# Instruction Manual: Leaning Tower of Pisa Micro Mini Building Blocks

Brand: alltogetho

Model: 8869

## 1. INTRODUCTION

---

This manual provides comprehensive instructions for assembling your alltogetho Leaning Tower of Pisa Micro Mini Building Blocks kit. This intricate model, comprising over 1700 pieces, allows you to recreate the iconic Italian landmark with remarkable detail and a precise 3.99° tilt, reflecting the real structure's lean. Designed for individuals aged 14 and up, this kit offers an engaging and educational building experience, fostering spatial reasoning and engineering skills.

An overview of the completed Leaning Tower of Pisa micro mini building block model, showcasing its detailed architecture and the adjacent cathedral.

## 2. SAFETY INFORMATION

---

- **Choking Hazard:** This product contains small parts and is not suitable for children under 3 years of age. Keep all building blocks and packaging materials away from infants and young children.
- **Recommended Age:** This building kit is recommended for ages 14 and up due to the complexity and small size of the micro mini blocks.
- **Handling:** Handle blocks carefully to avoid loss. Store unused blocks in a secure container.

## 3. PACKAGE CONTENTS

---

Please verify that all components are present before beginning assembly. The package should contain:

- Over 1700 Micro Mini Building Blocks (various shapes and colors)
- Detailed Instruction Manual (physical copy)

The product packaging, showing the kit contents including the micro mini building blocks and the instruction manual.

## 4. SETUP AND ASSEMBLY

---

Follow the step-by-step instructions provided in the physical manual included with your kit. The assembly process is designed to be intuitive but requires attention to detail due to the small size of the blocks.

### 4.1 Preparation

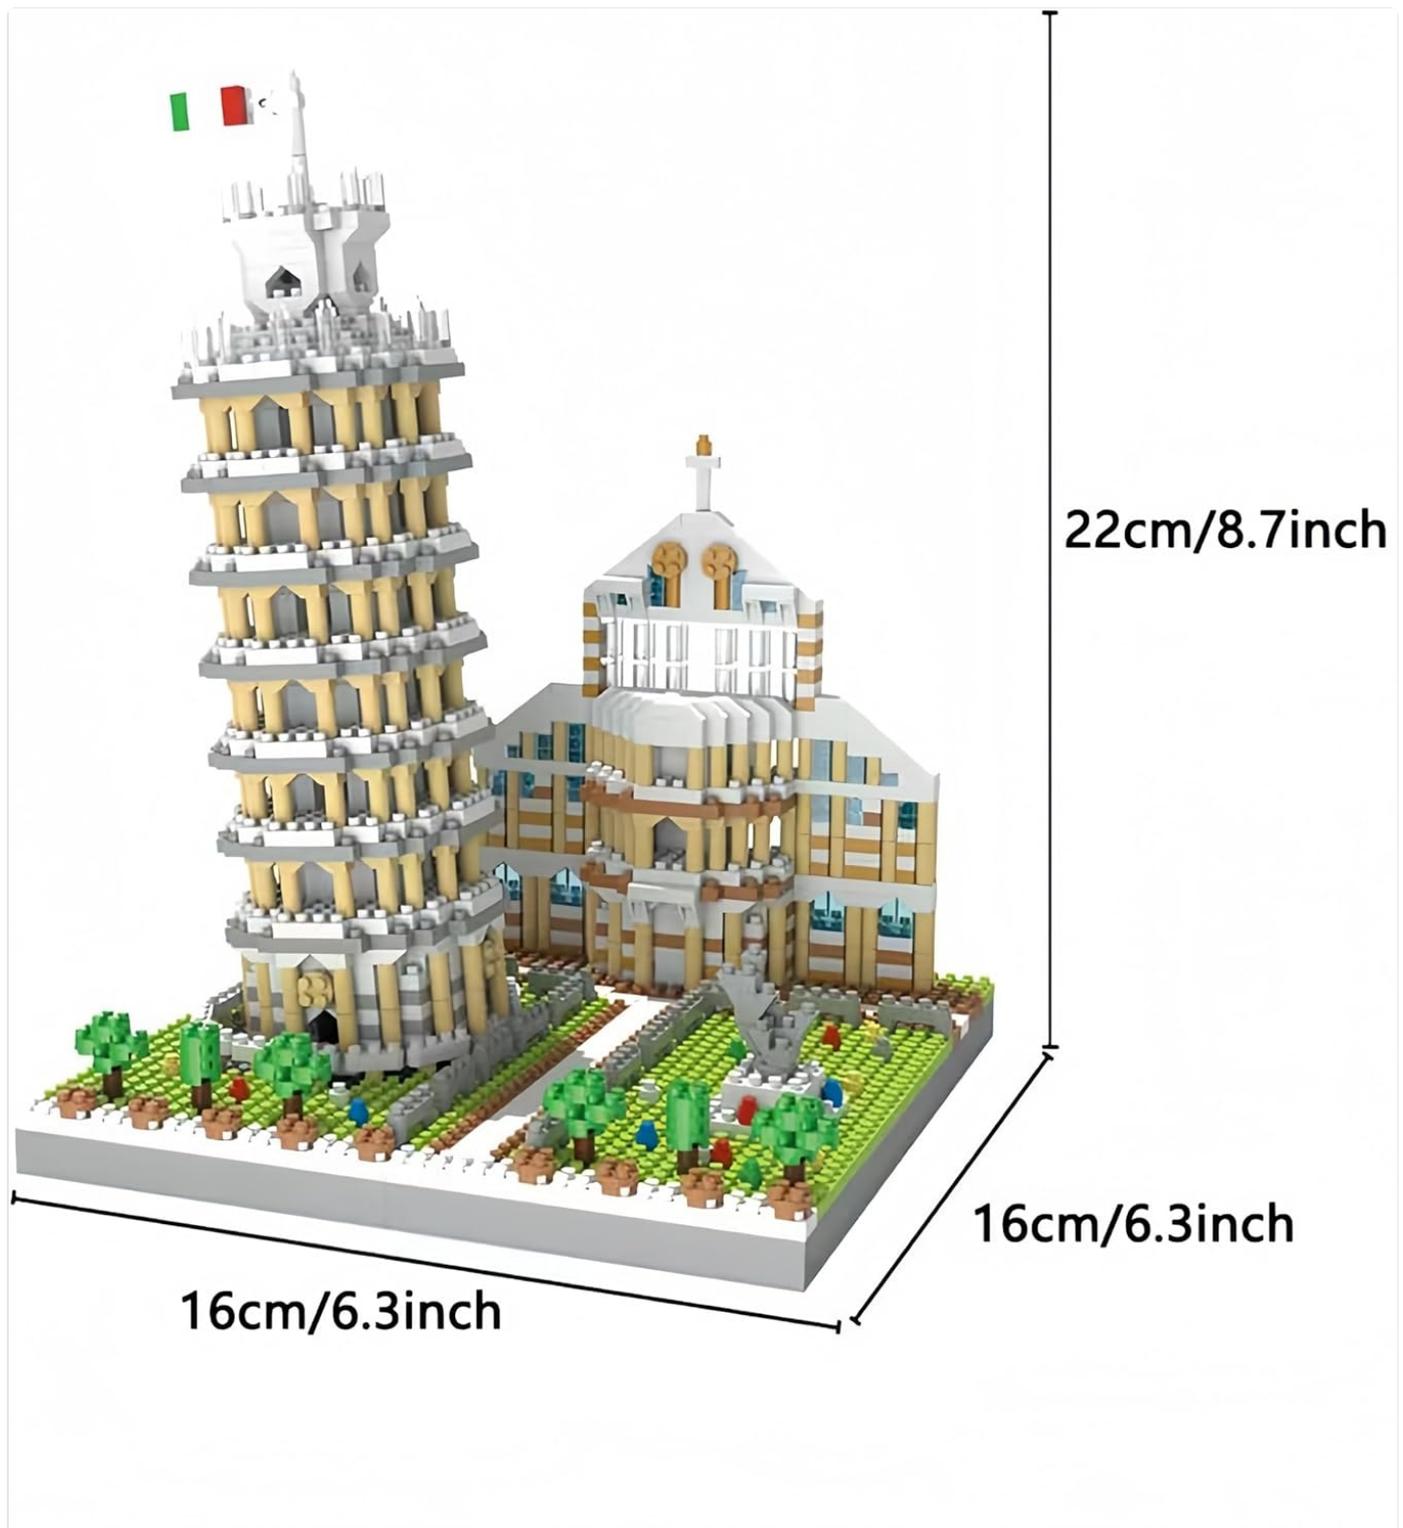

1. **Unpack:** Carefully open the package and remove all block bags and the instruction manual.
2. **Organize:** It is highly recommended to sort the blocks by color and shape before starting. This will significantly streamline the building process. Use small containers or trays to keep pieces organized.

3. **Workspace:** Ensure you have a clean, well-lit, and stable workspace to prevent loss of small pieces.

## 4.2 Building Steps Overview

The model is typically built in sections, starting with the base, then the main structures (the Leaning Tower and the adjacent cathedral), and finally adding intricate details.

- **Base Construction:** Begin by assembling the foundation plate and the initial layers of the landscape, including pathways and green areas.
- **Leaning Tower Assembly:** Construct the tower layer by layer, paying close attention to the instructions for achieving the characteristic lean. The design incorporates 200+ arched column details.
- **Cathedral Assembly:** Build the adjacent cathedral structure, integrating its unique architectural elements.
- **Detailing:** Add smaller elements such as trees, statues, and the Italian flag at the top of the tower.

A side view of the fully assembled model, highlighting the detailed construction of both the tower and the cathedral.

The assembled model with its dimensions: 22cm (8.7 inches) in height, and a base of 16cm x 16cm (6.3 inches x 6.3 inches).

A close-up demonstrating the micro mini scale of the building blocks, with the tower held in a hand.

A detailed view focusing on the cathedral structure, showcasing its intricate design and block placement.

The pinnacle of the Leaning Tower model, featuring the Italian flag and fine architectural details.

A detailed shot of the model's base, including the surrounding green landscape, pathways, and miniature decorative elements.

## 5. DISPLAY AND CARE

---

### 5.1 Display Recommendations

- Place your completed model on a stable, flat surface away from direct sunlight to prevent potential fading of colors.
- Avoid areas with high humidity or extreme temperature fluctuations.
- Keep the model out of reach of small children and pets to prevent accidental damage or disassembly.

### 5.2 Cleaning Instructions

- To clean the model, gently dust it with a soft, dry cloth or a soft-bristled brush.
- For more stubborn dust, a can of compressed air can be used from a safe distance.
- Avoid using liquid cleaners or abrasive materials, as these may damage the plastic blocks or printed details.

## 6. TROUBLESHOOTING

---

If you encounter any issues during assembly, please refer to the following common solutions:

Problem	Solution
Missing or damaged pieces	Carefully re-check all packaging and sorting trays. If pieces are genuinely missing or damaged, contact alltogetho customer support for assistance.
Difficulty connecting blocks	Ensure blocks are correctly oriented and aligned. Apply gentle, even pressure. Micro mini blocks require precise alignment.
Model appears unstable or incorrect	Review the previous steps in the instruction manual to ensure all blocks are placed correctly and securely. Small errors can affect the overall stability and appearance.

## 7. SPECIFICATIONS

---

Feature	Detail
Product Dimensions	11.22 x 9.65 x 2.36 inches (packaging)
Item Weight	1.15 pounds
ASIN	B0CL916GDG
Item Model Number	8869
Manufacturer Recommended Age	14 years and up
Number of Pieces	1700+
Scale	1:300 scale replica
Tilt Angle	3.99°

## 8. WARRANTY AND SUPPORT

---

alltogetho products are manufactured to high-quality standards. For specific warranty details, please refer to the documentation included with your purchase or visit the official alltogetho website. If you require assistance with missing parts, assembly issues, or general inquiries, please contact alltogetho customer support.

You can often find contact information on the product packaging or by visiting the alltogetho store page on Amazon:
