ZJXDPF 3-Tier Rolling Storage Organizer User Manual

Model: B0CLC6CJVW

INTRODUCTION

Thank you for choosing the ZJXDPF 3-Tier Rolling Storage Organizer. This manual provides essential information for the safe and efficient assembly, operation, and maintenance of your new storage unit. Please read these instructions carefully before use and retain them for future reference.

SAFETY INFORMATION

- Ensure all components are securely assembled before placing items on the organizer.
- Do not overload the shelves. Refer to the 'Specifications' section for weight limits.
- Keep small parts away from children during assembly to prevent choking hazards.
- Use the locking wheels to stabilize the unit when it is stationary to prevent accidental movement.
- Avoid placing hot items directly on the plastic surfaces.

PACKAGE CONTENTS

Please verify that all components are present before beginning assembly:

- 1 x Trolley Storage Rack (includes top panel, 3 drawer units, and base with wheels)

SETUP AND ASSEMBLY

This storage organizer features a tool-less installation design, allowing for quick and easy assembly. The unit can be assembled in approximately 15-20 minutes.

1. **Unpack Components:** Carefully remove all parts from the packaging.
2. **Assemble Base:** Ensure the base unit with detachable pulleys (wheels) is ready. The wheels can be locked by pressing down and unlocked by pulling up.
3. **Stack Drawer Units:** Place the first drawer unit onto the base. Ensure it clicks securely into place.
4. **Add Subsequent Layers:** Stack the remaining two drawer units on top of each other, ensuring each layer is

firmly connected.

5. **Attach Top Panel:** Place the top panel onto the uppermost drawer unit. This panel features a recessed design for stable placement of items.

OPERATING INSTRUCTIONS

The ZJXDPBF Rolling Storage Organizer is designed for versatile use in various settings.

Using the Drawers

Each drawer features a built-in buckle mechanism to prevent it from falling out when fully extended. Pull the drawer handles smoothly and effortlessly to access contents. The high-transparent design allows for easy visibility of stored items.

Mobility and Stability

The organizer is equipped with 360° swivel wheels for flexible movement. To move the unit, unlock the wheels by pulling the levers upwards. To secure the unit in place, press the levers downwards to engage the locks on two of the wheels.

Top Storage Area

The top panel features a recessed groove design, providing a stable platform for placing decorative items, frequently used essentials, or small appliances without them easily slipping off.

MAINTENANCE

To keep your ZJXD PBF Rolling Storage Organizer in optimal condition:

- **Cleaning:** Wipe the surfaces with a dry cloth. For stubborn marks, a slightly damp cloth with mild soap can be used, followed by drying thoroughly.
- **Inspection:** Periodically check all connections and wheel mechanisms to ensure they are secure and functioning correctly.

TROUBLESHOOTING

If you encounter any issues with your storage organizer, please refer to the following common solutions:

- **Unit is unstable/wobbly:** Ensure all stacked layers are fully engaged and clicked into place. Check that the wheels are properly attached. If stationary, ensure the locking wheels are engaged.
- **Drawers are difficult to open/close:** Check for any obstructions inside the drawer or along the tracks. Ensure the unit is on a level surface.
- **Wheels not rolling smoothly:** Check for debris caught in the wheels. Ensure the wheel locks are

disengaged.

If the problem persists after attempting these solutions, please contact customer support.
