ANKROYU Wireless Bluetooth Multilingual Translation Earphone User Manual

Model: ANKROYUd683gu7tsr

PRODUCT OVERVIEW

The ANKROYU Wireless Bluetooth Multilingual Translation Earphone is designed for seamless communication across various languages. This portable earphone offers intelligent translation capabilities, making it ideal for learning, travel, business meetings, and more.

It supports inter-translation between multiple languages and features a true wireless Bluetooth connection for stable and fast audio transmission.

Image: The ANKROYU Wireless Bluetooth Multilingual Translation Earphone, shown with its USB charging cable and two sizes of ear tips. The earphone is black and compact, designed for comfortable wear.

Key Features:

- **Multilingual Translation:** Supports translation for up to 16 languages, including popular ones like English, Chinese, Japanese, and more. Simply speak into the earphone for real-time translation.
- **True Wireless Bluetooth Connection:** Optimized Bluetooth 4.2 version ensures stable and fast audio transmission with a range of up to 10 meters.
- **High Fidelity Audio Output:** Equipped with an 8mm moving coil speaker for clear, high-fidelity audio and enhanced bass.
- **Ergonomic and Portable Design:** Mini and compact true wireless design for a stable and comfortable fit, suitable for various activities like driving, running, and travel.
- **Extended Battery Life:** Built-in 90mAh rechargeable lithium battery provides 5-8 hours of continuous music playback and up to 13 hours of talk time.

SETUP GUIDE

1. Charging the Earphone

Before first use, fully charge the earphone. Use the provided USB charging cable.

1. Connect the micro USB end of the charging cable to the earphone's charging port.

2. Connect the USB-A end to a standard USB power adapter (not included) or a computer's USB port.
3. The charging indicator light will illuminate. Charging typically takes approximately 2 hours.
4. Once fully charged, the indicator light will typically turn solid blue or turn off. Disconnect the earphone from the charging cable.

Listen Longer

Built-in **90mAh** rechargeable lithium battery

Playing Time: 5-8h

Talking Time: 4.5h

2. Bluetooth Pairing

To use the earphone, you must pair it with your compatible device (e.g., smartphone, tablet).

1. Ensure the earphone is charged and turned off.
2. Press and hold the multi-function button on the earphone until the indicator light flashes red and blue alternately, indicating pairing mode.
3. On your device, go to Bluetooth settings and turn Bluetooth on.

4. Search for available devices. The earphone should appear as "ANKROYU" or a similar name.
5. Select the earphone from the list to connect. Once connected, the indicator light will typically turn solid blue or flash slowly.
6. The earphone is compatible with iPhone, Android phones, and iOS tablets.

Bluetooth True Wireless Connection

- Optimized Bluetooth 4.1 version
- True Wireless
- 10m Transmission

OPERATING INSTRUCTIONS

Using for Translation

The primary function of this earphone is multilingual translation. You will need a compatible translation application on your paired device to utilize this feature.

1. Ensure the earphone is successfully paired with your smartphone or tablet.
2. Open your preferred multilingual translation application.

3. Configure the input and output languages within the application.
4. Speak clearly into the earphone's microphone. The application will process your speech and translate it into the selected target language, playing the translation through the earphone or your device's speaker.
5. The earphone supports translation for languages such as Chinese, English, Japanese, Korean, Russian, French, Thai, German, Italian, Arabic, Spanish, Danish, Swedish, Finnish, Dutch, Portuguese, and more.

Multiple Languages Translation

Speak to the earphone, it will translate into the voice of the country you want.

Image: Two individuals are shown interacting, with one wearing the ANKROYU earphone, demonstrating its use for multilingual translation. Below, flags of various countries represent the multiple languages supported by the device.

Audio Playback and Calls

Beyond translation, the earphone functions as a standard Bluetooth earphone for music and calls.

- **Music Playback:** Once connected, audio from your device will automatically play through the earphone. Use your device's controls for volume, play/pause, and track skipping.
- **Making/Receiving Calls:** When a call comes in, press the multi-function button once to answer. Press again to end the call. To reject a call, press and hold the multi-function button.

- The 8mm moving coil speaker provides a HiFi audio effect, ensuring clear and detailed sound for both music and conversations.

High Fidelity Audio Output

Allows HiFi audio effect and keeps bass more surging, bring unexpected smooth and clear music to your ears.

8mm moving coil speaker

MAINTENANCE

Proper care will extend the life and performance of your ANKROYU earphone.

- **Cleaning:** Gently wipe the earphone with a soft, dry, lint-free cloth. Do not use harsh chemicals or abrasive materials.
- **Storage:** When not in use, store the earphone in a cool, dry place, away from direct sunlight and extreme temperatures.
- **Avoid Water:** The earphone is not waterproof. Avoid exposure to water, rain, or excessive moisture.
- **Charging:** Only use the provided charging cable or a certified equivalent. Avoid overcharging the battery.

TROUBLESHOOTING

If you encounter issues with your ANKROYU earphone, try the following solutions:

Problem	Possible Cause / Solution
Earphone does not turn on.	Battery might be depleted. Charge the earphone for at least 30 minutes.
Cannot pair with device.	Ensure the earphone is in pairing mode (flashing red and blue). Make sure Bluetooth is enabled on your device. Move the earphone closer to your device (within 10 meters). Forget the device from your phone's Bluetooth list and try pairing again.
No audio or poor audio quality.	Check the volume level on both the earphone and your device. Ensure the earphone is properly connected to your device. Move away from sources of interference (e.g., Wi-Fi routers, other Bluetooth devices). Re-pair the earphone with your device.
Translation not working.	Verify that the earphone is connected to your device. Ensure your translation application is open and correctly configured. Check your internet connection, as most translation apps require it. Speak clearly and at a moderate pace into the microphone.
