Cubehom B0CL962FHN

Cubehom 63-inch White LED TV Stand User Manual

Model: B0CL962FHN | Brand: Cubehom

1. INTRODUCTION

Thank you for choosing the Cubehom 63-inch White LED TV Stand. This manual provides essential information for the safe assembly, operation, and maintenance of your new TV stand. Please read these instructions carefully before beginning assembly and retain them for future reference.

This versatile TV stand is designed to enhance your living space with its modern aesthetic and functional features. It serves as an ideal entertainment center, offering ample storage and a dedicated space for gaming consoles and audio equipment. The integrated LED lighting system allows for customizable ambiance.

2. SAFETY INFORMATION

Please observe the following safety precautions to prevent injury or damage to the product:

- Always assemble the unit on a soft, clean surface to prevent scratches.
- Ensure all screws and fasteners are securely tightened before use. Periodically check and re-tighten as necessary.
- Do not exceed the maximum weight capacity of the top surface or shelves. Refer to the Specifications section for details.
- Keep small parts and packaging materials away from children and pets to avoid choking hazards.
- Do not stand or climb on the TV stand.
- Place the TV stand on a level and stable surface to prevent tipping.
- Avoid exposing the unit to direct sunlight or extreme temperatures, which can cause material degradation.

3. PACKAGE CONTENTS AND COMPONENTS

Before assembly, verify that all parts and hardware are present. A complete list of components and hardware is included in the packaging with your product. If any parts are missing or damaged, please contact customer support.

Typical components include:

- Engineered Wood Panels (Top, Base, Side Panels, Cabinet Doors)
- Thickened Glass Partition
- High Definition Acrylic Supports
- RF LED Strip Lights with Remote Control
- Assembly Hardware (Screws, Dowels, Connectors, etc.)

4. ASSEMBLY INSTRUCTIONS

Assembly of the Cubehom TV Stand is required. Please follow the step-by-step instructions provided in the separate assembly guide included in your product packaging. Ensure you have a Phillips head screwdriver and any other specified tools ready.

Key assembly considerations:

1. **Unpack and Identify:** Carefully unpack all components and lay them out on a soft, clean surface. Identify each part using the provided diagram in the assembly guide.
2. **Assemble Base Structure:** Begin by assembling the main base frame of the TV stand.
3. **Install Shelves and Partitions:** Insert the thickened glass partition and any other internal shelves as indicated.
4. **Attach Top Panel:** Secure the top panel to the assembled base using the acrylic supports.
5. **Install LED Lights:** Carefully attach the RF LED strip lights according to the instructions. Ensure proper cable management to keep the area clutter-free.
6. **Final Check:** Once assembled, ensure all connections are tight and the stand is stable before placing any items on it.

5. OPERATING THE LED LIGHTS

Your Cubehom TV Stand features integrated RF LED strip lights for customizable ambiance. The lights are controlled via an included remote control or a mobile application (if applicable, refer to the LED light kit instructions).

- **Power On/Off:** Use the power button on the remote to turn the LED lights on or off.
- **Color Change:** Select from 16 RGB light colors using the color selection buttons on the remote.
- **Brightness Control:** Adjust the brightness of the lights using the dedicated brightness control buttons.
- **Music Rhythm Mode:** The light strip supports a music rhythm mode, allowing the lights to sync with audio. Refer to the LED light kit manual for specific instructions on activating and customizing this feature.

6. CARE AND MAINTENANCE

Proper care will ensure the longevity and appearance of your Cubehom TV Stand:

- **Cleaning:** Wipe surfaces with a soft, damp cloth. Avoid harsh chemicals, abrasive cleaners, or polishes that may damage the finish.
- **Spills:** Immediately wipe up any spills to prevent staining or water damage to the engineered wood.
- **Glass Care:** Clean the glass partition with a glass cleaner and a soft, lint-free cloth.
- **LED Lights:** The LED strip lights are designed for durability. If they become dusty, gently wipe them with a dry, soft cloth. Do not use liquid cleaners directly on the LED strips.
- **Inspection:** Periodically inspect all hardware connections and re-tighten if necessary to maintain stability.

7. TROUBLESHOOTING

If you encounter issues with your TV stand, refer to the following common problems and solutions:

Problem	Possible Cause	Solution
Stand is wobbly or unstable.	Loose hardware; uneven floor.	Ensure all screws and fasteners are tightened. Adjust leveling feet if present, or place shims under legs on uneven surfaces.
LED lights are not working.	Power connection issue; remote battery dead; LED strip damage.	Check if the power adapter is securely plugged into the outlet and the LED strip. Replace remote control batteries. Inspect LED strip for visible damage.
Remote control not responding.	Battery issue; obstruction; remote out of range.	Replace remote battery. Ensure no obstructions between remote and LED receiver. Move closer to the unit.

8. PRODUCT SPECIFICATIONS
