GOPLUS Train Table with 80-Piece Wooden Rail Set

INSTRUCTION MANUAL

1. PRODUCT OVERVIEW

The GOPLUS Train Table is a versatile and engaging play set designed for children aged 3 years and above. It features a reversible 2-in-1 tabletop, allowing for both train track construction and other activities like reading or drawing. This set includes an impressive 80 pieces of train accessories, enabling children to build and customize their own miniature city and railway system. Constructed from durable solid wood and MDF panels, the table is designed with safety and longevity in mind, promoting imaginative play and cognitive development.

4. SETUP AND ASSEMBLY

Assembly of the GOPLUS Train Table is straightforward and typically takes approximately 10 minutes. Follow the included instructions for detailed steps.

1. Unpack all components from the packaging and lay them out on a clean, flat surface.
2. Assemble the train table structure according to the provided diagram in the separate instruction sheet. Ensure all connections are secure.
3. Once the table is assembled, place the reversible tabletop onto the frame. Choose the side with the colorful pattern for train track building or the plain side for other activities.
4. Arrange the 80 toy pieces, including tracks, buildings, vehicles, and figures, on the tabletop to create your desired railway system or city scene.
5. Alternatively, the tabletop can be detached and placed directly on the floor for a larger play area.

5. OPERATING INSTRUCTIONS

The GOPLUS Train Table encourages imaginative and creative play. Here's how to maximize the play experience:

- **Reversible Tabletop:** The tabletop can be flipped to offer two distinct play surfaces. One side features a colorful landscape for building train tracks and a miniature city, while the other side is plain, suitable for drawing, reading, or other tabletop activities.
- **Track Configuration:** Use the various track pieces to design different railway layouts. Experiment with curves, straight sections, and bridges to create complex routes for the trains.
- **Accessory Placement:** Position the buildings, vehicles, figures, and traffic signs around the tracks to enhance the play environment and create a vibrant city scene.
- **Magnetic Trains:** The miniature trains feature magnetic connections, allowing children to easily link them together to form longer trains.
- **Floor Play:** For more expansive play, the tabletop can be removed from the table frame and placed directly on the floor, providing a larger surface for track building and imaginative scenarios.

6. MAINTENANCE

Proper care will ensure the longevity of your GOPLUS Train Table:

- **Cleaning:** The table's polished surface can be easily cleaned with a damp cloth. Avoid using abrasive cleaners or harsh chemicals, as they may damage the finish.
- **Storage:** When not in use, store the table and all accessories in a dry place away from direct sunlight and extreme temperatures. The integrated drawer in the table provides convenient storage for the toy pieces.
- **Inspection:** Periodically check all wooden components for any signs of wear, splintering, or damage. Ensure all screws and fasteners remain tight.

7. TROUBLESHOOTING

If you encounter any issues with your train table, consider the following:

- **Unstable Tracks:** Ensure all track pieces are fully connected and laid on a flat surface. Some track

configurations may be less stable than others; try reinforcing connections or simplifying the layout.

- **Missing Pieces:** Refer to the 'Package Contents' section. If a piece is genuinely missing upon unboxing, contact customer support.
- **Table Wobbles:** Check that all assembly screws are tightened securely. Ensure the table is placed on a level floor.
