

Oppo Find X6 Pro 5G

Generic Oppo Find X6 Pro 5G Phone Case User Manual

Model: Oppo Find X6 Pro 5G (PGEM110)

INTRODUCTION

This manual provides instructions for the Generic Protective Phone Wallet Cover designed for the Oppo Find X6 Pro 5G (PGEM110) smartphone. This case offers multi-layer protection, convenient card storage, and magnetic compatibility for enhanced usability.

SETUP: CASE INSTALLATION

Follow these steps to properly install the protective case on your Oppo Find X6 Pro 5G device:

- Prepare Your Device:** Ensure your Oppo Find X6 Pro 5G is clean and free of dust or debris.
- Align the Case:** Gently align the phone with the case, ensuring the camera cutout and port openings match.
- Insert the Phone:** Press the phone firmly into the case, starting from one side and working your way around until it is securely seated.
- Verify Fit:** Check that all edges of the phone are covered by the case and that buttons are accessible and functional.

OPERATING: FEATURES AND USAGE

Card Slot Functionality

The integrated card slot allows you to conveniently carry essential cards without needing a separate wallet. It is designed to securely hold standard-sized cards.

- **Card Insertion:** Slide your card(s) into the designated slot on the back of the case.
- **Capacity:** The slot is designed for a specific number of cards (typically 1-2, depending on card thickness). Avoid overfilling to prevent damage to the case or cards.

Magnetic Car Mount Compatibility

The case features a magnetic design that allows it to be attached to compatible magnetic car mounts. This provides a hands-free solution for navigation or calls while driving.

- **Attachment:** Simply place the back of the phone case onto a magnetic car mount. The integrated magnet will secure the device.
- **Positioning:** Adjust the phone's angle on the mount for optimal viewing.

PROTECTION FEATURES

Anti-Fall and Shockproof Design

The case is constructed from a 3-in-1 material combination (PC+TPU+PU) to provide robust protection against accidental drops and impacts. This multi-layer design absorbs shock and distributes force away from your device.

- **Full Edge Protection:** The case extends to cover all edges, providing comprehensive defense.
- **Material Composition:** Polycarbonate (PC) for rigidity, Thermoplastic Polyurethane (TPU) for flexibility and shock absorption, and Polyurethane (PU) for the outer wallet finish.

ANTI-SEISMIC ANTI-DROP

Protection extends to inside of the case and outer bumper both of which provide shock-absorption

Screen and Camera Protection

The case is designed with raised edges around the screen and camera module to prevent direct contact with flat surfaces, thereby reducing the risk of scratches and damage.

- **Raised Screen Bezel:** The front edge of the case is slightly elevated above the screen.
- **Camera Lens Protection:** The camera cutout features a raised border to protect the lenses.

CARE AND MAINTENANCE

To ensure the longevity and appearance of your phone case, follow these maintenance guidelines:

- **Cleaning:** Wipe the case regularly with a soft, damp cloth. Avoid harsh chemicals or abrasive cleaners, as these can damage the material.
- **Avoid Extreme Conditions:** Do not expose the case to extreme temperatures or direct sunlight for prolonged periods, as this may cause discoloration or material degradation.
- **Card Slot Care:** Periodically remove cards and clean the slot to prevent accumulation of dust or debris.

TROUBLESHOOTING

If you encounter any issues with your phone case, consider the following common solutions:

- **Case Not Fitting Properly:** Ensure your phone model is indeed the Oppo Find X6 Pro 5G (PGEM110). Remove any existing screen protectors or skins that might interfere with the fit.
- **Cards Falling Out:** If cards are loose, ensure you are not using excessively thin cards or that the slot is not stretched. The slot is designed for standard credit card thickness.
- **Magnetic Attachment Weak:** Verify that your car mount is clean and that there are no obstructions between the case and the magnetic surface.

PRODUCT SPECIFICATIONS

| Feature | Detail |
|------------------------|--|
