## 4. SETUP AND INSTALLATION (OIL BOTTLE)

---

This product is a genuine fragrance oil designed for use with DIFFMELY X200 and X2000 diffusers. Follow these steps to install the oil bottle into your compatible diffuser:

1. Ensure your DIFFMELY diffuser is powered off and unplugged.
2. Open the diffuser's oil compartment. Refer to your specific diffuser's user manual for exact instructions on accessing this compartment.
3. If an old oil bottle is present, carefully remove it.
4. Unscrew the cap from your new DIFFMELY Napoleon Scent Oil bottle.
5. Insert the new oil bottle directly into the diffuser's designated slot. The design allows for direct replacement without secondary flipping, reducing aroma mixing.
6. Close the diffuser's oil compartment securely.
7. Plug in and power on your diffuser.

For detailed instructions on operating your diffuser, including setting schedules and mist levels, please consult the user manual provided with your DIFFMELY X200 or X2000 diffuser.

## 5. OPERATING INSTRUCTIONS (OIL USAGE)

---

Once the DIFFMELY Napoleon Scent Oil bottle is installed in your compatible diffuser, the diffuser will atomize the oil into a fine mist, evenly distributing the fragrance. The oil is ready for use immediately after installation.

- **Activation:** Power on your compatible DIFFMELY X200 or X2000 diffuser.
- **Scent Intensity:** Adjust the mist level and operating schedule via your diffuser's controls or its associated mobile application (e.g., Scent Master app, if applicable to your diffuser model).
- **Coverage:** This 7 Fl Oz (200ml) oil is designed to effectively scent areas up to 250 square feet.

## 6. MAINTENANCE

---

Proper maintenance ensures the longevity and optimal performance of your diffuser and the fragrance oil:

- **Oil Bottle Cleaning:** Clean the oil bottle every 3 months, or when changing scents, using soapy water. Ensure it is completely dry before refilling or reinserting.
- **Diffuser Cleaning:** Regularly clean the inside of the diffuser and its fan channel as per your diffuser's manual to prevent residue buildup and maintain efficient scent dispersion.

- **Storage:** Store unused oil bottles away from direct sunlight and heat sources.

## 7. TROUBLESHOOTING

---

If you experience issues with scent dispersion, consider the following:

- **No Scent/Weak Scent:**
  - Check the oil level in the bottle.
  - Ensure the oil bottle is correctly installed and sealed within the diffuser.
  - Verify that the diffuser's settings (mist level, schedule) are appropriate for your room size.
  - Clean the diffuser's nozzle and internal components as per its manual.
- **Unusual Odor:**
  - Ensure no other liquids or foreign substances have been introduced into the oil bottle or diffuser.
  - Clean the oil bottle and diffuser thoroughly.

For issues related to the diffuser unit itself (e.g., power, connectivity, mechanical failure), please refer to the specific diffuser's user manual or contact DIFFMELY customer support.
