Logitech 920-009608-RB

Logitech Combo Touch for iPad User Manual

Model: 920-009608-RB

INTRODUCTION

The Logitech Combo Touch is a versatile keyboard case designed for iPad (7th, 8th, and 9th Generation) models. It integrates a full-size backlit keyboard with a precision multi-gesture trackpad, enhancing productivity and navigation. The flexible design allows for multiple use modes, and the durable case provides protection for your iPad. This manual provides essential information for setting up, operating, maintaining, and troubleshooting your Logitech Combo Touch.

SETUP

1. Attaching Your iPad

Align your iPad with the case and gently press it into place until it is securely seated. Ensure all edges of the iPad are protected by the case. The Smart Connector on the iPad will automatically connect with the keyboard when properly aligned.

2. Connecting the Keyboard

The keyboard connects to the iPad via the Smart Connector. Simply align the magnetic strip of the keyboard with the corresponding connector on the case. No Bluetooth pairing or charging is required for the keyboard itself, as it draws power directly from the iPad.

OPERATING INSTRUCTIONS

Keyboard Usage

The full-size keyboard provides a comfortable typing experience. It includes a full row of iOS shortcut keys for quick access to common functions such as media controls, volume, screen brightness, and search.

Trackpad Gestures

The precision multi-gesture trackpad supports familiar iPadOS gestures for navigation, scrolling, and app switching. Refer to your iPad's settings for a complete list of supported gestures and customization options.

- **Single Finger Tap:** Select an item.
- **Two-Finger Scroll:** Scroll through content.
- **Pinch to Zoom:** Zoom in or out on content.
- **Three-Finger Swipe Up:** Go to the Home screen.
- **Three-Finger Swipe Left/Right:** Switch between open apps.

Backlighting

The keyboard features adjustable backlighting. Use the dedicated keys on the top row of the keyboard to increase or decrease the brightness of the keys. This feature is useful in low-light environments.

MAINTENANCE

Cleaning

- To clean the exterior of the case, use a soft, damp cloth. Avoid abrasive cleaners or solvents.
- For the keyboard, use a soft, lint-free cloth. You may use a small amount of isopropyl alcohol on the cloth for stubborn marks, but avoid direct application to the keys or trackpad.
- Ensure the Smart Connector pins on both the iPad and the keyboard are clean and free of debris for optimal connection.

Storage

When not in use, keep the Logitech Combo Touch closed to protect both the iPad screen and the keyboard. Store in a cool, dry place away from direct sunlight and extreme temperatures.

TROUBLESHOOTING

- **Keyboard or Trackpad Not Responding:**

  - Ensure the iPad is correctly seated in the case and the keyboard is firmly attached to the Smart Connector.
  - Remove the iPad from the case and reinsert it.
  - Clean the Smart Connector pins on both the iPad and the keyboard with a soft, dry cloth.
  - Restart your iPad.

- **Backlighting Not Working:**

  - Check the ambient light sensor. In bright environments, the backlighting may automatically turn off to conserve power.
  - Ensure your iPad's battery level is sufficient, as the keyboard draws power from the iPad.
  - Use the backlight brightness keys on the keyboard to adjust the illumination.

- **iPad Not Fitting Securely:**

  - Verify that your iPad model (7th, 8th, or 9th Generation) is compatible with this specific Logitech Combo Touch model.
  - Ensure there are no foreign objects or debris inside the case preventing a proper fit.

SPECIFICATIONS
