2. SAFETY INFORMATION

Please observe the following safety precautions to prevent injury or damage to the product:

- **Read all instructions:** Ensure you understand all assembly steps and safety warnings before proceeding.
- **Two-person assembly recommended:** Due to the size and weight of components, assembly by two adults is advised.
- **Use appropriate tools:** Only use the tools specified in the assembly instructions.
- **Secure the cabinet:** Always use the provided anti-tip hardware to secure the cabinet to a wall, preventing accidental tipping.
- **Weight limits:** Do not exceed the maximum weight capacity for shelves or the tabletop. Refer to the specifications section for details.
- **Electrical safety:** Ensure the LED light power adapter is connected to a suitable power outlet. Do not expose electrical components to water.

- **Keep small parts away from children:** Small hardware components can be a choking hazard.

3. PACKAGE CONTENTS

Verify that all components are present before beginning assembly. If any parts are missing or damaged, contact customer support.

- Wine Bar Cabinet components (various panels, shelves, metal frames)
- Hardware kit (screws, bolts, cam locks, dowels, etc.)
- LED light strip with power adapter and remote control
- Anti-tip hardware
- Assembly instructions manual

4. SETUP & ASSEMBLY

Assembly typically requires 2-3 hours with two people. Follow the included step-by-step diagrams carefully. Do not overtighten screws.

4.1. Preparation

1. Clear a spacious, clean, and level area for assembly.
2. Unpack all components and lay them out, identifying each part by its label.
3. Gather necessary tools: Phillips head screwdriver, hammer, and the included Allen wrench.

4.2. Assembly Steps (General Overview)

Refer to the detailed diagrams in your included instruction manual for specific part identification and orientation.

1. **Assemble the Base Frame:** Connect the bottom panels and side frames using the provided hardware.
2. **Install Side Panels and Back Panels:** Attach the mesh side panels and the central back panel to the base structure.
3. **Construct Internal Compartments:** Insert fixed shelves and the wine rack frame into their designated slots.
4. **Assemble and Install Drawer:** Put together the drawer components and slide it into its runner.
5. **Attach Top Panel:** Secure the main tabletop and the upper open shelf frame.
6. **Install Doors:** Attach the mesh doors to the cabinet using hinges. Ensure they open and close smoothly.
7. **Install Goblet Holders and Mug Hooks:** Secure the metal racks for wine glasses and coffee mugs under the upper shelf.
8. **Apply LED Light Strip:** Adhere the LED light strip to the designated area, typically under the upper shelf or within the open compartments. Connect the power adapter.
9. **Secure to Wall:** Attach the anti-tip hardware to the back of the cabinet and to a wall stud using appropriate wall anchors.

5. OPERATION

5.1. LED Lighting System

Your Gyfimoie Wine Bar Cabinet features integrated smart LED lights to create ambiance.

- **Power On/Off:** Connect the LED light strip's power adapter to a wall outlet. Use the included remote control or a compatible smartphone app to turn the lights on or off.
- **Color Selection:** The LED system offers 7 main colors. Use the remote or app to cycle through colors or select a specific hue.
- **Display Modes:** Choose from 20 dynamic display modes, such as fading, flashing, or pulsing, to suit your preference.
- **Brightness Adjustment:** Adjust the brightness level using the remote or app.
- **Music Sync & Timing:** Some models may offer music synchronization and timing functions via the smartphone app. Refer to the LED light system's specific instructions for detailed usage.

6. MAINTENANCE

6.1. Cleaning

- Wipe surfaces with a soft, damp cloth.
- Avoid harsh chemicals, abrasive cleaners, or polishes that may damage the finish.
- For spills, wipe immediately with a dry cloth.

6.2. General Care

- Periodically check all screws and connections to ensure they remain tight. Retighten if necessary.
- Avoid placing hot items directly on the surface; use coasters or protective pads.
- Keep the cabinet away from direct sunlight and excessive moisture to prevent warping or discoloration.

7. TROUBLESHOOTING

Problem	Possible Cause	Solution
Difficulty with assembly, holes not aligning	Incorrect orientation of parts; manufacturing variance.	Review the instruction manual diagrams carefully. Ensure parts are oriented correctly. If issues persist, contact customer support. Do not force components.
LED lights not working	Power adapter not connected; remote battery dead; loose connection.	Ensure the power adapter is securely plugged into both the light strip and a working wall outlet. Check remote control battery. Verify all connections are firm.
Cabinet feels unstable	Screws are loose; cabinet not leveled; anti-tip kit not installed.	Tighten all assembly screws. Ensure the cabinet is on a flat, level surface. Install the anti-tip hardware as instructed.
Wine bottles do not sit securely in the rack	Bottles are not standard size; rack installed incorrectly.	Ensure bottles are standard size. Verify the wine rack is installed correctly and securely. If issues persist, consider using the space for other items or adding a liner.
