## SOVMIKU SFWS318

# SOVMIKU 6MP PTZ Dual Lens Security Camera Outdoor

Model: SFWS318 (TZ-HB315)

## Introduction

This manual provides comprehensive instructions for the installation, operation, and maintenance of your SOVMIKU 6MP PTZ Dual Lens Security Camera. Designed for outdoor use, this camera offers advanced surveillance features including dual-lens monitoring, 360° pan/tilt capabilities, auto-tracking, human detection, and versatile recording options to enhance your property's security.

## Key Features

- **Powered & Connectivity:** Wired power supply, supports 2.4G home WiFi (not 5G) and Ethernet connectivity.
- **Dual-Lens Linkage:** Provides comprehensive coverage, eliminating blind spots by linking fixed and rotating lenses.
- **2K Night Vision:** Clearly identifies individuals in low-light conditions with full-color or infrared modes.
- **360° View & Auto Tracking:** Pan & Tilt functionality with automatic tracking to follow suspicious movement.
- **24/7 Recording:** Continuous recording of all important moments, accessible anytime.
- **SD Card & Cloud Storage:** Supports SD card storage (up to 512G, not included) with no monthly fee; optional cloud storage incurs extra fee.
- **Two-Way Talk & Siren Alarm:** Remote real-time communication and ability to scare off intruders with siren and white light alarm.

## Product Overview

The SOVMIKU 6MP PTZ Dual Lens Security Camera, featuring a robust white casing and dual antennas for enhanced signal reception.

Illustration of the dual-lens system, showing a fixed wide-angle 'bullet' screen and a rotating 'dome' screen for comprehensive monitoring.

The camera offers a 360° view with 355° pan and 90° tilt capabilities, ensuring no blind spots in monitoring.

## Full-Color Night Vision

Full-color night vision ensures visibility in low-light conditions, providing essential details when it's most needed

The camera is built to withstand various weather conditions, ensuring reliable outdoor monitoring year-round.

## Setup Guide

## 1. Unboxing and Component Check

Carefully unbox your SOVMIKU security camera and verify all components are present. The package typically includes the PTZ camera, power adapter, mounting screws, and a user manual.

Official SOVMIKU video demonstrating the unboxing and initial setup of the dual lens security camera.

## 2. Powering On and Initial Configuration

Connect the camera to the provided 12V 1A power adapter. The camera will initiate a self-test sequence. Insert a Class 10 Micro SD card (up to 512GB, not included) into the designated slot for local storage.

## 3. App Download and Pairing
