1. PRODUCT OVERVIEW

The PAW BALLETT Large Rolling Pet Carrier is designed for convenient and comfortable transport of pets, including large cats, two small cats, or small dogs. This versatile carrier features a detachable wheeled chassis, an extendable handle, and multiple entry points, making it suitable for various travel scenarios such as vet visits, outdoor excursions, and car journeys. It prioritizes pet comfort and owner ease of use with its durable construction and thoughtful design.

Image: The PAW BALLET Large Rolling Pet Carrier in pink, demonstrating its various configurations including rolling with an extendable handle, being carried by hand, and with a shoulder strap. A small dog is visible inside the carrier.

2. KEY FEATURES

- **Rolling Design:** Detachable aluminum chassis with 360° silent omnidirectional front wheels and fixed-orientation rear wheels for stability. Features a 4-level extendable dual-bar handle.
- **Spacious Capacity:** Measures 21"x13"x13" (without wheels), suitable for pets up to 30 pounds. Accommodates one large cat, two small cats, or one to two small dogs.
- **Durable Construction:** Made from high-quality 600D PU material with reinforced seams and waterproofing.
- **Comfort & Safety:** Includes a removable, double-sided cushion (soft plush/wear-resistant material), an integrated safety strap for pet's collar, and lockable zippers.
- **Ventilation & Concealment:** Four entry doors with mesh windows on top and sides, equipped with waterproof rain covers. Provides both visibility and a secure, dark space when covers are closed.
- **Storage:** Features 4 storage pockets for wheels, pet supplies, food, and water.

- **Versatile Carrying:** Can be hand-carried, shoulder-slung, placed in a car, or pulled on wheels.

Image: An exploded view highlighting key features of the carrier, such as tear-resistant fabric, a large storage pocket, a lockable zipper, a removable machine-washable mat, a pet safety leash, and the removable aluminum chassis.

3. SETUP AND ASSEMBLY

The PAW BALLET pet carrier is designed for quick and easy assembly and disassembly.

1. **Prepare the Carrier:** Ensure all zippers on the soft carrier bag are closed.
2. **Attach to Chassis:** Place the soft carrier onto the aluminum chassis. Secure it firmly using the 4 Velcro straps located on the bottom of the carrier, ensuring it does not slide.
3. **Install Wheels:** The 4 wheels employ a snap-on design. Press and hold the buttons on both sides of each wheel, then insert them into the designated slots on the chassis until they click into place. Ensure all wheels are securely attached.
4. **Adjust Handle:** Extend the dual-bar handle to your desired height (4-level extendable).

Multi-Scenario Application

Enjoy the fun of traveling with your pets

Camping

Short Trip

Car Journey

Vet Visits

Image: A step-by-step visual guide illustrating the assembly process: (1) Closing all zippers on the carrier, (2) Securing the carrier to the wheeled base using Velcro straps, and (3) Attaching the wheels by pressing their side buttons and inserting them into the chassis.

4. OPERATING INSTRUCTIONS

4.1 Placing Your Pet Inside

The carrier features multiple entry points for ease of use:

- **Top Access:** Unzip the top mesh window to gently place your pet inside from above.
- **Side Loading:** Open one of the side mesh doors for your pet to walk in or for easier placement.

Once your pet is inside, ensure the integrated safety strap is clipped to their collar or harness to prevent accidental escape. Close all zippers and engage the lockable zippers for added security.

Multiple Pet Entrances & Exits

Side Loading

Provides a panoramic view for your pet, making it easier to get in and out of the carrier and enjoy the surrounding scenery.

Top Access

Our top loading feature makes it easy to put in or take out your pets, providing them with another access to the kennel.

Image: The pet carrier showcasing its multiple entry options. One image shows a small dog entering through a side mesh opening, and another shows a cat being placed into the carrier from the top opening.

4.2 Transporting Your Pet

- **Rolling:** With the chassis and wheels attached, extend the handle and pull the carrier. The 360° front wheels allow for smooth maneuvering, while the fixed rear wheels enhance stability.
- **Hand-Carrying:** Use the top handles for short distances or when navigating stairs.
- **Shoulder-Slung:** Attach the included shoulder strap for hands-free carrying.
- **Car Travel:** The carrier can be secured in a car using seatbelts. Ensure the carrier is stable and your pet is comfortable.

Please measure your pet's length and height before you purchase

5. CARE AND MAINTENANCE

- **Cleaning the Carrier:** The carrier's 600D PU material is waterproof. Wipe down the exterior with a damp cloth and mild soap as needed.
- **Cushion Care:** The removable, double-sided cushion is machine-washable. Follow the care instructions on the cushion label for best results.
- **Wheel Maintenance:** Periodically check the wheels for debris and ensure they spin freely. Clean as necessary.
- **Storage:** When not in use, the carrier can be folded for compact storage. Remove the chassis and wheels, then collapse the soft carrier.

6. TROUBLESHOOTING

- **Carrier Slides on Wheels:** Ensure the 4 Velcro straps on the bottom of the carrier are securely

fastened to the chassis.

- **Wheels Not Attaching/Detaching Easily:** Ensure you are pressing the buttons on both sides of the wheel simultaneously when installing or removing. Check for any obstructions in the wheel slots.
- **Pet Discomfort/Anxiety:** Introduce your pet to the carrier gradually. Place familiar toys or bedding inside. For longer trips, ensure adequate ventilation and consider short practice runs.
- **Zippers Sticking:** Apply a small amount of zipper lubricant or a graphite pencil to the zipper teeth to improve smoothness.

8. WARRANTY AND SUPPORT

This PAW BALLETT pet carrier comes with a **1-year warranty** from the date of purchase.

For warranty claims, product support, or any inquiries, please contact PAW BALLETT customer service through the retailer where the product was purchased or visit the official PAW BALLETT store page on Amazon: [PAW BALLETT Store](#).

9. IMPORTANT SAFETY INFORMATION

- **Not for Air Travel:** This carrier is **not suitable for air travel**. Please check airline regulations for approved carriers if flying.
- **Pet Weight Limit:** Do not exceed the recommended pet weight limit of 30 pounds.
- **Secure Your Pet:** Always use the integrated safety strap to secure your pet's collar or harness inside the carrier to prevent escapes.
- **Lock Zippers:** Utilize the lockable zippers to ensure your pet cannot open the carrier from the inside.
- **Ventilation:** Ensure mesh windows are clear and provide adequate ventilation, especially in warm environments. Use rain covers only when necessary and monitor your pet.
- **Supervision:** Never leave your pet unattended in the carrier for extended periods, especially in extreme temperatures.
- **Car Safety:** When transporting in a vehicle, always secure the carrier with a seatbelt to prevent movement during transit.
