Voerou VOEB01

Voerou Sleep Headphones Wireless Bluetooth Headband - Instruction Manual

Model: VOEB01

PRODUCT OVERVIEW

The Voerou Sleep Headphones are a versatile 3-in-1 device designed for comfort and convenience. They function as sleep headphones, a sports Bluetooth headband, and a sleep mask. Crafted from highly elastic and breathable materials, this headband ensures a secure and comfortable fit for various activities including sleeping, exercising, working out, traveling, yoga, and meditation. It features advanced Bluetooth 5.2 technology and 40mm composite drivers for immersive audio, along with a built-in ultra-thin microphone for hands-free calls.

SETUP GUIDE

1. Charging the Device

Before first use, fully charge the Voerou Sleep Headphones. The device is equipped with a rechargeable lithium battery. A full charge typically takes 1 to 2 hours and provides up to 10 hours of playtime.

- Connect the charging cable to the charging port on the control panel.
- Plug the other end of the cable into a USB power source (e.g., computer, wall adapter).
- The indicator light will show charging status (refer to LED indicator section for details).

Advanced Battery

Powerful Upgraded Battery & Fast Charging

8–10h Play Time	1–2h Charge Time

2. Bluetooth Pairing

The Voerou Sleep Headphones utilize Bluetooth 5.2 for a stable and seamless connection to your devices.

1. Ensure the headband is charged.
2. Press and hold the Play/Pause button on the control panel until the indicator light flashes, indicating pairing mode.
3. On your smartphone, tablet, or other Bluetooth-enabled device, go to Bluetooth settings.

4. Search for "BT-DLAB" (or similar device name) in the list of available devices.
5. Select the device to connect. Once connected, the indicator light will change (refer to LED indicator section for details) and a voice prompt may confirm the connection.

3. Adjusting the Fit

The headband features an adjustable strap to ensure a comfortable and secure fit for most head sizes. Adjust the strap at the back of the headband to achieve the desired snugness. The soft, stretchy fabric is designed for extended wear.

Super Stretchable Headband Fits Most

Integrated Microphone

The built-in ultra-thin microphone allows for hands-free phone calls. When a call comes in, you can answer or end it using the control panel (refer to specific button functions if available, otherwise assume Play/Pause button).

MAINTENANCE AND CARE

Washing Instructions

The fabric headband is washable, ensuring hygiene and longevity. It is crucial to remove the electronic components before washing.

1. Locate the control panel and speakers within the headband.
2. Gently push the control panel and speakers out of their pockets.
3. Carefully pull the speakers and control panel out from the separated stitching of the headband.
4. Once all electronic components are removed, the fabric headband can be washed by hand or machine.
5. Allow the headband to air dry completely before reinserting the electronic components.

TROUBLESHOOTING

If you encounter any issues with your Voerou Sleep Headphones, please refer to the following common solutions:

- **No Power:** Ensure the device is fully charged. Connect it to a power source and allow it to charge for 1-2 hours.
- **Cannot Pair Bluetooth:**
 - Make sure the headband is in pairing mode (flashing indicator light).
 - Ensure Bluetooth is enabled on your device.
 - Move the headband closer to your device (within 10 meters).
 - Forget the device from your phone's Bluetooth settings and try pairing again.
 - Restart both the headband and your Bluetooth device.
- **No Sound or Low Volume:**
 - Check the volume level on both the headband and your connected device.
 - Ensure the headband is properly connected via Bluetooth.
 - Verify that the audio source is playing.
- **Intermittent Connection:**

- Ensure there are no obstacles between the headband and your device.
- Move away from other wireless devices that might cause interference.
- Re-pair the device.
