flats to boots. Shelves can also be removed for taller items.
- **Capacity:** Each tier can hold 4-5 pairs of standard shoes. The overall unit can hold up to 10 pairs.
- **Side Hooks:** Utilize the 4 side hooks for hanging shoe brushes, keys, or other small accessories. The 2 support rails are ideal for hanging high heels.
- **Placement:** Suitable for entryways, hallways, closets, living rooms, or doorways.

Easy Assembly

Its simple structure and clear instructions
make assembly a breeze

MAINTENANCE

To ensure the longevity and appearance of your SONGMICS 2-Tier Metal Shoe Organizer, follow these maintenance guidelines:

- **Cleaning:** Wipe with a dry cloth to remove dust and dirt. Avoid abrasive cleaners that may damage the finish.

- **Environment:** Do not place the shoe rack in a humid environment for extended periods to prevent rust.
- **Load Capacity:** Ensure the shoe rack is used within its maximum static load capacity of 22 lb (10 kg) per tier and a total of 53.4 lb (24 kg). Do not overload.

TROUBLESHOOTING

If you encounter any issues with your shoe organizer, consider the following:

- **Wobbling:** If the shoe rack wobbles, check that all screws are tightened and adjust the foot pads on the bottom of the brackets to stabilize the unit on uneven surfaces.
- **Difficulty Assembling:** Ensure all components are correctly oriented as per the instruction manual. Do not overtighten screws until the unit is fully assembled and adjusted to the desired width.
- **Missing Parts:** If any parts are missing, please contact SONGMICS customer support.
