

## SKKSource AC Adapter Charger

# SKKSource AC Adapter Charger User Manual

**Model:** AC Adapter Charger (Compatible with Hover-1 Gambit, Helios, Jive)

**Brand:** SKKSource

## 1. INTRODUCTION

This manual provides essential instructions for the safe and effective use of your SKKSource AC Adapter Charger. This adapter is designed to provide reliable power to compatible Hover-1 electric scooters, specifically the Gambit (H1-GAM), Helios (H1-HLOS), and Jive (H1-JVE) models. Please read this manual thoroughly before use and retain it for future reference.

**Important Note:**

- Ensure the DC output and tip size of this AC adapter are compatible with your device before connecting.
- This adapter is a high-quality replacement unit.

## 2. SAFETY INFORMATION

Your safety is paramount. Please observe the following precautions:

- **Ventilation:** When using the adapter for extended periods, ensure adequate ventilation and avoid placing it on heat-retaining surfaces or materials.
- **Environment:** Do not expose the adapter to moisture, rain, or extreme temperatures. Use indoors only.
- **Damage:** Do not use the adapter if the cord or plug is damaged. Contact support for a replacement.
- **Compatibility:** Only use this adapter with devices specified as compatible. Using it with incompatible devices may cause damage or fire.
- **Protection Features:** This adapter is equipped with multiple safety features, including protection against incorrect voltage (IV), short circuits (SC), and internal overheating (IO). It is CE and FCC certified.
- **Children:** Keep out of reach of children.

## 4. SETUP INSTRUCTIONS

1. **Inspect the Adapter:** Before first use, carefully inspect the AC adapter and all cables for any signs of damage. Do not use if damaged.
2. **Connect AC Power Cord:** Plug the AC power cord into the adapter's AC socket. Ensure it is firmly seated.
3. **Connect to Wall Outlet:** Plug the AC power cord into a standard wall outlet (100-240V AC).
4. **Connect to Device:** Carefully insert the barrel connector of the adapter into the charging port of your compatible Hover-1 scooter (Gambit, Helios, or Jive). Ensure the connection is secure.
5. **Charging Indicator:** Your device may have an indicator light to show charging status. Refer to your scooter's manual for details.

## 5. OPERATING INSTRUCTIONS

Once connected, the adapter will begin charging your device. The adapter is designed for straightforward operation:

- **Charging:** Allow your device to charge until its battery indicator shows a full charge.
- **Disconnection:** Once charging is complete, first disconnect the adapter from your device, then unplug the AC power cord from the wall outlet.
- **Usage Scenarios:** The compact design makes this adapter suitable for various uses, including travel, office, or home charging.

On a business trip

Travel vacation

in the car

in the office

## 6. MAINTENANCE AND CARE

To ensure the longevity and optimal performance of your adapter:

- **Cleaning:** Disconnect the adapter from all power sources before cleaning. Use a soft, dry cloth to wipe the surface. Do not use liquid cleaners or solvents.
- **Storage:** Store the adapter in a cool, dry place away from direct sunlight and extreme temperatures. When storing, coil the cables loosely to prevent damage.
- **Cable Care:** Avoid sharp bends or kinks in the cables. Do not place heavy objects on the cables. The power supply uses a high-quality copper core wire for durability.
- **Ventilation:** Ensure the adapter has adequate airflow during operation to prevent overheating.

## 7. TROUBLESHOOTING

If you encounter issues with your adapter, try the following steps:

- **No Power/Charging:**

- Ensure all connections are secure: AC cord to adapter, adapter to wall outlet, and adapter to device.
- Test the wall outlet with another device to confirm it is functional.
- Verify the adapter's specifications match your device's power requirements.

- **Adapter Overheating:**

- Disconnect the adapter and allow it to cool down.
- Ensure it is placed in a well-ventilated area, not covered by anything.
- If overheating persists, discontinue use and contact support.

- **Device Not Recognizing Charger:**

- Confirm the adapter's barrel connector size and voltage output are correct for your Hover-1

scooter model.

- Check your scooter's charging port for any obstructions or damage.

If these steps do not resolve the issue, please contact customer support.

## 8. SPECIFICATIONS

<b>Brand</b>	SKKSource
<b>Model Compatibility</b>	Hover-1 Gambit (H1-GAM), Helios (H1-HLOS), Jive (H1-JVE)
<b>Input Voltage</b>	100-240V AC
