

AMAFACE C01

AMAFACE C01 Wireless Bluetooth Headphones User Manual

Model: C01

1. INTRODUCTION

Thank you for choosing the AMAFACE C01 Wireless Bluetooth Headphones. These open-ear sports earbuds are designed for comfort, durability, and high-quality audio, featuring Bluetooth 5.3 connectivity, IPX7 waterproofing, and up to 24 hours of total playtime. This manual provides detailed instructions to help you get the most out of your new headphones.

2. PRODUCT OVERVIEW

Key Features:

- **Powerful Stereo Sound:** Equipped with large 10mm speakers for clear highs and deep bass.
- **Advanced Bluetooth 5.3:** Ensures faster transfer speeds and a stable connection.
- **24 Hours of Long Playback Time:** Up to 5 hours on a single charge, plus 20 hours from the charging case.
- **Comfortable Design & IPX7 Waterproof:** Ergonomically designed ear hooks for a snug fit, protected against sweat and splashes.
- **Open Comfort Design:** Allows you to hear surrounding sounds for safety, especially outdoors.

Ergonomic Design for Sports

Earhook

HD Voice

The ergonomic design ensures a comfortable and secure fit for sports and active use.

25H Long Battery Life

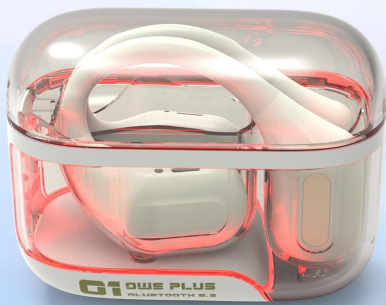

Enjoy extended listening with up to 25 hours of total battery life, including the charging case.

Experience immersive audio with deep and powerful bass for your music and podcasts.

Built-in various cool lights

5 types of
Light switching

Battery for
Earbuds

The charging case features built-in lights, indicating charging status and adding a visual flair.

3. SETUP

3.1 Charging the Headphones and Case

Before first use, fully charge your headphones and charging case. Connect the provided USB-C cable to the charging port on the case and to a power source. The charging case takes approximately 2 hours to fully charge. The earbuds will charge automatically when placed inside the case.

3.2 Pairing with Your Device

1. Ensure the headphones are charged.
2. Open the charging case cover. The headphones will automatically enter pairing mode.
3. On your device (smartphone, tablet, etc.), go to Bluetooth settings.
4. Search for available devices and select "C01" from the list to connect.
5. Once connected, you will hear an audio prompt, and the indicator lights on the earbuds will change.

One-Step Auto Pairing

The headphones offer one-step auto-pairing for quick and easy connection to your device.

3.3 Wearing the Headphones

The AMAFACE C01 headphones feature an open-ear design with flexible ear hooks for a secure and comfortable fit. Gently place the ear hook over your ear, ensuring the speaker rests comfortably near your ear canal without entering it. Adjust for optimal sound and comfort.

OPEN-EAR DESIGN

A New Way of Hearing!
Born for Sports!

Ensure correct placement of the ear hook and speaker for optimal sound and comfort.

4. OPERATING INSTRUCTIONS

4.1 Touch Controls

The AMAFACE C01 headphones utilize touch controls for various functions. The touch sensitive area is located on the side of each earbud.

Action	Function
1x Tap (Left/Right)	Play/Pause Music, Answer/End Call
2x Tap (Left)	Volume Down
2x Tap (Right)	Volume Up
3x Tap (Left)	Previous Track
3x Tap (Right)	Next Track
Long Press 2s (Left/Right)	Reject Call, Activate Voice Assistant

One Button Control

1x: One tap

2x: Double tap

3x: Triple tap

2s: Long press 2s

4.2 Game Mode

The headphones feature a game mode designed to reduce audio latency. In game mode, the headphones can accurately capture subtle audio cues like footsteps and gunshots, providing a competitive advantage in gaming. Refer to the touch control table or product specifications for how to activate game mode.

4.3 Open-Ear Design Benefits

The open-ear design ensures a truly painless and harmless listening experience, as earplugs are not inserted into the ear canal. This design allows you to enjoy your audio while remaining aware of your surroundings, which is crucial for safety during outdoor activities like walking, cycling, or running.

The open-ear design allows for situational awareness during activities like sports, travel, and daily commutes.

5. MAINTENANCE

5.1 Cleaning

Regularly clean your headphones and charging case with a soft, dry, lint-free cloth. Avoid using abrasive materials or harsh chemicals. Do not submerge the charging case in water.

5.2 Water Resistance

The AMAFACE C01 headphones are IPX7 waterproof, protecting them from sweat and splashes. This makes them suitable for workouts and outdoor activities. However, they are not designed for swimming or prolonged submersion. Ensure the charging port is dry before charging.

25H Long Battery Life

25Hrs
With Charging Case

5Hrs
Single Charge

The IPX7 rating ensures protection against sweat and splashes, ideal for active lifestyles.

5.3 Storage

When not in use, store the headphones in their charging case to protect them from dust and damage, and to keep them charged for your next use.

6. TROUBLESHOOTING

6.1 Pairing Issues

- **Headphones not pairing:** Ensure both earbuds are in the charging case, close the lid, then open it again to re-enter pairing mode. Make sure Bluetooth is enabled on your device and select "C01".
- **Only one earbud connecting:** Place both earbuds back in the charging case, close the lid, and then open it. Try pairing again. If the issue persists, try resetting the headphones (refer to product support for specific reset instructions if not provided).
- **Constant pairing while in case:** Ensure the earbuds are properly seated in the charging case and the lid is securely closed. If the case is not fully closed or the earbuds are not making proper contact, they might continuously try to pair.

6.2 Charging Issues

- **Headphones not charging:** Check that the charging contacts on the earbuds and in the case are clean and free of debris. Ensure the charging cable is securely connected to both the case and the power source.
- **Charging indicator light behavior:** The red light on the charging case may stay on even when charging is complete, contrary to some expectations. This is normal behavior for this model.

6.3 Sound Quality Issues

- **Low volume or poor sound:** Ensure the earbuds are worn correctly and securely. Adjust the volume on both your device and the headphones. Check for any obstructions on the speaker grilles.
- **No bass:** The open-ear design naturally provides less bass isolation compared to in-ear headphones. Ensure the earbuds are positioned correctly for optimal sound delivery.
