IRONCK B0CL93F34R

IRONCK Buffet Cabinet with Power Strip (Model B0CL93F34R) User Manual

Your guide to assembly, operation, and maintenance.

Introduction

Thank you for choosing the IRONCK Buffet Cabinet with Power Strip. This manual provides essential information for the safe assembly, proper operation, and effective maintenance of your new cabinet. Please read these instructions thoroughly before beginning assembly or use, and retain them for future reference.

Safety Information

Your safety is paramount. Please adhere to the following guidelines:

- Always unplug the charging station before cleaning or moving the cabinet.
- Do not overload the cabinet or place items exceeding 110 pounds (50 kg) on the top board.
- Exercise caution when assembling the cabinet to prevent injury. It is recommended to assemble with two people.
- Keep the cabinet away from direct heat sources and do not place flammable materials near the integrated charging station.
- Ensure all connections to the power strip are secure and that the total power draw does not exceed the specified limits.

Package Contents

Before assembly, verify that all components are present and undamaged. The package should include:

- Cabinet components (engineered wood panels, shelves, doors)
- All necessary hardware (screws, dowels, cam locks, hinges, handles)
- Integrated power strip with dual AC outlets and USB ports
- Assembly instructions

If any parts are missing or damaged, please contact IRONCK customer support immediately.

Setup and Assembly

Assembly of the IRONCK Buffet Cabinet is designed to be straightforward. Follow the included pictorial instructions carefully. It is recommended to have two people for assembly.

1. **Prepare the Area:** Clear a spacious, clean, and flat area for assembly. Lay out all components and hardware.
2. **Assemble the Frame:** Begin by connecting the main side panels to the base and top panels using the provided hardware. Ensure all connections are tightened securely.
3. **Install Shelves:** Insert the adjustable shelves into the desired positions within the cabinet compartments.
4. **Attach Doors:** Secure the barn-style doors to the cabinet frame using the hinges. Adjust as necessary for proper alignment.
5. **Install Handles:** Attach the gold square handles to the doors.
6. **Integrate Power Strip:** Carefully place the power strip into its designated slot on the top shelf. Route the 6-foot power cord out through the finished back board's cable management hole.
7. **Final Check:** Ensure all screws are tightened, and the cabinet is stable before use.

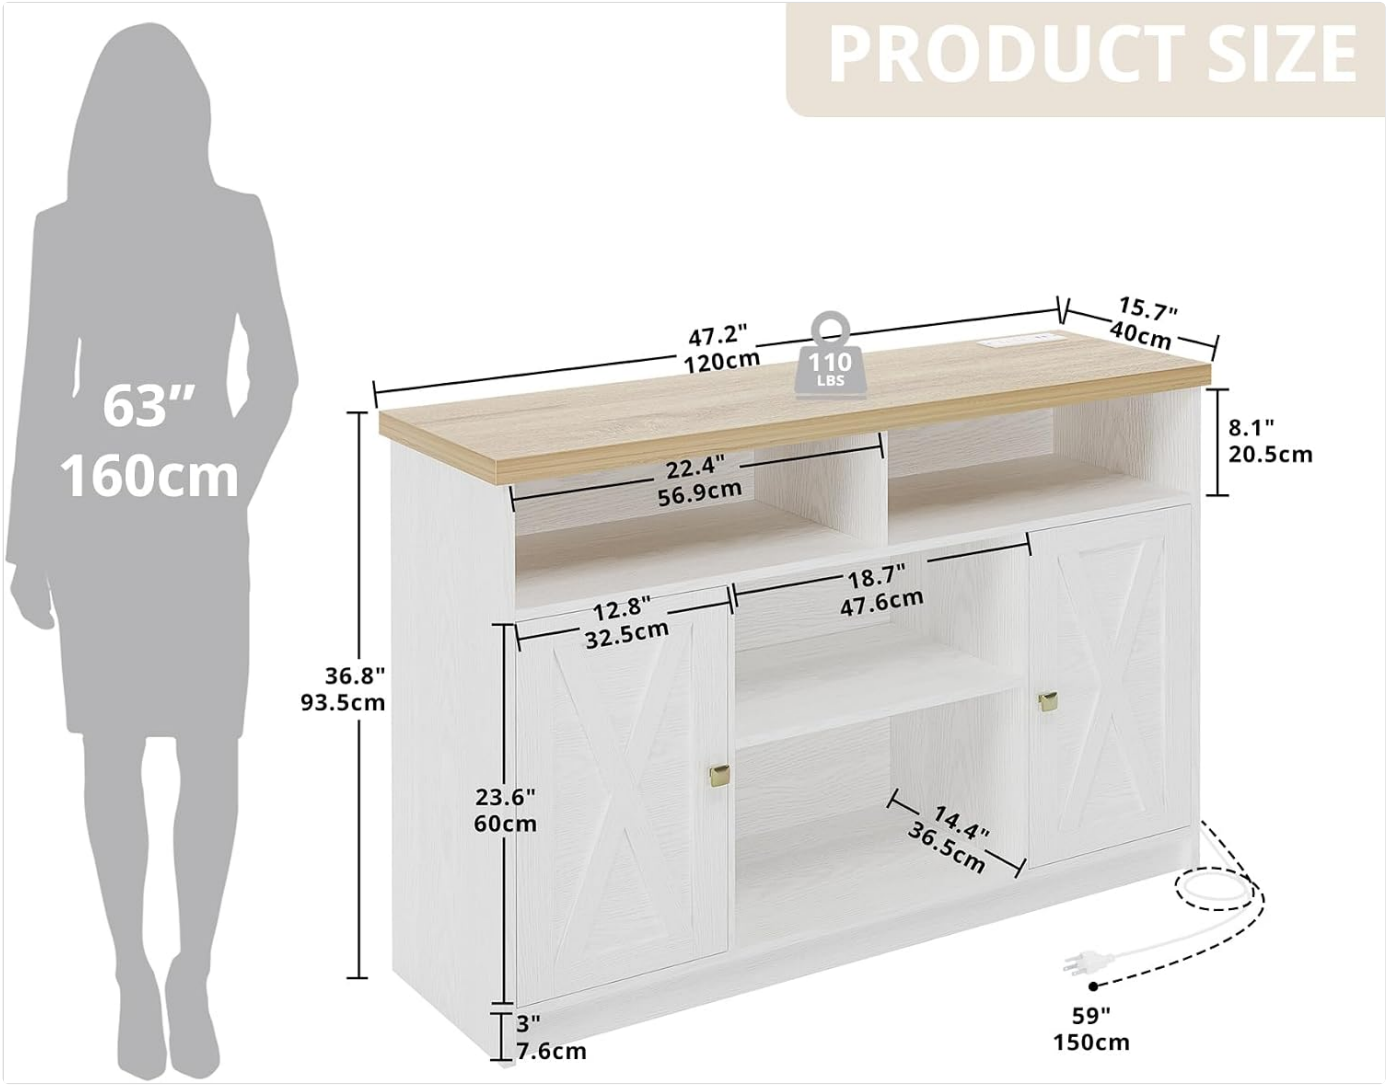

Image: Product dimensions and overall structure. The cabinet measures 47.2 inches (120 cm) in width, 36.8 inches (93.5 cm) in height, and 15.7 inches (40 cm) in depth. The top board is 30mm thick and can support up to 110 lbs.

Operating Instructions

The IRONCK Buffet Cabinet is designed for versatile storage and convenient power access.

Storage Utilization

- **Open Shelves:** Use the open compartments for displaying decorative items, cookbooks, or frequently accessed kitchen essentials.
- **Closed Cabinets:** The lower cabinets feature adjustable shelves, providing flexible storage for larger items, dinnerware, or pantry supplies. The barn doors are equipped with magnetic closures for secure storage.

Image: An interior view of the cabinet with doors open, highlighting the various storage compartments and their approximate dimensions, such as 2.5 inches (6.4 cm) clearance for certain items.

Using the Charging Station

The integrated power strip offers convenient access to power for your devices.

- **Power Connection:** Plug the cabinet's power cord into a standard 110V/12A wall outlet.
- **AC Outlets:** Use the two standard AC outlets for appliances such as coffee makers, blenders, or lamps.
- **USB Ports:** The two 5V/2A USB ports are suitable for charging smartphones, tablets, and other USB-powered devices.
- **Cable Management:** Utilize the cable management hole in the back panel to keep cords tidy and out of sight.

Maintenance

Proper care will ensure the longevity and appearance of your IRONCK Buffet Cabinet.

- **Cleaning:** Wipe the cabinet surfaces with a damp cloth. Avoid harsh chemicals or abrasive cleaners, which can damage the finish.
- **Spills:** Immediately wipe up any spills to prevent staining or damage to the engineered wood.
- **Power Strip:** Keep the power strip clean and free of dust. Do not allow liquids to come into contact with the outlets or USB ports.
- **Hardware:** Periodically check all screws and connections to ensure they remain tight. Retighten if necessary.

Troubleshooting

If you encounter any issues with your cabinet, refer to the following common solutions:

- **Cabinet Wobbles:** Ensure the cabinet is placed on a level surface. Check all assembly screws and tighten any loose connections.
- **Doors Not Aligning:** Adjust the hinges on the doors. Loosen the hinge screws slightly, reposition the door, and then retighten.
- **Power Strip Not Working:** Verify that the cabinet's power cord is securely plugged into a functional wall outlet. Check if the wall outlet itself is receiving power (e.g., by plugging in another device). Avoid overloading the power strip.
- **Missing or Damaged Parts:** Do not attempt to force assembly with incorrect or damaged parts. Contact IRONCK customer support for replacements.

Specifications

Feature	Specification
Brand	IRONCK
Model Number	B0CL93F34R
Material	Engineered Wood
