To clean the charger, simply wipe it with a damp cloth. Do not use abrasive cleaners or submerge the plug in water.

4. TROUBLESHOOTING

Common Issues and Solutions:

- **Toothbrush not charging:**

- Ensure the charger is securely plugged into a working wall socket.
- Verify that your toothbrush model is listed as compatible with this charger.
- Ensure the toothbrush is correctly seated on the charging base.

- **Charger feels warm:**

- A slight warmth during charging is normal due to inductive technology. If it becomes excessively hot, discontinue use and contact support.

The charger is equipped with multiple protection features to ensure safe operation:
