Kyglaring Vertical Display Stand Instruction Manual

For Lego Ultimate Millennium Falcon 75192 (Model bks-75192)

INTRODUCTION

This instruction manual provides detailed guidance for assembling and utilizing your Kyglaring Vertical Display Stand, specifically designed for the Lego Ultimate Millennium Falcon 75192 model. This stand allows for a vertical display of your model, optimizing space and enhancing presentation.

SAFETY INFORMATION

No specific safety warnings are applicable to this product. Please ensure all small parts are kept away from young children to prevent choking hazards.

PACKAGE CONTENTS

Before beginning assembly, verify that all components are present:

- 409 Building Blocks (for the vertical stand structure)
- 3 Black Acrylic Bases (for minifigures and nameplates)
- Colorful Installation Instructions

Note: The Lego Ultimate Millennium Falcon 75192 model and minifigures are not included with this display stand.

ASSEMBLY INSTRUCTIONS

Follow the included colorful installation instructions carefully. The assembly process involves connecting 409 building blocks to form the vertical stand structure.

1. **Preparation:** Unpack all components and organize the building blocks. It is recommended to separate similar pieces by size to facilitate assembly.
2. **Construct the Main Stand:** Follow the step-by-step diagrams in the instruction manual to build the two vertical support structures and their connecting base. Pay close attention to the placement of the five short red rods, which are crucial for securing the model.
3. **Attach Acrylic Bases:** The three black acrylic bases are designed for displaying Lego minifigures and nameplates. These can be attached to the front of the stand or placed separately. Ensure to remove any protective film from the acrylic pieces.

OPERATING INSTRUCTIONS (MOUNTING THE MODEL)

Once the display stand is fully assembled, carefully mount your Lego Ultimate Millennium Falcon 75192 model:

1. **Prepare the Model:** It is necessary to remove four of the landing gear pieces from your Millennium Falcon model before mounting it on the stand.
2. **Positioning:** Carefully remove any loose top panels from your Millennium Falcon. Stand the model on its side, resting on the port side docking port.
3. **Attachment:** Align the model with the stand. Snap the top two pins of the stand into corresponding points on the model. Once these are secured, the stand can bear some weight, allowing you to push the remaining three pins into place. The five short red rods on the stand are designed to firmly hold the model.
4. **Final Adjustment:** Ensure the model is securely seated on all five red rods and is stable before leaving it unattended.

MAINTENANCE

To maintain the appearance and stability of your display stand:

- **Cleaning:** Wipe the stand and acrylic bases with a soft, dry cloth. Avoid abrasive cleaners or solvents that may damage the plastic or acrylic.
- **Inspection:** Periodically check all connections to ensure they remain secure, especially if the stand is moved.

TROUBLESHOOTING

- **Difficulty with Assembly:** If instructions are unclear, review the diagrams carefully and count peg holes to ensure correct piece placement. Online resources or community forums may offer additional visual guides.
- **Missing Pieces:** In the event of missing crucial components, please contact Kyglaring customer service for assistance.
- **Model Not Fitting Securely:** Ensure all five red rods are correctly aligned and inserted into the

Millennium Falcon model. Verify that the four landing gear pieces have been removed from the model. If issues persist, re-examine the stand's assembly for any misaligned parts.

SPECIFICATIONS

Feature	Detail
Brand	Kyglaring
Model Name	bks-75192
Compatibility	Lego Ultimate Millennium Falcon 75192
Number of Pieces	409
Material	High-hardness Plastic, Acrylic
Assembled Dimensions (L x W x H)	Approximately 11 x 8.5 x 14.8 inches (27.9 x 21.6 x 37.6 cm)
