6. MAINTENANCE AND CARE

To ensure the longevity and appearance of your Vicco Henri bathroom furniture, follow these care instructions:

- **Cleaning:** Wipe surfaces with a soft, damp cloth. Use mild soap if necessary. Avoid abrasive cleaners, solvents, or harsh chemicals, as these can damage the finish.
- **Spills:** Immediately wipe up any water or liquid spills to prevent moisture damage, especially on particle board components.
- **Mirror Care:** Clean the mirror with a glass cleaner and a lint-free cloth.
- **Humidity:** While designed for bathroom environments, excessive humidity should be avoided. Ensure proper ventilation in your bathroom.
- **Fittings:** Periodically check all screws and fittings and tighten them if they have loosened over time.

7. TROUBLESHOOTING

Problem	Possible Cause	Solution
Furniture feels wobbly after assembly.	Screws are not fully tightened; uneven floor/wall.	Check and tighten all screws. Ensure the furniture is on a level surface or use shims if necessary. For wall-mounted units, verify secure wall attachment.
Drawer does not slide smoothly.	Drawer slides are misaligned or damaged; obstruction in the track.	Remove the drawer and check the alignment of the slides on both the drawer and the cabinet. Ensure no debris is in the tracks. Lubricate slides if needed.
Wall-mounted unit is not level.	Incorrect marking or drilling during installation.	Carefully detach the unit, re-measure and re-mark drilling points using a spirit level, then re-install.
Surface damage (scratches, water marks).	Impact, abrasive cleaning, prolonged moisture exposure.	Minor scratches may be touched up with furniture repair pens. For water marks, ensure immediate wiping of spills in the future. Severe damage may require professional repair or part replacement.
