# MixcMax Under Bed Storage Bins with Lids (2-Pack) Instruction Manual

Model: B0CLD1RQZT

## 1. INTRODUCTION

Thank you for choosing the MixcMax Under Bed Storage Bins. This manual provides essential information for the proper assembly, operation, and maintenance of your new storage solution. These bins are designed to maximize space utilization under your bed, sofa, or wardrobe, offering a dust-free and organized environment for your belongings.

Each bin features a sturdy metal frame, Oxford cloth lid for protection against dust and pests, 360-degree rotating wheels for easy mobility, and a visual grid to identify contents quickly. With a generous capacity and robust construction, these storage bins are built for long-term use.

## 2. SAFETY INFORMATION

- Do not exceed the maximum weight capacity of 80 lbs (approximately 36 kg) per bin to prevent damage or injury.
- Ensure all components are securely assembled before placing items into the bins or moving them.
- Keep small parts away from children during assembly to avoid choking hazards.
- Avoid placing sharp objects directly against the Oxford cloth to prevent tearing.

## 3. PACKAGE CONTENTS

Verify that all components are present before beginning assembly:

- 2 x Metal Frame Assemblies (consisting of various metal tubes)
- 8 x Wheels (4 per bin)

- 2 x Oxford Cloth Lids with Velcro Fasteners
- Necessary Screws and Wrench for Assembly
- Instruction Manual

## 4. SETUP AND ASSEMBLY

Assembly is designed to be quick and straightforward, typically taking around 5 minutes per bin. Follow these steps:

### 1. Step 1: Assemble Wheels and Tubes

Attach the four wheels to the designated corners of the metal frame. Connect the six main metal tubes to form the rectangular base of the bin.

### 2. Step 2: Assemble Bottom Tubes

Secure the two bottom support tubes across the width of the frame.

### 3. Step 3: Place Dust Cover and Assemble Remaining Tubes

Place the Oxford cloth dust cover onto the metal frame. Assemble the remaining two tubes at the bottom, ensuring the Velcro is facing outward for proper lid closure.

### 4. Step 4: Finalize Assembly

Insert the remaining two tubes into the channels of the dust cover and push them up to the top. Tighten all screws using the provided wrench to ensure stability.

## 5. OPERATING INSTRUCTIONS

### 5.1 Filling the Bins

Open the Oxford cloth lid by detaching the Velcro fasteners. Place items such as clothes, blankets, shoes, books, or toys inside the bin. The visual grid allows for easy identification of contents without fully opening the lid.

## 6. MAINTENANCE

- **Cleaning:** Wipe the metal frame with a damp cloth and mild detergent if necessary. The Oxford cloth lid can be spot cleaned. Do not machine wash or tumble dry the fabric components.
- **Inspection:** Periodically check all screws and connections to ensure they remain tight and secure.
- **Storage:** If not in use, the bins can be quickly disassembled to save space. Store components in a dry place.

## 7. TROUBLESHOOTING

- **Wheels not rolling smoothly:** Check for any debris or hair caught in the wheels. Ensure the wheels are properly installed and tightened.
- **Lid not closing securely:** Verify that the Velcro strips on the lid and frame are aligned and free from obstructions.
- **Bin feels unstable:** Re-check all metal tube connections and ensure all screws are fully tightened according

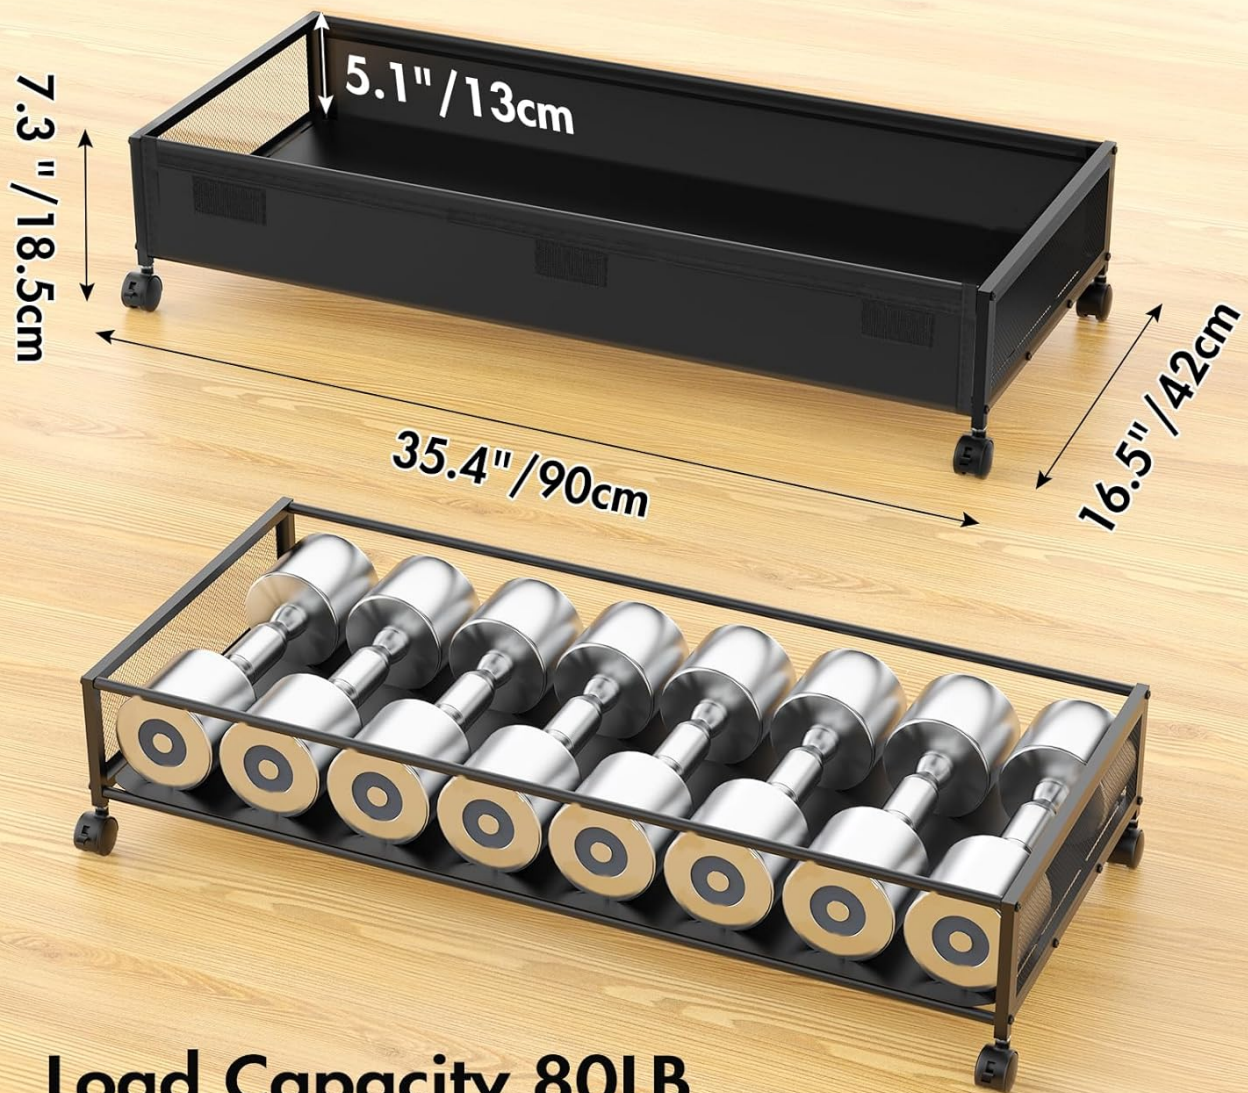

to the assembly instructions.
