2. SAFETY INFORMATION

- Read all instructions carefully before assembly and use.
- Keep all small parts and packaging materials away from children and pets to prevent choking hazards.
- Ensure all bolts and screws are securely tightened before use. Periodically check and re-tighten as necessary.
- Do not exceed the recommended weight capacity of 800 lbs.
- Use the bed frame on a level surface to ensure stability.
- Avoid placing heavy objects on the headboard shelf that could fall and cause injury.
- Do not attempt to modify the bed frame or its components, especially the electrical charging station.
- If any parts are missing or damaged, do not proceed with assembly. Contact customer support immediately.

3. PACKAGE CONTENTS

Before beginning assembly, verify that all components are present and undamaged. The package should include:

- Headboard with integrated charging station and storage shelf
- Bed frame components (side rails, footboard, support legs)
- Metal slats for mattress support
- Hardware pack (screws, bolts, washers, Allen wrench)
- Installation Manual

Note: The exact number and type of components may vary slightly. Refer to the included Installation Manual for a detailed parts list and diagrams.

4. SETUP AND ASSEMBLY

Assembly of the Zevemomo Full Size Bed Frame is designed to be straightforward. Each part is labeled and numbered for easy identification. It is recommended to assemble the bed frame with two people.

Preparation:

- Clear a spacious area for assembly.
- Lay out all components and hardware, matching them against the parts list in your included manual.
- Ensure you have the necessary tools (usually an Allen wrench is provided, a screwdriver might be needed).

Assembly Steps:

1. **Assemble the Headboard:** Attach the upholstered panels and the storage shelf to the headboard frame using the provided hardware. Ensure the charging station is correctly oriented.
2. **Connect Side Rails:** Attach the side rails to the assembled headboard using the designated bolts. Do not fully tighten yet.
3. **Attach Footboard:** Connect the footboard to the other end of the side rails. Ensure the mattress-fixed guardrails are facing inwards.
4. **Install Support Legs:** Securely attach all central support legs to the frame.
5. **Insert Metal Slats:** Place the metal slats across the bed frame, ensuring they are evenly spaced and secured according to the instructions. The heavy-duty metal slats provide robust mattress support.
6. **Final Tightening:** Once all components are in place, go back and securely tighten all bolts and screws.
7. **Connect Power:** Plug the charging station's power cord into a wall outlet.

5.2 Under-Bed Storage Space

The bed frame offers 10.63 inches of clearance underneath, providing ample space for storing various items. This area is ideal for:

- Suitcases
- Shoes
- Storage bins
- Sweepers or cleaning robots

6. MAINTENANCE

6.1 Cleaning

- **Metal Frame:** Wipe the metal parts with a soft, damp cloth. Avoid abrasive cleaners or harsh chemicals that could damage the finish.
- **Wooden Board:** Clean the wooden surfaces with a dry or slightly damp cloth. Use wood-safe cleaners if necessary.
- **Upholstered Headboard:** Spot clean with a mild fabric cleaner and a soft cloth. Test on an inconspicuous area first. Do not saturate the fabric.
- **Charging Station:** Ensure the charging station is unplugged before cleaning. Wipe with a dry cloth. Do not allow liquids to enter the ports or outlets.

6.2 General Care

- Periodically check all bolts and screws and re-tighten them to maintain stability and prevent noise.
- Avoid dragging the bed frame when moving it; lift it to prevent damage to the frame and your flooring.
- Protect the bed frame from direct sunlight and excessive moisture to prevent material degradation.

7. TROUBLESHOOTING

If you encounter any issues with your Zevemomo bed frame, refer to the following common problems and solutions:

Problem	Possible Cause	Solution
Bed frame is wobbly or noisy.	Loose bolts or screws. Uneven floor.	Check and tighten all bolts and screws. Ensure the bed is on a level surface; use shims if necessary.
Charging station is not working.	Not plugged in. Power outage. Faulty device.	Ensure the power cord is securely plugged into a working wall outlet. Check the circuit breaker. Test with a different device.
Mattress slides on the frame.	Mattress not properly aligned with guardrails.	Ensure the mattress is placed correctly within the embedded guardrails on both sides of the platform.

If the problem persists after attempting these solutions, please contact customer support.
