

Cherry G80-3950LHBUS-2

Cherry KC 200 MX Mechanical Office Keyboard User Manual

Model: G80-3950LHBUS-2

Brand: Cherry

1. INTRODUCTION

This manual provides comprehensive instructions for the Cherry KC 200 MX Mechanical Office Keyboard, model G80-3950LHBUS-2. Please read this manual carefully before using your new keyboard to ensure proper setup, operation, and maintenance. Retain this manual for future reference.

2. PACKAGE CONTENTS

Verify that all items are present in your package:

- Cherry KC 200 MX Mechanical Office Keyboard
- Operating instructions (this manual)

Image 1: The Cherry KC 200 MX Mechanical Office Keyboard, showcasing its full layout and bronze frame.

3. FEATURES

The Cherry KC 200 MX Mechanical Office Keyboard is designed for durability and typing comfort, incorporating advanced features:

- **CHERRY MX2A Switches:** Equipped with new MX2A mechanical switches, manufactured in Germany, featuring Gold-Crosspoint contact precision. These switches offer smoother operation, improved acoustics, and a responsive typing experience.
- **Switch Variants:** Available with CHERRY MX2A Silent Red switches (50 million keystrokes lifespan) for quiet office environments, or CHERRY MX2A Brown switches (100 million keystrokes lifespan) for a tactile typing experience suitable for office or gaming.
- **LED Indicators:** White LED indicators are integrated into the status keys for CAPS Lock, SCROLL Lock, and NUM Lock, providing clear visual feedback.
- **Modern Design:** Features a robust metal plate frame for enhanced stability and a modern aesthetic.

Image 2: A close-up view of the keyboard keys, highlighting the Cherry logo and keycap texture.

4. SETUP

Follow these steps to set up your Cherry KC 200 MX keyboard:

1. **Unpack the Keyboard:** Carefully remove the keyboard and any packaging materials from the box.
2. **Connect to Computer:** Plug the USB-A connector of the keyboard cable into an available USB-A port on your PC.
3. **Driver Installation:** The keyboard is plug-and-play. Your operating system will automatically detect and install the necessary drivers. No additional software installation is typically required.
4. **Adjust Keyboard Feet:** The keyboard features adjustable feet on the underside. Flip them out to adjust the typing angle for ergonomic comfort.

Image 3: The underside of the keyboard, illustrating the adjustable feet for ergonomic positioning.

5. OPERATING INSTRUCTIONS

The Cherry KC 200 MX keyboard operates as a standard full-size keyboard. Here are some key operational aspects:

- **Basic Typing:** Begin typing immediately after connecting the keyboard. The MX2A switches provide a consistent and reliable keystroke.
- **Status Indicators:** Observe the white LEDs above the numeric keypad for the status of CAPS Lock, SCROLL Lock, and NUM Lock. A lit LED indicates the function is active.
- **Switch Feel:** Depending on your specific model, the MX2A Silent Red switches offer a linear, quiet press, ideal for minimizing noise. The MX2A Brown switches provide a tactile bump for feedback without an audible click, suitable for those who prefer a distinct actuation point.

Image 4: A hand positioned over the keyboard, demonstrating typical typing posture.

6. MAINTENANCE

Proper maintenance ensures the longevity and performance of your keyboard:

- **Cleaning:** Use a soft, lint-free cloth slightly dampened with water or a mild cleaning solution to wipe the keycaps and frame. Avoid harsh chemicals or abrasive materials. For debris between keys, use compressed air.
- **Avoid Liquid Spills:** Keep liquids away from the keyboard to prevent damage to internal components. In case of a spill, immediately disconnect the keyboard from the computer and allow it to dry completely before reconnecting.
- **Storage:** When not in use for extended periods, store the keyboard in a clean, dry environment away from extreme temperatures.

7. TROUBLESHOOTING

If you encounter issues with your Cherry KC 200 MX keyboard, refer to the following common solutions:

- **Keyboard Not Responding:**
 - Ensure the USB cable is securely connected to both the keyboard and the computer.
 - Try plugging the keyboard into a different USB port on your computer.
 - Restart your computer.
- **Specific Keys Not Working:**
 - Check for any physical obstructions under the keycap.
 - Clean the area around the affected key with compressed air.
- **LED Indicators Not Functioning:**
 - Verify that the corresponding function (CAPS Lock, NUM Lock, SCROLL Lock) is activated.
 - Ensure the keyboard is properly connected.

If problems persist after attempting these steps, please contact Cherry customer support.

8. SPECIFICATIONS

Feature	Detail
Model Number	G80-3950LHBUS-2
Brand	Cherry
Connectivity Technology	USB-A
Keyboard Description	Mechanical
Special Feature	MX2A Switches
Compatible Devices	PC
Product Dimensions	16.93"L x 4.76"W x 1.54"H (43 x 12.1 x 3.9 cm)
Item Weight	1.83 pounds (0.83 kg)
Material	Metal
Color (as reviewed)	Bronze W/MX2A Silent Red

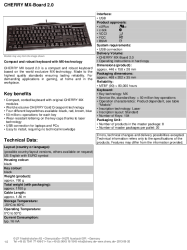

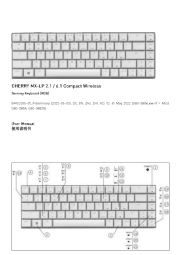

9. WARRANTY INFORMATION

Cherry products are manufactured to high-quality standards. For specific warranty terms and conditions applicable to your region, please refer to the warranty card included with your product or visit the official Cherry website. Keep your proof of purchase for warranty claims.

10. SUPPORT

For further assistance, technical support, or inquiries regarding your Cherry KC 200 MX Mechanical Office Keyboard, please visit the official Cherry support website or contact their customer service department. Contact information can typically be found on the Cherry website or in the product packaging.

Reliable. Minimalistic. Mechanical. The CHERRY MX® is the mechanical keyboard with perfect value for money – for all who require a high quality type and a modern design without unnecessary gimmicks. An analogical metal plate and the minimalist dimensions create a unique clean look.

CHERRY MX technology and Cherry Connect contact switches made in Germany offer unrivalled precision and an incomparable typing experience. Sculpted keycaps furthermore add the pleasant touch-feeling. In combination with the CHERRY MX Red™, the results are best. All comes combined with a quick response time not only makes it a good choice for programmers, creatives and keyboard enthusiasts – it also works great for gaming.

Four additional keys you can't find on most pc give you direct control over volume and brightness. An app-perfect for daily office-use. The CAPS LOCK, SCROLL LOCK and NEMO Lock keys have a status LED directly built-in to show when they're active. The 4-keys were added with no secondary function, so you can customize your own shortcuts, macros and more with the CHERRY Keyboards software. It's available free of charge at [www.cherry.de/keys](#). With CHERRY KEYS you can configure your keyboard to perfectly
