## Loki CSGFLUFFY

# Loki Fluffy Valley Board Game Instruction Manual

Model: CSGFLUFFY

## 1. INTRODUCTION TO FLUFFY VALLEY

---

Welcome to Fluffy Valley! This cooperative board game invites players to prepare their burrow for the upcoming winter by collecting essential supplies. Work together to gather fruit, hay, and honey, and store them safely in your burrow. Be vigilant, as winter can arrive unexpectedly, and mischievous animals may attempt to hinder your progress.

This game is designed for 1 to 4 players aged six and up, offering a fun and engaging experience for families and friends.

### Key Features:

- Cooperative gameplay focused on preparing for winter.
- Harvest berries, honey, and straw to secure your burrow.
- Navigate challenges posed by the environment and other creatures.
- Help the prairie dogs gather all necessary supplies before winter arrives.

## 2. PACKAGE CONTENTS

---

Before starting, please ensure all components are present. The Fluffy Valley game box should contain the following items:

- 1 x Main Playboard
- Various game tokens (e.g., fruit, hay, honey)
- Player pieces (prairie dog figures)
- Game cards
- Storage bags

### 3. SETUP

---

Follow these steps to set up your Fluffy Valley game:

1. **Place the Main Playboard:** Unfold and place the main playboard on a flat surface. This board features the prairie area with various holes and a burrow section for storing supplies.
2. **Distribute Resource Tokens:** Identify the fruit, hay, and honey tokens. Place them according to the game's specific rules (refer to the detailed rulebook for exact placement, usually indicated on the board or in the rulebook).
3. **Prepare Player Pieces:** Each player selects a prairie dog figure. Place these figures at their designated starting positions on the board.
4. **Set Up Game Cards:** Shuffle the game cards and place them face down in their designated area on or next to the board.
5. **Prepare Storage Area:** Ensure the burrow section of the board is ready to receive collected supplies.

**Il est temps de préparer les réserves dont la colonie aura besoin pour l'hiver!**  
 (1) Explore la prairie pour y récolter de succulents fruits à grignoter, de la paille pour dormir confortablement et du miel pour les goûters à venir. (2) Rapporte ensuite tes ressources au terrier pour compléter les réserves. (3) Mais fais attention à l'hiver qui peut arriver plus vite que prévu et aux animaux malicieux qui te mettront des bâtons dans les roues!

**It's time to refill the reserves the burrow needs for winter!** (1) Explore the prairie to gather juicy fruits to nibble on, hay to fluff up your bed, and honey for future snack times. (2) Bring these resources back to the burrow and fill up the reserves. (3) But be careful because winter might arrive sooner than expected and mean animals will try to mess up your plans!

**Es wird Zeit, euren Bau für den Winter vorzubereiten und Vorräte zu sammeln!**  
 (1) Sucht in der Prärie nach Früchten, an denen ihr knabbern könnt, nach Heu, um eure Bettchen bequemer zu machen und nach Honig für leckere Zwischenmahlzeiten. (2) Bringt all diese Vorräte in euren Bau und füllt euer Lager auf. (3) Seid aber vorsichtig, denn der Winter kann früher kommen als erwartet und bössartige Tiere könnten versuchen, eure Pläne zu durchkreuzen!

**Ha llegado la hora de almacenar provisiones para el invierno.** (1) Explorad la pradera en busca de frutos jugosos y apetecibles, paja para acolchar vuestras camas y miel para picar algo cuando os entré el apetito. (2) Llevad esos recursos a la madriguera para llenarla de provisiones. (3) Eso sí, tened mucho cuidado porque puede que el invierno llegue antes de lo esperado y otros animales traviesos intenten estropear vuestros planes.

**È ora di rifornire le scorte di cui la tana ha bisogno per l'inverno!** (1) Esplorate la prateria per raccogliere frutti succosi da mangiare, fieno per rendere il letto più soffice e miele per i futuri spuntini. (2) Riportate queste risorse nella tana e rifornite le scorte. (3) Ma fate attenzione: l'inverno potrebbe arrivare prima del previsto e gli animali cattivi cercheranno di rovinare i vostri piani!

**Het is tijd om de reserves voor de winter in de burcht aan te vullen!** (1) Zoek op de prairie naar lekker sappige bessen, hooi voor zachte bedden en heerlijke honing als zoet tussendoortje. (2) Breng deze goederen naar de burcht en vul de reserves aan. (3) Maar pas goed op want de winter kan ineens opduiken en gemene dieren proberen roet in het eten te gooien!

## 4. OPERATING (GAMEPLAY)

---

The objective of Fluffy Valley is for all players to cooperatively gather enough supplies to prepare the burrow for winter before time runs out or malicious animals interfere. Players take turns performing actions to move their prairie dog, collect resources, and bring them back to the burrow.

### Basic Gameplay Flow:

- **Player Turn:** On your turn, you will typically move your prairie dog and then perform an action.
- **Movement:** Move your prairie dog across the prairie board. The number of spaces you can move may be determined by dice rolls or card draws.
- **Collecting Resources:** When your prairie dog lands on a space with a resource token (fruit, hay, or honey), you can collect it. These resources are vital for winter preparation.
- **Returning to Burrow:** Once collected, resources must be brought back to the burrow section of the board to be stored.
- **Encountering Challenges:** Throughout the game, event cards or specific board spaces may introduce

challenges, such as encounters with malicious animals or changes in weather, requiring players to adapt their strategy.

- **Cooperation:** Success depends on effective communication and teamwork. Players must decide together the best course of action to ensure all necessary supplies are gathered.

The game concludes when either enough supplies are stored for winter (players win) or winter arrives prematurely, or too many challenges occur (players lose). Refer to the complete rulebook for detailed rules on movement, actions, challenges, and win/loss conditions.

## 5. MAINTENANCE

---

Proper care will ensure the longevity of your Fluffy Valley board game:

- **Storage:** Store all game components in the original box in a cool, dry place away from direct sunlight.
- **Cleaning:** Use a soft, dry cloth to gently wipe down game boards and plastic components if they become dusty. Avoid using harsh chemicals or abrasive materials.
- **Handling:** Handle cards and tokens carefully to prevent bending, tearing, or excessive wear.

- **Component Check:** Periodically check for any missing or damaged components.

## 6. TROUBLESHOOTING

---

If you encounter any issues while playing Fluffy Valley, consider the following:

- **Missing Components:** If any components are missing upon opening the box, please contact the manufacturer or retailer for assistance.
- **Rule Clarification:** For detailed rule clarifications, refer to the comprehensive rulebook included with your game. Many board game communities online also offer forums for rule discussions.
- **Game Difficulty:** If the game feels too easy or too difficult, ensure all rules are being followed correctly. Some cooperative games offer variant rules or difficulty adjustments in their rulebooks.
